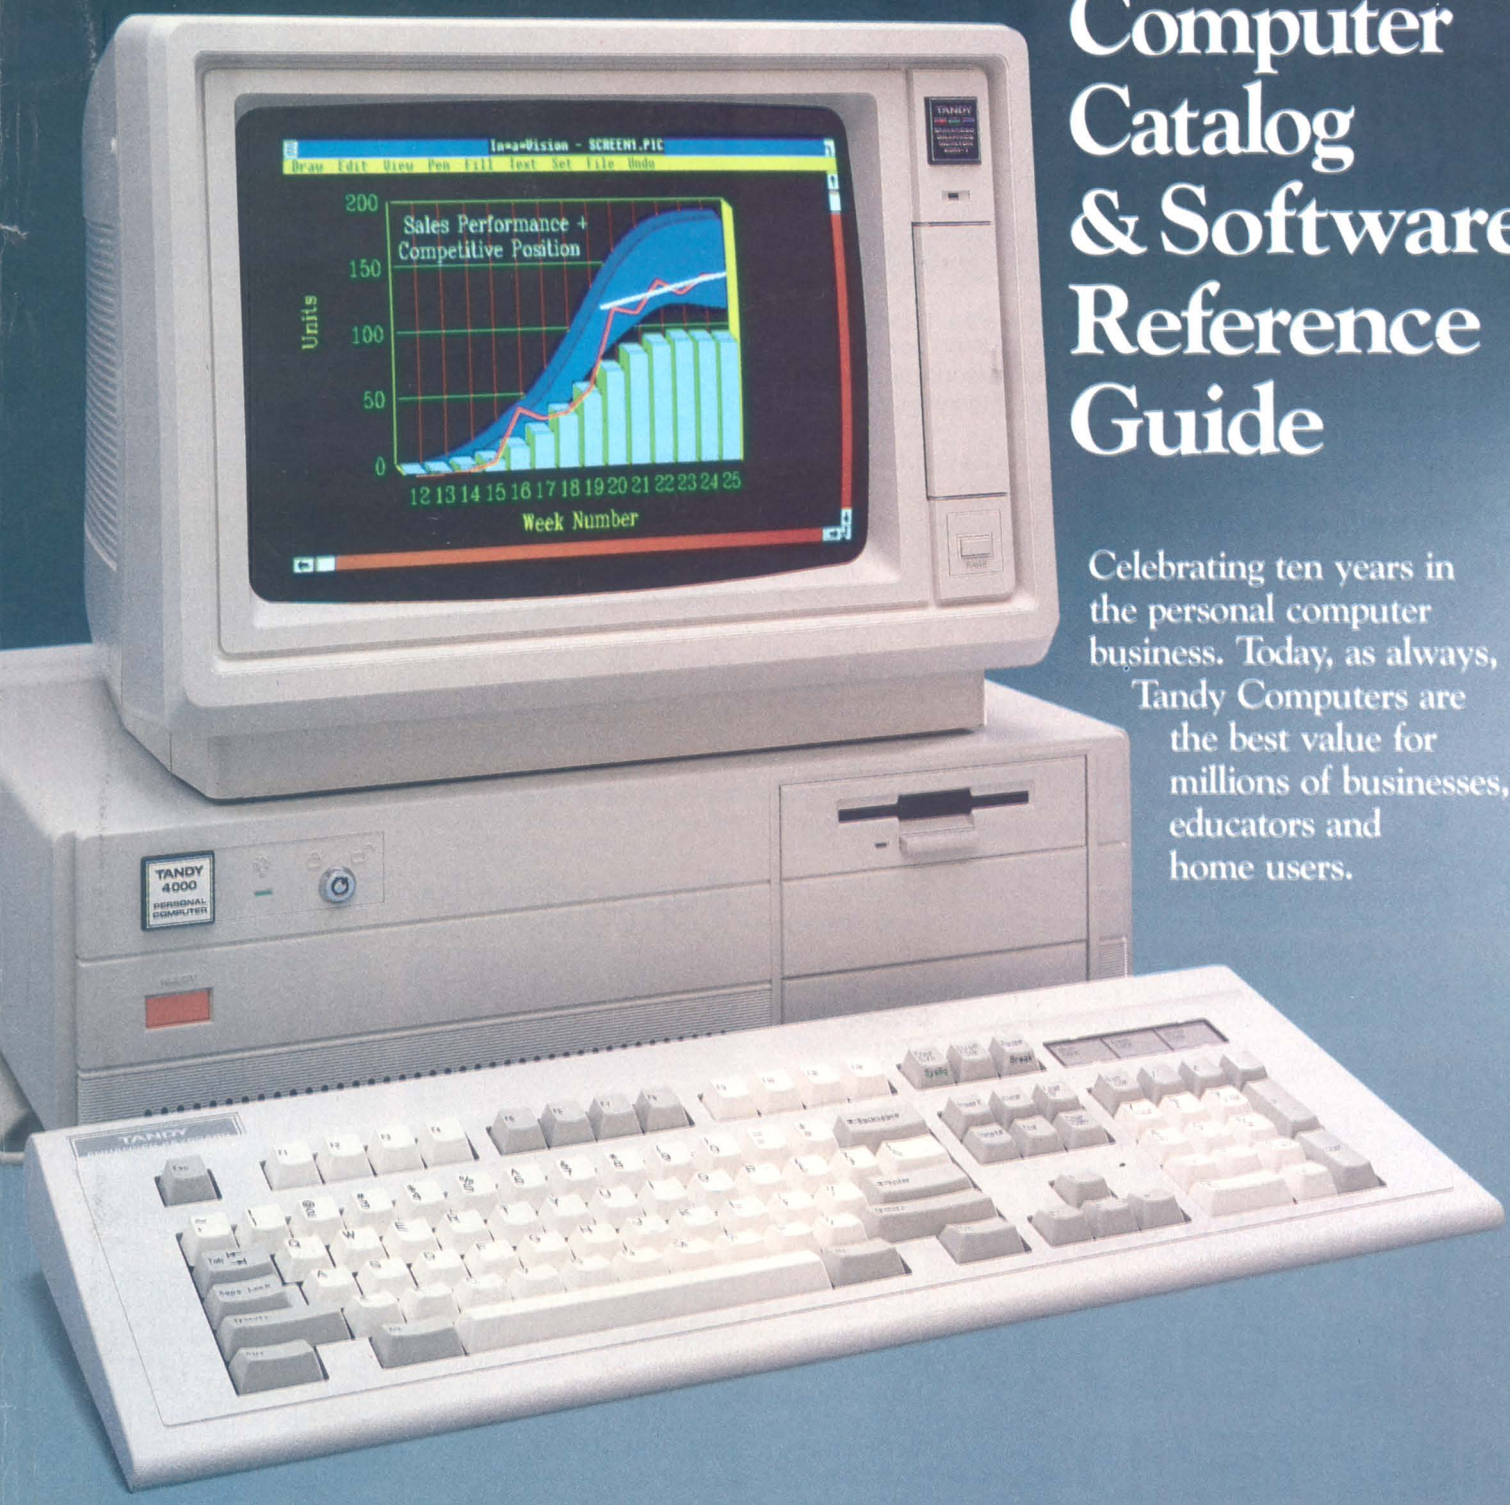
1988 Tandy® Computer Catalog & Software Reference Guide

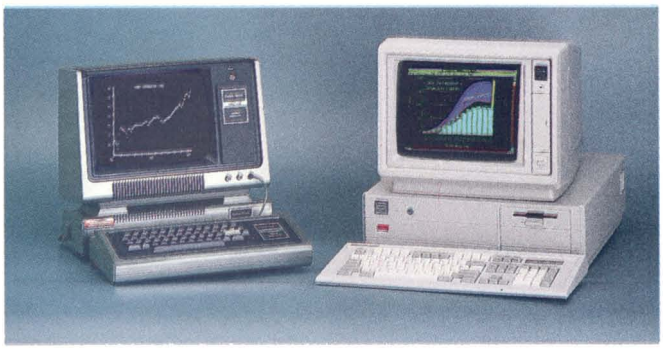


Celebrating ten years in the personal computer business. Today, as always, Tandy Computers are the best value for millions of businesses, educators and home users.

The new Tandy 4000 unleashes the incredible power of the 80386 microprocessor, for minicomputer performance in a desktop personal computer.

Radio Shack®
COMPUTER CENTERS
A DIVISION OF TANDY CORPORATION

TANDY® COMPUTERS:



Ten years ago, Radio Shack led the way in personal computing with our breakthrough TRS-80 computer. As we enter our second decade in the personal computer business, Radio Shack is again leading the way, with the best-selling brand of PC compatibles in America. The secret to our success is simple: we offer a combination of benefits no other company can match.

Quality. Reliable performance is our design objective. Our engineering team takes pride in the exceptional quality they can produce utilizing our proprietary test equipment. The result: a 33,000-hour mean time between failure.

Compatibility. Our MS-DOS® based computers are the best-selling PC compatibles in America. Tandy 386 and 286-based business systems are OS/2™ ready as well.

Technology. Innovative design, custom circuitry and distinguishing features make our computers more than just clones. Plus, every Tandy desktop computer is designed and built in our own USA manufacturing plants.

Connectivity. Tandy PC compatibles can be linked into a workgroup for communications with other PCs and mainframe computers alike.

Longevity. Technology has been our business for sixty-seven years. In 1977, we became the first company to successfully manufacture and market a personal computer—nobody's been in business longer.

