# Model III Computer DUST COVER

• Custom Fit • Durable Vinyl • Reinforced Stitched Seams

Measurements (shown in inches) are  
for reference only and will vary slightly

## Dust Covers — A Good Investment!

Thank you for selecting this quality, custom-designed Radio Shack dust cover.

Your dust cover will protect the appearance of your equipment by keeping dust and dirt from building up on vital internal components. And by keeping your equipment "looking like new," your dust cover will protect your valuable investment!

### Your Dust Cover has the Following Features:

- **Precise fit** — Each cover is custom designed and hand cut to precisely fit a specific model.
- **Attractive appearance** — The cover is made of high-quality, flexible vinyl and does not hide the attractive appearance of your equipment.
- **Quality construction** — All seams and edges are machine-stitched, giving your dust cover added strength and longer life. A "cut out" is included at the rear of each cover to allow for routing of power and control cables.

### Care of Your Dust Cover

Your Radio Shack dust cover is designed for long life. For best results:

- **Avoid heat** — Never put your dust cover on equipment that is currently in operation. Heat can be trapped under the cover and cause damage to your equipment as well as to the cover. Wait several minutes after turning your equipment off before replacing the cover.
- **Keep clean** — Most spots can be removed with a solution of three parts water and one part cleanser. Scrub the spot lightly with a sponge moistened in the solution and rinse thoroughly. Wipe dry before using. Grease and cigarette smoke build-up can be removed by washing in dish detergent.
- **Prevent wrinkles** — To avoid wrinkles, fold your cover when it is not in use so the front surface is always flat.
- **Safety** — Be sure to keep the cover away from children.

### Radio Shack Limited Warranty

This equipment is warranted against defects for 90 days from date of purchase. Within this period, we will repair it without charge for parts and labor. Simply *bring your sales slip* as proof of purchase date to any Radio Shack store. Warranty does not cover transportation costs. Nor does it cover equipment subjected to misuse or accidental damage.

*We Service What We Sell*
