WARRANTY

All products sold by Logical Systems Incorporated, hereinafter referred to as LSI, grant the user certain customer support privileges. This support shall be limited to the privilege of having the master diskette updated as often as desired for the current update fee. This is limited to updates within the current Series of the program. LSI will also provide a lifetime warranty on the physical diskette media of the original serialized master diskette. If the diskette media physically fails to retain the original program, replacement media will be provided at no charge. This does not include media that has been damaged in shipment from the user to LSI, or media that has been damaged by the user or their equipment. To receive this support, the user MUST fill out and return a specific registration card pertaining to the product, within 30 days of purchase. Should a user find a valid error in the program and clearly define it in writing to LSI, every effort will be made to correct the error. All support shall apply only to registered owners.

Logical Systems Incorporated and its associates assume no liability whatsoever, with regard to the reliability and/or fitness of their products. All data entrusted to these programs and the computer that it is operating on are the sole responsibility of the user. Under no circumstances will LSI or its associates be held liable for the loss of TIME, DATA, PROGRAMS or for any consequential damages incurred by the user.

This warranty and support information refers to products in this catalog designated as being manufactured by LSI including the LDOS operating system.