Join the millions who have made Radio Shack what it is today: The world's largest computer retailer.

Manufactured by Tandy

When you buy a Tandy computer from Radio Shack, you're not just buying a computer, you're buying a computer company. We invest heavily in product development so that our line is constantly updated with new technology. By staying a step ahead, we keep quality high, and costs down.

Serviced by Radio Shack

In today's office, the microcomputer is as indispensable as the telephone. Radio Shack understands this and offers service responsiveness previously available only on mainframe computers, yet at a fraction of the cost.

Nationwide Service. Our 154 company-owned Radio Shack Computer Service Centers assure convenient service nationwide. Service is performed by employees of the same company that manufactured and sold you your computer. We we strive to get your system "up and running" as quickly as possible.

On-Site and Carry-In Service. In most market areas, service is available at your place of business, as well as ours. At our Business Products Service Centers, you can bring in your computer for routine service performed while you wait.

Affordable Service Contracts. For protection against unexpected repair costs, add one of our service contracts to your computer. Carry-in and on-site service contracts let you create a truly versatile service program to suit your specific needs. In effect, these plans extend the limited warranty of your computer on parts and labor.

Supported by Radio Shack

Our customer support organization ensures that you receive maximum benefit from your computer investment. Our nationwide team of support experts (over 500 of them!) provide you with the most comprehensive range of support services in the industry.

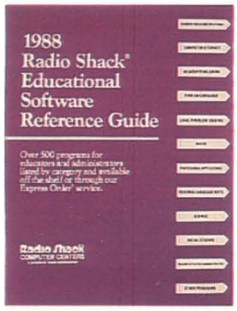
Support services. We offer system installation, training and support at your site, telephone support, system administrator services, and custom application design. You get help when and where you need it for improved business efficiency. Visit your local Radio Shack Computer Center and ask for details or pick up a copy of our Computer Training and Support brochure.

Training. Our training programs are unequaled in the industry. Letting us teach you about your computer system shortens and smoothes that period of "becoming compatible with each other". In addition, on-site computer instruction with training tailored to your specific needs is available from our Customer Training and Support Centers located in 60 major market areas.

A Decade of Excellence

Customer Services Available from Radio Shack

Express Order Services. Software is the key that unlocks the power of your computer. We support you with "off the shelf" software, plus many other top name packages. Our exclusive Express Order Software service brings you software that's performance proven, and professionally supported by each software manufacturer. Special expansion boards and other hardware enhancements are also available through our Express Order Hardware Service. Express Order items can be ordered at any Radio Shack Computer Center, store or participating dealer. Orders are transmitted electronically and shipped the next business day for super-fast service.



Software for Education. We offer one of the most comprehensive libraries of educational software available anywhere in our RSC-19E Educational Software Reference Guide. Radio Shack offers software that teachers most often request when integrating computers into their curriculum or providing for administrative solutions. In essence, we provide a choice for educators to select what best meets the needs of their instructional and administrative objectives.

Tandy Computer Leasing. We offer a 37-month true lease on computer systems. There is a 30-day trial period in which to evaluate your computer system on the job. Software, installation, training, taxes and some other normally "non-financeable" costs can be included in the lease, too. And, at lease expiration, you have the option to acquire the equipment at Fair Market Value, or to return the equipment without additional cost.

Radio Shack
The Technology Store™

Convenient Credit. Radio Shack Computer Centers offer a variety of credit options for both individuals and businesses. We honor major credit cards, including American Express, Carte Blanche, Diners Club, Discover, MasterCard and Visa. A consumer revolving credit program is also available from Radio Shack. Your application for revolving credit may be approved in a matter of minutes. You may budget your purchases with monthly payments, or pay your balance in full at any time and avoid finance charges for the current billing cycle. Actual payments may vary depending upon your purchases. In addition, 30-day term invoicing is available for qualified commercial and institutional organizations. Full details are available at your nearby Radio Shack Computer Center.

80386 POWER IS HERE: TANDY 4000

Tandy 4000 with 1.4-Meg Floppy Drive

NEW FOR 88

2599.00

Monitor and display adapter not included

Lease for Only $95 Per Month†

- **A Price Breakthrough in 80386-Based Technology**
- **16 MHz Clock Speed and 32-Bit Data Path Provide Minicomputer Performance in a PC**
- **Races Through Today's Software, Ready for the Next Generation in Software**
- **3½" Disk Drive Stores 1.4 Million Characters Per Disk**

Put a Tandy 4000 on your desk and unleash the raw power of the 80386 microprocessor. The 4000 is so cost effective you can actually configure a 386 system for less than you'd pay for a competitor's 286 model. And when used with the XENIX operating system, your Tandy 4000 can become the heart of a multiuser office system.

The 80386 is a 32-bit microprocessor operating at a blinding 16MHz clock speed. Ordinary PCs operate at 4.77 MHz with an 8-bit data path, so you can imagine the improvement in performance. Indeed, when tested with the Norton Computing Index, a well-known performance standard, the Tandy 4000 hit an index exceeding "17". To put that in perspective, an IBM PC XT™ registers an index of "1.0". In fact, the 4000 is so far ahead of what you expect in a personal computer, perhaps it's best to describe its performance in mainframe terminology. Because of their vast power, mainframe and minicomputers are rated by how many millions of instructions that can be processed in one second (MIPS). The Tandy 4000's 80386 microprocessor can sustain a performance of almost 3 MIPS—that's like having a minicomputer on your desk! For comparison's sake, an 8 MHz AT® sustains about 1 MIPS.

The 80386 microprocessor can function in four modes. In the real mode, it runs PC and AT software with 16 MHz clock speed. This software will come alive with incredible new speed. The virtual mode will allow multitasking between applications when used with appropriate software. Protected and native modes will deliver the full potential of the 80386 processor when new operating systems such as OS/2 become available.

The Tandy 4000 features a 1.4MB 3½" disk drive, with room for two more internal drives—either 3½", 5¼", hard disk or disk cartridge. There's a real-time clock, enhanced keyboard and keylock, plus a socket for an 80287 math co-processor. One megabyte of memory is standard, and you can expand with another 1MB on the main board plus 2MB using a dedicated memory slot to bring the total system memory to 4 megabytes. Using one-megabit chips allows expansion to 16 megabytes. System expansion is provided by 6 AT-style slots and 2 XT-style slots (one used for serial printer adapter, included with the system). Get high performance today and in the future with the Tandy 4000.

Tandy 4000. 1MB RAM. 25-5000 . . . . . 2599.00
When purchased as a system with hard drive and controller:
Tandy 4000 With 20 Megabyte Hard Disk 3499.00
Tandy 4000 With 40 Megabyte Hard Disk 4299.00

SPECIFICATIONS. Microprocessor: Intel 80386 processor with 32-bit data path. Clock speed, 16 MHz. Object code compatible with 8086/8088. Real-time clock with battery backup. **Operating System:** Optional MS-DOS 3.2 with BASIC or XENIX System V. **Memory:** 1 Megabyte RAM (expandable to 4 megabytes using expansion slots). Includes power-up diagnostics. Sound included. **Keyboard:** 101-key enhanced keyboard. **Video Display:** Optional high-resolution, non-glare, non-interlaced 12" monochrome (green) or 14" color monitor. 80 or 40 characters per line by 25 lines. **Disk Drive:** 3½" floppy disk drive (1.4 megabytes). Three front drive slots. **Internal Expansion:** Six AT and two XT slots. Optional 80287 math co-processor can be added. **External Connections:** Standard serial and parallel printer ports. **Dimensions:** 6½ x 19 x 18". **Weight:** 47 lbs. **Power Requirements:** Input: 120 VAC, 60 Hz. Output: 192 watts. UL listed.

†On our Commercial Lease (Plus Applicable Use/Sales Tax). XT/TM and AT and IBM/Registered TM International Business Machines Corp. OS/2 and XENIX/TM Microsoft Corp. MS-DOS/Registered TM Microsoft Corp.

TANDY 4000 MULTIUSER OPTIONS

XENIX® Multiuser System and Tandy 4000 Enhancements

XENIX Operating System

Turns your Tandy 4000 into a multiuser system that can support up to 5 workstations. Includes "C-shell" programming environment, menu-driven help system, and support for Tandy hardware peripherals such as tape and cartridge backup devices. 25-4201 ..... 595.00

XENIX Development System and Text Processing System

The XENIX Development System is an extensive set of programs, utilities, and subroutine libraries designed to facilitate "C" language software development. Included with the package are line, screen, and file-oriented text editors. The screen-oriented editor can be customized to fit individual programming formats and styles. A source code control system keeps track of multiple versions of software, subroutines used in each version, and all subroutines that will be affected by a coding change. There are utilities that allow you to do extensive screening of input to eliminate keyboarding errors in the applications you design. The XENIX Development System also includes an assembler, debugger, electronic mail, a spelling dictionary, and uucp (a program that allows communication with other computers).

Tandy 4000 XENIX Development System.
25-4202 ..... 595.00

Tandy 4000 XENIX Text Processing System.
25-4203 ..... 175.00

MS-DOS 3.2/BASIC/DeskMate II

One package including operating system, programming language and our exclusive DeskMate II six-in-one productivity software. For Tandy 3000 HL, 3000 and 4000.
25-4103 ..... 99.95

TANDY WORKGROUP SOLUTIONS™

People and PCs Working Together™

Radio Shack and 3Com have teamed together to provide the right workgroup solution to meet your computing and communication needs. Together, we can deliver high performance, IBM® compatibility, remote connectivity, and enhanced functionality using industry standards. The ease of installation and ease of use of a Radio Shack/3Com workgroup means each user can become more productive quickly, while network management is kept simple. And by using Tandy hardware and leading software applications, we don't have to rely on unproven technology. Together, Radio Shack and 3Com provide the standards, expandability and support that you can have confidence in.

