

Gentlemen:

It is my pleasure to introduce a unique concept in communication. An "audible" magazine formatted for the Radio Shack TRS-80, written in Level I and Level II basic.

"Level One" Magazine is a mailed monthly audio cassette based on 25 recurring category articles, maintaining a general concept of education thru entertainment. "Level One" applies all facets of programming techniques using TRS-80's graphic capabilities and programming structures.

Every issue contains a minimum of 40,000 bytes of programming packed into 4 separate sections and can be easily loaded into any 16K Level I or Level II TRS-80.

"Level One" Magazine is sold on a yearly and semi-yearly subscription, \$40.00 and \$22.00 respectively. An introductory issue for interested future subscribers is \$3.00, an investment well worth your time and money.

For further information write to:

Level I Magazine

Thank You,

John Peterson
MAR/DIR

" L E V E L O N E " M A G A Z I N E
A new "audible" magazine written for the TRS-80

Each cassette can be used with Level I or Level II basic. Side one contains the Level I version, side two contains the Level II version.

Each month the magazine follows 25 recurring article themes ranging from informative to educational thru just plain entertaining

The following list states article title with a brief description.

AS WE SEE IT: Editorial column concerning TRS-80
hardware and software

PLAYBACK: Reader comments, suggestions and questions

NEW NEWS: TRS-80 present and future product
information

CHALKBOARD: Graphic uses and display

TRIVIA-TRIVIA: Trivia quiz with monthly categories

WHATZAT: Graphic guessing game

WORD POWER: Grammar quiz using the English language

BRAIN TEASERS: Five short and unique puzzles

VIP ANALYSIS: Analizes the different facets of
your personality

FUN AND GAMES: Game simulation of you against the
computer

SPORTS: Dealing with your personal improvement

DID OR DO YOU KNOW: Interesting facts and a
matching quiz

SHERLOCKS' CASE: Logically solve a mystery using
given clues

BASICALLY BASIC: Program tips, shortcuts, problems,
ect. using TRS-80

SHOW CASE: Involving reader-submitted programs

DOUBLE THINK: Programs with a practical purpose

COMMERCIAL ADS: People and products recognition
column

ALPHANETRICLY: A hybred of mathematics and words

QUICK DRAW: A graphic fill-in-the-picture game

MORE FUN AND GAMES: Game simulation (1 or 2 players)

"LEVEL ONE" MAGAZINE (continued)

CRISSCROSS: Solve a word maze mystery

ALL THE SAME: Game quiz based on things in common

IN THE FIELD: Reports of what's happening around

TRS-80 country

WEBSTERS' BIT: The game of mastermind using words

ANYTHING ELSE: Anything and everything

25 articles packed into four sections makes loading quick and simple.

We feel that "Level One" in its entirety has something for everyone, uses in education, group and individual participation.

And yet there is more, periodically included with your monthly issue will be a flyer giving you up-to-date news, how-to-do-it tips and special step by step instructions or product information on good or bad buys.

It is our intention to make "Level One" Magazine the biggest and the best communication vehicle while keeping cost factors low. "Level One" encourages any comments, suggestions and program submission. Further "Level One" supports all newsletters, clubs, users groups or organizations which add to the further development of TRS-80 hardware and software. If you belong to or know of any worthy organizations send proper information with your name address and phone number.

All program submission will be evaluated on program content and originality, for financial remuneration (except for showcase articles). Please send all programs on labeled cassette, double recorded with verbal instruction on opposite side.

ATTENTION TRS-80 OWNERS

PRESENTING 'LEVEL I MAGAZINE'

A new and exciting concept in computer communication

LEVEL I is an 'audible' magazine, delivered monthly on an audio cassette, right to your front door. But.....that's just the beginning!

Every issue is prepared in level I and level II basic. Each issue contains a minimum of 40K in program material....informative, educational and just plain fun.

Level I consists of a wide range of monthly articles: new products, programming aids, sports instruction, educational tools, game programs, graphic displays and much more!

If you enjoy any of the following:

- Solving mysteries, riddles and puzzles
- Learning about the TRS-80 inside and out
- Playing games against the computer
- Learning while being entertained
- Seeing different graphic displays and games
- Trivia quizzes
- Learning more about your personality

Then you'll enjoy LEVEL I.

LEVEL I is sold on an annual or semi-annual basis. A 6 month subscription is \$22; a one year subscription is \$40. The single issue price is normally \$4, but since we feel you should at least be able to see something before you purchase it, and to introduce you to a new and exciting concept, our premiere issue is only \$3.....probably the best software deal you'll ever find! For those of you who are convinced, an annual subscription right now brings the premiere edition to you free.....a great value!

And....for those of you who are not quite convinced yet....for further information, write to:

LEVEL I MAGAZINE
P. O. BOX 8316
ANAHEIM, CA 92802

Due to program length (40K minimum), the magazine is broken down into 16K load lengths. If you presently own a 4K Level I/II, please write for further detailed information.