The System

Each workstation can run a variety of applications, or schedule appointments and activities; write memos, speeches, notes and letters; send mail and messages; and do spreadsheet planning. And it's easy to do! Simply request an application from the network server (like a Tandy 4000 computer with hard disk). The server passes the application to a workstation (Tandy 3000 HL, 3000, 1000 TX/SX or PC compatible). The application is loaded into memory and you're ready to run.

Bringing It All Together

A workgroup consists of seven major components. There are network servers, user workstations, interface cards, cables, network software for both the servers and workstations, the application software and peripherals (one of the shared resources that make networking so cost-effective). Create the office system you need today.

Expansion Options

Tandy 4000 Memory Expansion Board. Standard 2 megabyte capacity upgradable to 8 MB using 1 megabyte SIMMs. Zero wait state access to 16 MHz CPU speed.
25-5030 ..... 799.00

1-Megabyte SIMM Kit. Upgrade Tandy 4000 memory from 1 megabyte to 2. Includes 4 256K SIMMs. 25-5031 .. 429.95

New Low Price! Hard Disk Controller. 16-bit controller for greater performance. Lets you add an internal 20 and 40-megabyte hard disk. Was $399.95 in Cat. RSC 17.
25-4060 ..... 349.95*

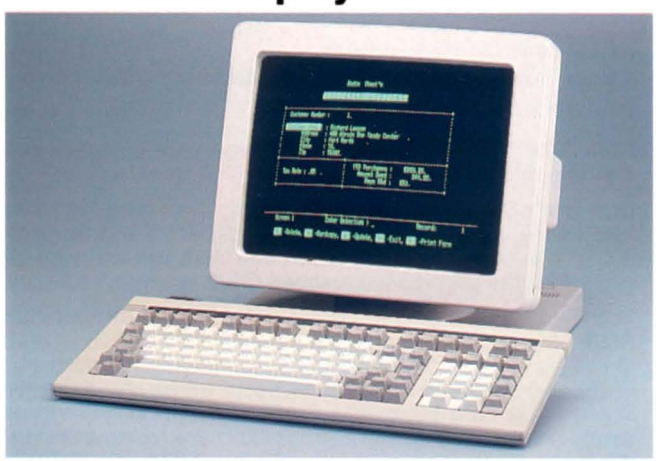
New Low Price! 20-Megabyte Hard Disk Kit. Increase internal storage by 20 megabytes. Requires Hard Disk Controller (25-4060). Was $799 in Cat. RSC 17.
25-4062 ..... 599.00*

New Low Price! 40-Megabyte Hard Disk Kit. Half-height, high-performance hard drive with an average access time of 28 milliseconds. Ideal for multiuser or networking. Requires Hard Disk Controller (25-4060). Was $1799 in Cat. RSC 17.
25-4061 ..... 1399.00*

New Low Price! 70-Megabyte Hard Disk Drive. Full-height drive with average access time of 24 milliseconds. Requires Hard Disk Controller (25-4060) and cable kit (25-4063). Was $3299 in Cat. RSC-17B. 26-4174 ..... 2999.00

4-User Board. Allows support for up to four serial applications. For use with the XENIX System V operating system.
25-4031 ..... 299.95

Data Display Terminal



NEW LOW PRICE!!

695.00

Was $795 in Cat. RSC-17B

- **14" High-Resolution Screen**
- **80 or 132 Columns by 26 Lines**
- **XENIX Compatible**

DT-100. Fully compatible with most DEC and UNIX-based software systems. Features green display screen, a high-resolution character set (128 ASCII), 16 programmable keys, cursor control keys and numeric pad. Terminal configuration is set from the keyboard. UL listed.
26-6052 ..... 695.00

*Installation recommended (not included). XENIX/TM Microsoft Corp. DeskMate communications require modem. IBM/Registered TM International Business Machines Corp.

ENHANCED, 12-MHZ TANDY 3000

Enhanced Tandy 3000 with
1.2-Meg Floppy Drive

NEW FOR 88

1999.00 Lease for Only $75 Per Month†

Monitor and adapter not included

- **Fast 12 MHz Clock Speed**
- **Now With 640K Memory, Expandable to 16 MB**
- **Keylock and Chassis Lock**

Here's the power you need to manage your business or to create a multiuser system for your office affordably.

Our Tandy 3000 is compatible with software designed for the IBM PC/AT and the PC/XT. And because it's based on the 80286 microprocessor, the 3000 can also run software designed for the soon-to-be-released OS/2 operating system.

The Tandy 3000 is also designed to use the XENIX System V/286 multiuser operating system. In such a configuration, multiple display terminals will be able to tap the high-performance 80286 microprocessor. Two to six users will be able to use the Tandy 3000 simultaneously. Each user can work independently on accounting, word processing and electronic filing. All of the users can share the Tandy 3000's accessories, eliminating the need for a printer or modem at each workstation. Thus, each remote user has the power of a fully configured computer system for the price of a terminal.

The Tandy 3000's 16-bit architecture operates at 12 megahertz, switchable to 6 MHz. A high-capacity 5¼" slim-line floppy disk drive stores 1.2-megabytes of data and programs. 3½", 1.44 MB or 720 KB and 5¼" 360K floppy disk drives are also available as add-in options.

Or for maximum storage capacity, choose a Tandy 3000 with a 20- or 40-megabyte hard disk drive for fast access to volumes of important data. When bought as a system, you save even more compared to other computers.

The Tandy 3000 has nine expansion slots, including two PC and seven AT slots. Serial/parallel ports are built into the main logic board, making Tandy 3000 ready to interface with modems, printers and plotters.

An enhanced PC/AT-compatible keyboard with 101 keys is also included.

Tandy 3000. 25-4002 ..... 1999.00
When purchased as a system with hard drive and controller:
Tandy 3000 with 20-Meg. Hard Drive. 2899.00
Tandy 3000 with 40-Meg. Hard Drive. 3699.00
XENIX Sys. V/286 Operating System.
25-4201 ..... 595.00
XENIX Sys. V/286 Development System.
25-4202 ..... 595.00

SPECIFICATIONS. Microprocessor: Intel 80286 processor with 16-bit data path. Clock speed, 12 MHz, 1 wait state (switchable to 6 MHz). Object code compatible with 8086/8088. Real-time clock with battery backup. **Operating System:** Optional Microsoft MS-DOS 3.2 with BASIC. **Memory:** 640K RAM, expandable to 1 MB on the main board. By using the expansion slots, memory is expandable to 16 megabytes for use under XENIX. **Keyboard:** 101-key enhanced keyboard, including separate cursor and numeric pad, 12 function keys. Special keys include ESCape, Num Lock, Alt, Ctrl, Caps Lock, Prt Sc, Sys Req, Scroll Lock, Up, Down, Right and Left arrows. Retractable legs, 6-ft. coiled cable. **Video Display:** Optional high-resolution, non-glare, non-interlaced 12" monochrome (green) or 14" color monitor. 80 or 40 characters per line by 25 lines. **Disk Drives:** Built-in high-density, thin-line 1.2-megabyte 5¼" floppy disk drive. Disk storage is expandable to include two floppy disk drives and one hard disk drive, or one floppy disk and two internal hard disk drives. Total internal storage capacity can exceed 80 megabytes. **Internal Expansion:** 9 plug-in card slots, including 2 PC and 7 AT. Optional 8 MHz 80287 math co-processor. **External Connections:** Standard parallel printer port, RS-232C serial communications port. **Dimensions:** 6½ x 19 x 18". **Weight:** 47 lbs. **Power Requirements:** Input: 120VAC, 60 Hz. Output: 192 Watts. U.L. listed.

†On Our Commercial Lease (Plus Applicable Use/Sales Tax). IBM and System/2/Registered TM International Business Machines Corp. MS-DOS/TM Microsoft Corp.

AFFORDABLE 80286 TECHNOLOGY

1-Disk Tandy 3000 HL

NEW FOR 88 **1499.00** Lease for Only $55 Per Month†

Monitor and adapter not included

- **Now With Protective Keylock and Chassis Lock**
- **Includes Enhanced Keyboard as Standard**
- **Ready to Run the Next Generation in Software**

If you're currently using MS-DOS based computers and want to expand with more power for less money, you should consider the new 512K Tandy 3000 HL. It's the affordable AT/XT compatible.

Operating at 8 MHz, the Tandy 3000 HL's advanced 16-bit 80286 microprocessor gives you high performance with today's software—and even more later on. That's because the 3000 HL can use the upcoming OS/2 operating system. Programs designed for OS/2 will run faster and allow for greater utilization of memory. Ordinary PCs will be stuck with the same old software, the same old performance levels.

Because we know how quickly your business can grow, we made sure the Tandy 3000 HL has room for fast, low-cost expansion. It comes standard with seven expansion slots: four 8-bit/XT compatible slots and three 16-bit AT-compatible slots.

Used in a Tandy Workgroup, you can communicate with other MS-DOS computers in your office. And for better office efficiency, the Tandy 3000 HL features a built-in real-time clock with battery backup for automatic date and time-stamping of all jobs, process control and other time-sensitive applications. And now, the Tandy 3000 HL has keylock and chassis locking. Floppy disk expansion options include two 3½" drives (720 KB and 1.44 MB capacity) and a 5¼", 1.2 MB high capacity drive.

Tandy 3000 HL. 25-4071 . . . . . 1499.00

25-4103 . . . . . 99.95

SPECIFICATIONS. Microprocessor: Intel 80286 processor with 16-bit data path. Switchable clock speed, 4/8 MHz. Object code compatible with 8086/8088. Real-time clock with battery backup. **Operating System:** Optional Microsoft MS-DOS 3.2 with BASIC. **Memory:** 512K RAM with parity. By using the expansion slots, memory is expandable to 4 megabytes. **Keyboard:** 101-key enhanced keyboard, including separate cursor and numeric pad, 12 function keys. Special keys include ESCape, Num Lock, Alt, Ctrl, Caps Lock, Prt Sc, Sys Req, Scroll Lock, Up, Down, Right and Left arrows. Retractable legs, 6-ft. coiled cable. **Video Display:** Optional high-resolution, non-glare, non interlaced 12" monochrome (green) or 14" color monitor. 80 or 40 characters per line by 25 lines. **Disk Drives:** Built-in thin line 360K 5¼" floppy disk drive. Disk storage is expandable to include two floppy disk drives and one hard disk drive, or one floppy disk and two internal hard disk drives. Total internal storage capacity can exceed 80 megabytes. **Internal Expansion:** Seven plug-in card slots, including three AT-compatible slots, four PC/XT-compatible slots. Optional 80287 math co-processor can be added. **External Connections:** Standard parallel printer port. **Dimensions:** 6⅛ x 17 x 15½". **Weight:** 35 lbs. **Power Requirements:** Input: 120VAC, 60 HZ. Output: 135 Watts. U.L. listed.

Prices Apply at Radio Shack Computer Centers and participating Radio Shack Stores and Dealers. *Requires HD Controller (25-4060). IBM and System/2/ Registered TM International Business Machines Corp.

80286-BASED TANDY 1000 TX

NEW FOR 88

1199.00 Less monitor

Low As $60 Per Month*

- **Powerful 8 MHz 80286 Microprocessor**
- **Over Six Times Faster Processing Speed Than a Standard PC XT™†**
- **Built-In 3½" 720K Disk Drive ■ 640K Memory**
- **Includes Our New Personal DeskMate 2††**
- **IBM PC Compatible**
- **Choose From Thousands of Popular Programs**

Tandy 1000 TX. Our new 1000 TX features an 8 MHz 80286 microprocessor, for far greater processing power than ordinary PCs. This brings true 16-bit technology, previously found only in "AT" class machines, to an affordable PC—you'll fly through your applications!

The Tandy 1000 TX is outfitted with a new 3½" disk drive, ready to use MS-DOS software on durable, pocket-size diskettes. Each diskette can store up to 720,000 characters, and you can add a second 3½" disk drive anytime. And there's more good news—especially if you have other PCs in your office. If you prefer, you can expand with a 5¼" disk drive instead of a second 3½" drive—so you can use your existing library of 5¼" software along with the new releases available on 3½" diskettes.

The 1000 TX includes the adapters you'd pay extra for with ordinary PC compatibles. Monochrome and color graphics adapters, parallel printer adapter, joystick adapters and an RS-232C serial port are all built in. There's even a speaker and headphone jack with volume control.

You don't pay extra for the MS-DOS 3.2 operating system and GW-BASIC, software included. But best of all, the Tandy 1000 TX also includes applications software: our new Personal DeskMate™ 2. This is an easy to use, integrated program that lets you put your Tandy 1000 TX to use right away! Features include pull-down menus and "dialogue boxes" for selecting functions, applications like a 16-color Paint program and a Music program that lets you input and play back songs. Personal DeskMate 2 also has other applications that you'll find useful, like Text, Worksheet and Filer. There's also a Communications* program and a Calendar.

The Tandy 1000 TX comes with 640K RAM. Five card slots make it easy to customize the 1000 TX just the way you want. Add more memory, an internal modem, a hard disk card—or an additional card for connecting the 1000 TX to your workgroup environment.

Get 286 performance, new disk technology, the convenience of built-in features and easy-to-use software at the price you'd pay for a less expandable, lower performance computer.

Tandy 1000 TX. 25-1600 ..... 1199.00

SPECIFICATIONS. Microprocessor: Intel 80286. **Clock Speed:** 8/4 MHz, software selectable. **Operating System:** Includes Microsoft's MS-DOS 3.2 with GW-BASIC. **Memory:** 640K RAM, expandable to 768K (640K for MS-DOS, 128K for video memory.) Includes power-up diagnostics. **Keyboard:** Integral 90-key sculptured, including numeric-entry keypad. Special keys include HOLD, ESCape, BREAK, CTRL, CAPS, INSERT, DELETE and HOME. Twelve programmable Function keys. Retractable legs. 6-ft coil cable. **Video Modes:** Text: 80 or 40 characters per line by 25 lines, 256 character types. Reverse video, blank, blink. 16 foreground and 8 background colors. Graphics: CGA compatible with enhancements; 640 x 200 pixels, 4 color; 320 x 200 pixels, 16 color. 16 colors—black, blue, green, cyan, red, magenta, brown, white, gray, light blue, light green, light cyan, light red, light magenta, yellow, high-intensity white. Higher resolution video support available with optional expansion boards. **Disk Drives:** One double-sided, double-density 720K (formatted) thin-line 3½" mini-floppy. 96 tracks per inch. **Internal Expansion:** Five user-accessible IBM PC-compatible card slots (10" maximum length), 80287 Math Coprocessor. **External Connections:** Standard parallel port, composite video out, line level audio out, RS-232 serial port, two joysticks, RGBI Color Monitor. **Shipping Weight:** 31 lbs. **Power Supply:** Input: 120 VAC, 50/60 Hz. Output: 67 watts. UL listed.

FAST-LOADING TANDY 1000 HX

NEW FOR 88

699.00

Less monitor and platform

Low As $35 Per Month*

- **Features 8088-2 Microprocessor with Switchable 7.16/4.77 MHz Clock Speed**
- **MS-DOS Built-In ROM—Loads Without Diskettes!**
- **Built-in 3½", 720K Disk Drive ■ 256K Memory**
- **Includes Our New Personal DeskMate 2™†**
- **Choose From Thousands of Popular Programs**

Tandy 1000 HX. The first home computer with MS-DOS built in! MS-DOS (in ROM) loads automatically in just seconds—just insert your program diskette and you're ready! (With other PCs, you insert the MS-DOS operating system diskette, wait for it to load and then remove the diskette—all before you load your program diskette.) It's the ultimate in ease of use for first-time users, the ultimate in time-saving convenience for experienced users! (And it's ideal for classroom situations.)

The Tandy 1000 HX is loaded with features, including 256,000 characters of memory and a built-in keyboard with the same layout as the popular Tandy 1000 EX. There's an advanced three-voice sound circuit for generating music through the built-in speaker and a headphone jack with volume control—a great asset in the home or classroom.

A high-capacity, 3½" disk drive is built in—and there's room for a second 3½" drive, too (installation in our Service Centers is recommended). The Tandy 1000 HX is PC-compatible so you can use all the popular MS-DOS® programs available on 3½" diskettes. And you can run software on 5¼" diskettes with our optional 5¼" External Disk Drive.

Your first program is included—a new, enhanced version of our popular Personal DeskMate integrated software. Personal DeskMate 2 is an easy to use, seven-in-one program that lets you put your Tandy 1000 HX to work right away! Features include pull-down menus and "dialogue boxes" for selecting functions, applications like a 16-color Paint program and a Music program that lets you enter and play back songs. Additionally, there are other applications that you'll find useful, like Text, Worksheet and Filer. There's also a Communications* program and a Calendar.

The Tandy 1000 HX offers conveniences that you would have to pay extra for in other computers. You'll be able to plug in joysticks, RGBI or Composite Video monitor, printer—even a second disk drive—without buying extra-cost adapters. It's expandable, too! By adding the Memory PLUS Expansion Adapter you can have modem telecommunication and network options. Select the personal computer that's right for your family or classroom—as well as your budget.

PC-COMPATIBLE TANDY 1000 SX

384K 1-Drive **849.00** Less Monitor — Low As $43 Per Month*

- **Fifty-Percent Faster Clock Speed Than the IBM® PC**
- **Ready-to-Run—Includes DeskMate II™ Software**
- **Software Compatible with the IBM PC—Choose From the Most Popular Programs on the Market**
- **One Built-In 5¼" 360,000-Character Disk Drive**
- **Five PC-Compatible Card Slots for Easy Expansion**

Tandy 1000 SX. The 1000 SX is a true PC-compatible computer, so you can use a wide variety of industry-standard MS-DOS software. But unlike other "industry-standard" computers, you can run many of your programs faster. The 1000 SX comes with 384K RAM, expandable to 640K on the main board. You can add a second disk drive (5¼" or 3½"). And with five card slots, it's easy to expand your system. Expansion boards are user-installable, and you can choose from memory expansions, internal modems—even a 20-megabyte hard disk card! DeskMate II* for the Tandy 1000 SX features six applications on one disk. And with the special task-switching feature, you can exit DeskMate II, enter an applications program, then return to DeskMate II—all with just a few keystrokes. With Text Processing, Spreadsheet, Electronic Filing, Calendar/Alarm, Telecommunications and Electronic Mail. Adapters for a monitor, printer, joysticks, and light pen are standard, as are MS-DOS 3.2 and GW-BASIC.

MS-DOS LAPTOP TANDY 1400 LT

NEW FOR 88 **1599.00*** Lease for Only $60 Per Month†

- **Full-Function IBM® PC-Compatible Laptop Computer**
- **Features 768K RAM ■ Two 3½″ 720K Disk Drives**
- **High-Quality Backlit Display ■ Removable Battery Pack**

Tandy 1400 LT. Introducing a laptop computer that is a fully functional PC compatible. The Tandy 1400 LT is the perfect solution for people who spend most of their time travelling—like busy executives, sales personnel, journalists and students. Or you can use it in your office and get all the advantages of a desktop computer.

Fully Functional

The Tandy 1400 LT represents a remarkable breakthrough in portable computer technology. Its 8088-equivalent microprocessor (NEC V-20) has a 7.16 MHz clock speed (vs. 4.77 MHz for other PC-compatible laptops). And the 768K RAM is enough memory to run all of your important applications. The Tandy 1400 LT comes with two 720K 3½″ built-in disk drives. The 3½″ drives represent a marked advantage, as the emphasis in computer design switches to the higher capacity, easier to handle diskettes. And because the 1400 LT comes with MS-DOS/BASIC 3.2 and is IBM® compatible, you'll never have trouble finding sophisticated programs to increase your productivity. It also comes with a handle for easy transport.

Better Display

The Tandy 1400 LT features a high-quality *backlit* liquid crystal display. The 80-character by 25-line resolution (same display as a full-sized monitor) is remarkably clear and features the latest in "supertwist" LCD technology. Some laptops use the supertwist technology, but are not "backlit". "Backlit" makes a big difference in readability. The keyboard features 76 typewriter-style keys and special-function keys.

More Standard Features

The 768K RAM gives you a tremendous amount of computer power. With 640K addressed by MS-DOS, you'll have 128K for a RAM-based disk drive or print spooler. The Tandy 1400 LT also includes a parallel printer adapter, an RGB monitor output, composite monitor output, standby mode, real-time clock and an RS-232C serial interface. It also supports an external keyboard and handy, removable battery pack with low-battery warning.

The Tandy 1400 LT offers you a clear advantage in portable computer technology. It gives you the efficiency and power of a desktop computer, while at the same time giving you the advantage of mobility. Don't settle for anything less than the best in laptop computers.

Tandy 1400 LT. 25-3500 ..... 1599.00
1200-Baud Modem Board. 25-3510 ..... 199.95

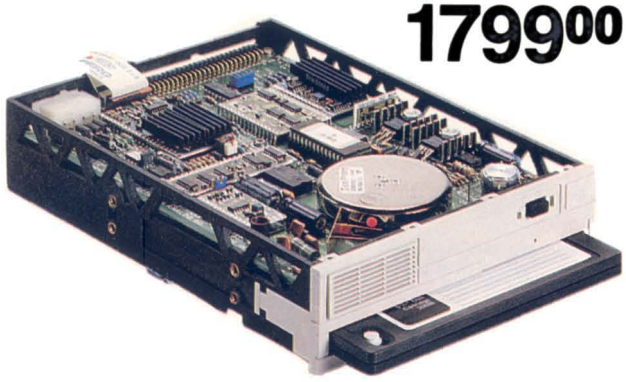
25-1033 . . . . . 39.95

MASS STORAGE OPTIONS

Internal 20 MB Disk Cartridge System

1799.00



Internal 20-Megabyte Disk Cartridge System. Use instead of a hard disk for speed, reliability, expandability, security and transportability. The Bernoulli technology provides hard disk capacity and performance, with the convenience of floppy disks. This eliminates head crashes and ensures full cartridge interchangeability. Consists of one drive and interface card. Cartridges are removable for unlimited storage. Easily back up your conventional hard-disk system.

20-Megabyte 5¼" Internal DCS. 25-4064 . . . . . 1799.00
Secondary 20-MB DCS. 25-4065 . . . . . 999.00
5¼" 20-Megabyte Cartridge. 26-221 . . . . . 99.95

New Low Prices on Internal Hard Disk Drive Kits

20-Megabyte Disk Kit

599.00

Low As $30 Per Month*

Was $799.00 in Cat. RSC-17

40-Megabyte Disk Kit

1399.00

Low As $70 Per Month*

Was $1799.00 in Cat. RSC-17

Internal 20-Megabyte Hard Disk Kit

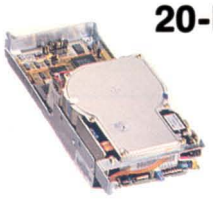
Use with Tandy 3000 HL/3000/4000 to increase internal storage by 20 meg. Operates at an average access time of 65 milliseconds. Or combine with Controller to convert a floppy-based system to a hard drive system. Installation recommended (not included). Was $799.00 in RSC-17.
25-4062 . . . . . 599.00

Internal 40-Megabyte Hard Disk Kit

Ideal for high-volume situations such as multiuser or networking applications. High performance of less than 28 milliseconds average access time. Requires HD controller. Installation recommended (not included). Was $1799.00 in RSC-17.
25-4061 . . . . . 1399.00

Hard Disk Drives, Controller Boards and Cable Kits

20-Megabyte Hard Disk Card



799.00 Low As $40 Per Month*

User-Installable Card

20-Megabyte Hard Disk Card. Get 20 megabytes of hard-disk storage on a user-installable card. Mounts in a 10" card slot on the Tandy 1000 or in a Tandy 3000 HL, IBM PC or PC compatible. Operates as either first or second hard disk and can run a second hard disk drive. Comes with a thorough installation manual and a diskette with special installation software. It's the easiest way yet to get hard-disk power!
25-1029 . . . . . 799.00

20-Megabyte External Disk System

NEW FOR 88

699.00

Low As $35 Per Month*

Ideal for Program and Data Storage

Expand your Tandy 1000's storage affordably. Add two to the Tandy 1000 or one to the Tandy 1000 HD for 40 megabytes of total system storage (Cable Kit and installation required for secondary unit). Requires Hard Disk Controller Board.
25-1041 . . . . . 699.00

20+20-Meg Disk Cartridge System. Use instead of a hard disk for speed, reliability, expandability, security and transportability. Consists of two 20-megabyte drives and high-performance cartridge. Cartridges are removable for unlimited storage. Requires Interface Kit (below).

20+20-Megabyte DCS. 25-4066 . . . . . 3499.00
8" 20-Megabyte Cartridge. 26-220 . . . . . 119.95
20-Megabyte Disk Cartridge Interface Kit. For Tandy 1000/3000/4000. Installation recommended (not included).
25-4081 . . . . . 149.95

New Low Price! Secondary 70-Megabyte Hard Drive. Use as an external hard drive on the Tandy 3000 HL/3000/4000. Requires Cable Kit (25-4063) and hard disk controller (25-4060) not included. Compatible with our 12,15,35 and 70 MB primary and secondary drives. Not compatible with 8 MB hard disk. Installation recommended, not included. Was $3299.00 in RSC-17. 26-4174 . . . . . 2999.00.

New Low Price! Hard Disk Controller. Lets you add an internal 20- and 40-megabyte hard disk. Also supports external 70 MB hard drive with extra cable kit, 25-4063. Installation recommended (not included). Was $399.95 in Cat. RSC-17.
25-4060 . . . . . 349.95

Hard Disk Controller Board. For use with Tandy 1000 and PC compatibles. Allows you to add hard disk drives for up to 70 million characters of storage. Includes cable for use with our 10, 20 or 35-Megabyte Hard Disks.
25-1007 . . . . . 299.95

External Hard Disk Cable Kit. For Tandy 3000/4000. Installation recommended (not included). 25-4063 . . . . . 59.95

Backup Your Data on Tape

Now you can get reliable hard-disk backup on tape (backup 10 megabytes in as little as 6 minutes). Uses standard ¼" cartridges (one included) for over 48 megabytes of archival storage. Powerful file-by-file backup/restore function. Select single files, groups of files or all files. Select files based on globals, wild cards, files modified since last backup, file creation data, directory structure and more. Features three heads—read, write and erase—for one-pass backup with immediate read-after-write verification. Requires Interface Kit (below) U.L. listed AC. 25-3020 ..... 1999.00

Tandy 1000/3000/4000 Interface Kit. Includes software and cables for file-by-file or mirror-image backup. Kit also supports IBM PC and PC-compatible computers.
25-3021 ..... 149.95

¼" Data Tape Cartridge. 26-1391 ..... 34.95

Introducing a 40-Megabyte Internal Tape Cartridge System

NEW FOR 88

699.00

- **IBM® Compatible**
- **Dual Transfer Rates**
- **Ideal for the Tandy 3000 and Tandy 4000**

40-Megabyte Internal Tape Cartridge System. The first backup tape system to optimize hardware and software performance, reliability and price. A custom LSI read/write amplifier chip provides automatic zero and gain adjustments to eliminate all board calibrations. There are also two modes of operation: menu and command. Both modes are geared to speed, reliability, and versatility. Other systems are preconfigured to work with either the AT or the XT, and are not interchangeable between types of systems. The Tape Cartridge System however, will automatically set its data transfer rate to work with either the AT or the PC/XT. You'll obtain optimum performance from the system without ever having to worry about a transfer rate setting (even if you have to change the unit from one system type to another).
25-4069 ..... 699.00

¼" Mini Tape Cartridge for 40-Megabyte Internal Tape Cartridge System. Holds 40-megabytes of data.
26-218 ..... 32.95

TANDY EXPANSION OPTIONS

Video

New Low Price! Dual Display Graphics Adapter. A multi-application video display adapter that combines text, graphics and color capabilities on a single card. Displays high-resolution Hercules-compatible graphics and high-resolution monochrome IBM character set. It supports all standard IBM-compatible color/graphics software and can display 16 colors at 640 x 200 resolution. It also can display text in 132 columns on either color or monochrome monitors. IBM MDA/CGA compatible. Was $249.95 in Cat. RSC-17.
25-3045 ..... 199.95

New Low Price! Enhanced Graphics Adapter. The EGA is designed for use with the Tandy EGM-1 Color Monitor (25-4035). The combination provides you with a high-quality 640 x 350 text and graphics display in conjunction with EGA software. The Enhanced Color Display supports full-screen graphics in 16 colors out of a palette of 64, and high-resolution 80 character by 25 line text display with an 8 x 14 character cell. The Monochrome Display supports full-screen monochrome graphics and provides underline, blink, reverse video, hidden and dual intensity character attributes. The EGA supports soft scrolling, panning and windows, and 256K of display memory. For Tandy 3000/4000. Was $349.95 in Cat. RSC-17.
25-4037 ..... 299.95

Memory

Memory PLUS Expansion Adapter. Expands your Tandy 1000 EX/HX to 384K and adds DMA circuit to speed up computer operations. Sockets allow you to expand another 256K. Also provides connectors for addition of two PLUS Upgrade Boards. 25-1062 ..... 129.95

New Low Price! 256K Parity Memory Kit. Add 256K of memory to your Tandy 1000, 1200 or 3000. Was $99.95 in Catalog RSC-17. 25-3062 ..... 79.95

Memory Expansion Board. Add up to 2 megabytes of memory to Tandy 3000 HL and Tandy 3000. Comes with 1MB. In MS-DOS, use VDISK to set aside portions of RAM memory that simulate disk storage. 25-4030 ..... 499.95

128K RAM Upgrade Kit. Increase Tandy 3000 HL memory from 512K to 640K and Tandy 1000 TX from 640K to 768K.
25-4082 ..... 49.95

128K RAM Upgrade Kit. Use to upgrade your Tandy 1000 from 256K to 384K or from 512K to 640K. Also increase Tandy 3000 memory from 512K to 640K. 26-5162 ..... 99.95

NEW! 2 MB 32-Bit Memory Expansion Board. Add 2 MB of fast 32-bit memory to the Tandy 4000. Upgrade to 8 megabytes using 1-megabyte SIMMs. 25-5030 ..... 799.00

1-Megabyte SIMM Kit. Upgrade Tandy 4000 from 1 megabyte to 2. Uses 4 256K SIMMs.
25-5031 ..... 429.95

Other Options

4-User Board. Allows Tandy 3000/4000 to support up to four serial devices. Has on-board processor for added performance. For use with the XENIX System V operating system. User installable.
25-4031 ..... 299.95

80287 Math Co-Processor. Perform one set of functions while the co-processor simultaneously performs highly accurate mathematical calculations. Programs must be specifically written for this option. User installable.
25-4033 ..... 399.95

New Low Price! Tandy 1000/3000/4000 Serial/Parallel Adapter. Add a second serial/parallel adapter to connect a second printer or increase your communications capability with an additional modem. User installable. Was $169.95 in Cat. RSC-17.
25-4034 ..... 149.95

Dual-Port Serial Adapter. Add two serial ports to your Tandy 1000/3000/4000. Uses DB-9 connectors. User installable.
25-4039 ..... 99.95

1200-bps PC Modem. An auto-dial/auto-answer modem for the Tandy 1000/3000/4000, IBM PC and PC compatibles. Hayes® compatible. Switchable 1200/300-bps. FCC registered.
25-1013 ..... 199.95

TRACKSTAR 128. Lets your Tandy 1000 SX run virtually all software designed for the Apple II-series of computers. TRACKSTAR 128 supports the use of an optional Apple-compatible drive so that you can use existing drive equipment and use Apple II software that is copy protected, with half-sectoring techniques. Software which does not use a sector copy-protection scheme on the diskette media will run using the Tandy 1000 SX's drives. Supports Apple DOS 3.3, Pro-DOS® and Apple Pascal.
25-1028 ..... 399.95

NEW! 2400-bps Error Correcting PC Modem. High-speed CCITT V.22 bis modem board for use in Tandy 1000/3000/4000. Uses industry-standard AT command set. Error correction based on CCITT LAP-B protocol. Features call progress monitoring, auto dial/answer, and adaptive data compression. Non-volatile memory stores modem parameters. A must for serious communications use. 25-1034 ..... 499.95

NEW! SmartWatch Clock/Calendar Upgrade for Tandy 1000/PC-Compatibles. Accurate to 10 minutes per year. Does not require a card slot. User installable in most PCs. See description on page 12.
25-1033 ..... 39.95

PLUS Upgrade Boards

These boards are specially designed for use with the Tandy 1000 EX and 1000 HX or our Memory PLUS Expansion Board. You can also use them with the Tandy 1000 SX and 1000 TX or any other PC compatible with the optional PLUS Upgrade Adapter Board (25-1016). All PLUS Upgrade Boards are user installable.

NEW! PLUS RS-232 Interface. Lets your computer talk with other computers and access national information services, when combined with communications software and external modem. Use with high-speed modems or serial plotters and printers. Works as Com 1, Com 2, Com 3 or Com 4.
25-1031 ..... 59.95

PLUS 300 bps PC Modem. Great for use with DeskMate and on-line services such as Compuserve, Dow-Jones and more! Hayes® compatible. FCC registered. Cable included.
25-1017 ..... 99.95

PLUS 1200 bps PC Modem. Hayes compatibility lets you run the most popular communications software at higher speeds—reducing the cost of on-line time. FCC registered.
25-1018 ..... 199.95

PLUS Network 4 Interface. Use the Tandy 1000 EX/HX as a low cost system in an educational network. See network section on page 25 for more information.
25-1019 ..... 299.95

PLUS Upgrade Adapter Board. Allows you to use PLUS Upgrade Boards in a standard PC card slot.
25-1016 ..... 14.95

EXPRESS ORDER HARDWARE

Choose From a Variety of Options

Expand your computer system with the latest technology! Pages 16, 17, 18 and 19 feature special expansion boards and other hardware enhancements that are available through our exclusive Express Order Hardware service. These expansion options are performance proven, and professionally supported by the independent manufacturers (see page 19). Express Order items can be ordered at any Radio Shack Computer Center, store or participating dealer.

Advanced Digital

PC Slave™. Actually a PC-compatible computer on a full-size card. Lets you run MS-DOS on a terminal sharing disk drives and printer only. Comes with 512K memory and operating system software. 90-2081 ..... 1090.00

AEDEX

BCS-150 Bar Code System. The first complete system to offer bar code scanning, printing and remote device input communication features all in a short board. Scanned bar code data appears as keyboard input for total compatibility with most software applications. Works with word processors, spreadsheets and database managers with no modifications. Print lables on a standard dot matrix printer. For Tandy 1000/3000/4000 and other PC compatibles.
90-2132 ..... 695.00

Archive

Scorpion 5¼" Tape Drive. High performance drive, yet takes up no more space than a floppy disk. Ideal solution for tape backup. 90-2060 ..... 1050.00

Fastape™ Streaming Tape Drive. ¼", 20 MB capacity. Housed in rugged cabinet. 90-2059 ..... 1050.00

AST Research

5251/11™. Attach PC's and compatibles directly to an IBM System 3X. Allows your PC to emulate IBM 5151 Model 11 terminals without change. 90-2050 ..... 895.00

5251/12. For remote IBM System 3X communications. Package allows your PC to emulate an IBM 5251 Model 12 Terminal.
90-2044 ..... 790.00

3270 Coax™. Allows your PC to function as 3278/79 terminal via standard coaxial cable connections. 90-2029 .. 1145.00

3780™. Allows your PC to emulate IBM's 2770, 2780, 3741 and 3780 terminals. 90-2049 ..... 895.00

SNA and BSC. Complete hardware/software solutions providing full IBM 3270 terminal emulation.
SNA. 90-2038 ..... 895.00
BSC. 90-2030 ..... 695.00

PCOX™. Low cost, direct coaxial solution, integrates your PC into an existing mainframe/controller environment for reliable 3270 communications. 90-2039 ..... 995.00

SIX PAK PREMIUM™. With 512K memory. Expanded memory with multifunction capabilities. Includes DESQview.
90-2054 ..... 595.00

RAMpage™. Enhanced Memory Specification combined with DESQview. Up to 2 megabytes of memory.
For PC and XT (with 256K). 90-2052 ..... 445.00
For AT (with 512K). 90-2053 ..... 695.00

Advantage™. For the PC-AT and compatibles. Offers up to 3 megabytes of memory, 2 serial ports, parallel port and game adapter port. 90-2051 ..... 595.00

Complete PC

The Complete Answering Machine. More than just an answering machine! CAM is a personal voice mail system for the Tandy 1000/3000/4000 and other PC compatibles that records voice messages on your PC's hard disk. Performs basic answering machine functions for home or business or supports voice mail use with multiple voice mailboxes, message forwarding and remote operation. Best of all, CAM runs in "background" so you can use your PC for other applications at the same time.
90-2137 ..... 349.00

Genest Technologies

The COMMANDPATCH® System. Speeds up and simplifies the use of all popular, supported programs. While using CommandPatch, in many cases, one keystroke replaces multiple keystrokes in the original program. Included is a 32 key minikeyboard, two blank templates, and an expanded version of SmartKey. Requires 256K RAM, one floppy disk drive, and MS-DOS 2.0 or above.
For the Tandy 1000. 90-2152 ..... 159.95
For the Tandy 3000. 90-2153 ..... 159.95

Information Technologies, Inc.

Linkup System XT™. Linkup XT is a full performance, communications plug-in board (short board) allowing high-speed (up to 19.2K bps) communications with a wide variety of host systems or other personal computers. Includes SDLC, HDLC, BSC and asynchronous protocol support, programmable software timer, installation manual and hardware diagnostic utility software. For the Tandy 1000/3000/4000.
90-2010 ..... 395.00

Linkup System XT SNA 3270. Emulates REMOTE 3270 display station using SNA/SDLC protocol. Supports switched or leased line, on-line trace and error logging, RS-232C modem interface, full or half duplex. For the Tandy 1000/3000/4000. 90-2011 ..... 390.00

Linkup System XT BSC 3780. Emulates REMOTE 3780 or 2780 RJE Display Station. For the Tandy 1000/3000/4000.
90-2014 ..... 390.00

Linkup System One. Linkup is a high-performance, cost-effective data communications product for the Tandy 3000 that allows high-speed (up to 64K bps) communications with a wide variety of host systems or other personal computers. Includes communications co-processor, efficient shared RAM memory interface to bus, SDLC, HDLC, BSC and asynchronous protocol support, programmable real-time clock, calendar, software timer, installation manual and hardware diagnostic utility software.
90-2015 ..... 605.00

Linkup System One SNA 3270. Emulates REMOTE 3270 display station. Supports switched or leased line, on-line trace and error logging, RS-232C modem interface, full or half duplex. Includes Linkup ATERM, ABLOCK, VT 52/100. For the Tandy 3000/4000.
90-2016 ..... 390.00

Linkup System One BSC 3270. Emulates REMOTE 3270 display station. Supports switched or leased line, on-line trace and error logging, RS-232C modem interface, full or half duplex. Includes Linkup ATERM, ABLOCK, VT 52/100. For the Tandy 3000/4000. 90-2017 ..... 390.00

PC Slave/TM Advanced Digital. BCS-150 Bar Code System/TM AEDEX. Scorpion 5¼" Tape Drive and Fastape/TM Archive. 5251/11, 5251/12, 3270 Coax, 3780, SNA, BSC, PCOX, SIX PAK PREMIUM, RAMpage and Advantage/TM AST Research. The Complete Answering Machine (CAM)/TM Complete PC. Command Patch 1000 and 3000/TM Genest Technologies. Linkup System XT, XT 3270 SNA, XT 3780, Linkup System One, System One 3270 SNA, System One 3270 BSC and System One 3780 BSC, Linkup System Coax/TM Information Technologies, Inc.

EXPRESS ORDER HARDWARE

Linkup System One BSC 3780. Emulates REMOTE 3780 or 3270 RJE display station. 90-2019 ..... 390.00

Linkup System Coax. Emulates LOCAL IBM 3278/9 Display Station cabled via RG-62-A/U coax to an IBM 3274/6 Terminal Controller or System 360/370/30xx/43xx Host Communications Controller. IRMA-compatible. Various file transfer support including TSO, CMS and CICS support. BASIC language interface (and requisite subroutines) for File Transfer via BASIC programs. Utility programs for redefining default keyboard and display attributes. Installation manual. Diagnostic software. For the Tandy 3000/4000. 90-2020 ..... 700.00

Intel

8087 Math Co-Processor. Increase the speed of math intensive and graphics programs up to 10 times! Most spreadsheet and CAD programs have special drivers to support co-processors. Check your applications software manual. Co-processors are user-installable.

For Tandy 1000A/1200/PC. 5 MHz. 90-2120 ..... 175.00

For Tandy 1000 SX/1400 LT. 8 MHz. 90-2121 ..... 250.00

Above Board/PC with 256K. Memory expansion board for XT compatibles. Provides conventional and expanded memory. Expandable to 512K with 256K-bit chips installed.
90-2122 ..... 395.00

Above Board/PS with 256K. Memory expansion board for XT compatibles. Includes serial and parallel port, clock/calendar with battery backup. Expandable to 384K with 256K RAM chips. 90-2123 ..... 495.00

Above Board 286 with 512K. Memory expansion board for the Tandy 3000, 3000 HL and AT compatibles running up to 12.5 MHz, and IBM PC, XT, and compatibles running up to 8 MHz. Expandable to 2Mb with 256K RAM chips.
90-2124 ..... 515.00

Above Board PS/286 with 512K. Contains parallel and serial ports, also multifunction expansion. 90-2125 ..... 559.00

Above Board Piggyback Memory with 512K.
90-2126 ..... 375.00

Inboard 386/AT with 0K. Intel 80386-based performance enhancement board for Tandy 3000, IBM AT and compatibles. Provides conventional, expanded and extended memory. Expandable to 1Mb with 256K-bit chips.
90-2127 ..... 1795.00

Inboard 386/AT Cable Kit for Tandy 3000 and Other AT-Compatibles. 90-2128 ..... 200.00

Inboard 386/AT Cable Kit for IBM AT Only.
90-2129 ..... 200.00

Inboard 386/AT Piggyback Memory with 1Mb. Memory expansion option for the Inboard 386/AT. Expandable to 2Mb with 256K RAM chips. 90-2130 ..... 645.00

Inboard 386/AT 80387 Math Co-Processor. 10 MHz 80387 co-processor for use with Inboard 386/AT. 90-2131 .. 795.00

KeyTronic

KeyTronic Keyboard 5151. Improves the use of your IBM PC, XT or AT Personal Computer. Incorporates keytop and layout changes, as well as other features, for greater flexibility and user convenience.

Tandy 1200.
90-2041 ..... 248.00

Tandy 3000.
90-2040 ..... 248.00

KeyTronic Keyboard 5150. Replacement keyboard for the Tandy 1200. 90-2043 ..... 149.00

Kurta

Series ONE Tablet™. Tandy 3000/4000 compatible. The microprocessor-based tablet offers switch selectable output formats, multiple operating modes, downloading from the host and a programmable menu for ease of use.
90-2000 ..... 795.00

Series TWO Tablet. Tandy 3000/4000 compatible. High-resolution tablet digitizer provides origin set capability, as well as automatic skew correction. Resolution is up to 1000 PPI with an accuracy of approximately .025".
90-2001 ..... 995.00

Four-Button Cursor.
90-2002 ..... 100.00

Series THREE Tablet—24 x 24". Series THREE precision digitizers utilize a microprocessor to calculate the cursor position from information detected by circuitry placed in the surface. Resolution to 1000 PPI.
90-2099 ..... 3195.00

Series THREE Tablet—36 x 48". Resolution to 1000 PPI.
90-2097 ..... 4895.00

Power Lift Stand for Series THREE Tablet.
90-2098 ..... 1200.00

Lite Pen Company

Light Pen. Stainless steel pen includes software, featuring sketch/draw/paint color graphics, backgammon, solitaire, world national maps, computer tutorials. Two-year warranty.

For Tandy 1000. 90-2085 ..... 179.95

For Tandy 1200. 90-2086 ..... 179.95

Manzana

MDQT External 720K 3½" Disk Drive. For the Tandy 1000/3000 and compatibles. Comes with flexible 3FIVE software, enabling 5¼"-based desktop computers to read and write virtually all 3½" formats, including Tandy 600.
90-2134 ..... 410.00

MDQT+ External 1.44 MB 3½" Disk Drive for Tandy 3000/AT Compatibles. A 1.44 MB host-powered external drive (connected to the host computer through MUX adapter card). MUX enables the user to add the additional 1.44 MB external floppy. Comes with Manzana's 3FIVE software which allows access to the 3½" drives using any version of MS-DOS 2.0 or higher.
90-2135 ..... 490.00

Metrabyte

DAS-16 Data Acquisition System. High speed analog and digital interface board for Tandy 3000 and other PCs. 50,000 samples per second. 16 single ended and 8 differential analog input channels. 2 channels of 12 bit D/A output. Ideal for laboratory applications. 90-2157 ..... 955.00

PIO-12 Parallel Digital I/O Interface. For Tandy 1000/3000. Provides 24 TTL/DTL compatible I/O lines, interrupt input and enable lines and external connections to the bus power supplies. 90-2158 ..... 115.00

Screw Termination Accessory Board and Cable for Use with DAS-16 and PIO-12. Used to interface with outside devices for controlling and monitoring functions.
90-2159 ..... 140.00

Intel/TM Intel. KeyTronic Keyboard 5151 and KeyTronic Keyboard 5150/TM KeyTronic. Series ONE Tablet, Series TWO Tablet, Series THREE Tablet and Four Button Cursor/TM Kurta. Lite Pen Company/TM Lite Pen Company. Manzana/TM Manzana. DAS-16 Data Acquisition Board, PIO-12 Parallel I/O Board and Screw Terminal Board with Cable/TM Metrabyte. AX/2400 and AX/2400c Modems/TM Microcom. The Black Jack/TM Microperipheral.

EXPRESS ORDER HARDWARE

Microcom

AX/2400 and AX/2400c Modems. Provide error-free data transfer and money-saving throughput advantages over non-MNP modems. AX modems adjust MNP packet size relative to line errors, providing the best possible performance on even the noisiest dial lines. Data Phase Optimization reduces protocol overhead and increases MNP throughput, and Data Compression (on the AX/2400c only) provides throughput of 4800 bps and more for excellent price and performance. Other features include auto-dial, auto-answer, auto-redial and alternate number redial. CCITT V.22 bis/Bell 212A and Hayes compatible.

AX/2400 Standalone. 90-2145 ..... 749.00

AX/2400c Standalone with Compression. 90-2146 ..... 899.00

Microperipheral

The Black Jack™. Portable modular telephone jack attachment for computer telecommunications. Compatible with Bell, ITT and GTE telephones. Improves line sensitivity and telecommunications performance. 90-706 ..... 49.95

Microsoft

Microsoft Mouse. Gives added power and flexibility to programs. Use it to create a variety of illustrations with color graphics programs. Quiet, reliable performance.

Serial. 90-2116 ..... 199.95

Bus. 90-2117 ..... 199.95

Micro-Mainframe

EMS-5150. The EMS-5150 provides up to two megabytes of expanded memory that conforms to the Lotus/Intel/Microsoft standard (version 3.2). The EMS-5150 also provides future expansion through its "PLUS" expansion connector. Comes with 256K RAM. Also included is a versatile RAM disk, Print spooler, and EMS software. For use with the Tandy 1000/1000 SX/3000 HL/PC Compatibles. 90-2154 ..... 229.95

National Instruments

GPIB-PC 2000 CARD™. IEEE-488 interface transforms a Tandy 2000 into an instrumentation workstation with capability of controlling over 4000 different instruments. 90-2021 ..... 795.00

GPIB-PC DOS Software. Transform GPIB controller with complete communications and bus management capability. 90-2022 ..... 430.00

Natural Micro Systems

Watson Voice Management System™. An integrated modem that puts the "voice" in voice/data communications. Includes voice mail system, electronic telephone database, auto/dial, calendar, remote editing and more. 90-2082 ..... 498.00

Watson-VIS Software. An upgrade software that turns Watson into a voice information system. Perfect for customer messages, orders after business hours, polling, telemarketing and more. 90-2083 ..... 298.00

Novation

MA-100 Modem Adapter. Allows use of a modem with personal and laptop computers where direct access through a modular jack is not available. Allows communications at 300 bps under normal conditions (and sometimes 1200 bps). 90-710 ..... 129.95

Omnitel

Netcomm Q2400. Consists of four 2400 bps modems on a single card that plugs into one slot of a Tandy 3000/4000 or IBM PC/XT/AT personal computer. Ideally suited for LAN applications. 3Com compatible. 90-2136 ..... 1795.00

PBJ Computer Products

MFB-1000 MultiFunction Board. Contains the three most needed functions on a single expansion card. The MFB-1000 contains up to 256K (expandable to 512K) of RAM for the Tandy 1000 (original), a serial port, and a battery-backed real time clock/calendar. 90-2078 ..... 279.95

X RAM™ Memory Expansion Board. Breaks the 640K barrier imposed by DOS and adds up to two megabytes of memory to your system. Includes 256K and a versatile RAMdisk program. Intel/Lotus/Microsoft compatible. For Tandy 1000 PCs. 90-2079 ..... 259.95

PC Mouse

PC Mouse. Makes working with your favorite software easier and faster than ever. Works with hundreds of programs, and comes with Designer Pop-up™ menus that let you replace typed command and functions with your own commands.

Serial. 90-2113 ..... 159.00

Bus. 90-2114 ..... 179.00

PC Paint Plus. For IBM PC or compatibles. Lets you create full-page presentations quickly and easily—in full color and high resolution. No complex commands. 90-2115 .... 99.00

PC Technologies

286 Express™ Accelerator Card. Full featured, half-slot accelerator card. Compatible with the Tandy 1200 and the IBM PC and PC/XT. Replaces the CPU with an 80286 microprocessor, faster than the one in the AT. Your software will run two to six times faster. 90-2065 ..... 499.00

Rybs Eletronics

AMS HiCard™. A short-slot 256K or 512K memory advancement card for Tandy 1000 SX, 3000/4000, IBM PC/XT/AT and compatibles. Increases 640K DOS to 704K. Network drivers and E-mail installed above DOS in separate memory block allowing more memory for larger applications. 90-2138 ..... 249.00

Shape Magnetronics

Line Tamer™. A power regulator protects against voltage spikes, transients and noise, while providing constant 120VAC power to your computer to protect against brownout and overvoltages. Choose 300 or 450 VA rating.

PCLT 300 Power Regulator. 90-2141 ..... 199.00

PCLT 450 Power Regulator. 90-2143 ..... 259.00

Sigma Designs

Color 400™. Allows your Tandy 1000 SX/3000 to display high-resolution graphics (640 x 400) non-interlaced in 16 colors using the CM-1 monitor. CGA/AutoCAD compatible. Comes with PC Paintbrush. 90-2073 ..... 449.00

EGA 480™. The Enhanced Graphics Adapter 480 supports all 4 PC display standards: Enhanced Graphics, Color Graphics, Monochrome Graphics and Hercules Graphics. Runs all of the new high resolution software written for the IBM EGA, like Drawing Assistant and Windows. For use in Tandy 1000 SX, TX, 3000 and 4000. 90-2089 ..... 449.00

Soundsight

Bubble memory provides permanent, "non-volatile" data storage in a rugged, compact solid-state package. Where speed of access, reliability and data integrity are paramount, bubble memory provides the ultimate in mass storage.

EXPRESS ORDER HARDWARE

128K Bubble Memory for Tandy 102. 90-708 ..... 999.00
128K Bubble Memory for Model 100. 90-709 ..... 999.00

STB

Memory Companion/PC™. STB's Memory Companion/PC offers bank switching capability for the Tandy 3000/4000 and the IBM PC, XT, AT and compatible systems. The board provides up to 2 megabytes of memory for software programs using the Lotus/Intel/Microsoft Expanded Memory Specification. 90-2027 ..... 415.00

EGA Plus™. Tandy 3000/4000 and IBM compatible. Incorporates an Enhanced Graphics Adapter, Graphics Memory Expansion Card, Graphics Memory Module Kit and Parallel Print Adapter on a single video board. 90-2025 ..... 449.95

Chauffeur™. Tandy 3000/4000 compatible. Displays IBM color/graphics software in a full-screen format, without any software modifications. Colors are converted to a 16-level grey scale. 90-2026 ..... 299.95

Grande Byte™. Offers a variety of memory expansion sizes for the Tandy 3000/4000 and the IBM AT. Provides up to 2.5 megabytes of extra memory for RAM disks, multitasking programs or multiuser operating systems. 90-2028 .... 399.95

Rio PLUS II™. A multifunction board for the Tandy 3000/4000. 256K RAM, parallel printer port, serial port and clock/calendar are standard. Options include more memory, second serial port and game port. 90-2072 ..... 325.00

Super I/O II. Provides four I/O functions for the Tandy 1000/3000/4000 and other PC compatibles. Includes parallel port, serial port, game port and clock/calendar. 90-2071 .. 179.00

Chauffeur EX Display Adapter. The first 1056 × 352-resolution video adapter for your Tandy 1000 EX. Supports CGA, MDA, Hercules, and other modes. View up to 65% more data on a Lotus screen when used with a VM-5 monitor. Use on other PCs with PLUS Upgrade Adapter Board.
90-2084 ..... 295.00

Tallgrass

Tallgrass TG-1020e Tape Backup. External tape backup system. 90-2064 ..... 1195.00

TouchBase Systems

WorldPort 1200™. Battery-powered for true portable operation, this 300/1200-bps modem is designed for laptop computer users on the go. Provides ideal connection to E-Mail services, on-line databases and host computer environments. Hayes compatible. Only 4 × 2½ × 1". 90-704 ..... 199.00

Tecmar

5251/11 Emulator™. Allows you to use your Tandy 1000/3000/4000, IBM PC, XT or AT as an IBM 5251/11, 5291 or 5292 Model 1. Your computer can communicate with an IBM System 34/36/38 computer. In addition to two host sessions, you can use your PC as a regular computer. 90-2034 ..... 795.00

Captain™. A complete multifunction board that adds up to 384KB system memory, parallel printer port, serial port and clock/calendar. The basic add-on for your Tandy 3000/4000, IBM PC or compatible computer. Comes with bonus software package from Tecmar. 90-2037 ..... 399.00

Telebyte

Shorthaul Modem™. Modem/line driver for linking any RS-232-based devices. Up to 19.2K baud, full duplex.
90-2004 ..... 106.00

RS-232 to Phone Plug Converter. Convert RS-232 to modular phone connector.
HOST. 90-2005 ..... 29.95
TERMINAL. 90-2006 ..... 29.95

Trionix

Trionix 8087 Adapter. Allows you to add a Math Co-Processor to your Tandy 1000 or Tandy 1000 HD which speeds up CAD and other applications by as much as 10 times. Requires special software. For 25-1000 and 25-1001 only. 8087 Math Co-Processor sold separately. 90-2070 ..... 240.00

Ven-Tel

Half Card 24. Modem can be used with any communications software written for the standard "AT" command set. Provides 2400, 1200, and 300 baud operations. includes an on-board speaker, extra phone jack, and is selectable to COM 1, 2, 3, or 4. 90-2067 ..... 475.00

Videotrax

VCR Backup. Uses a video tape recorder (VTR) to transfer a copy of the data on your computer's hard disk drive to a video tape. 90-2112 ..... 595.00

Warp Speed Computer Products

Warp Speed™ Light Pen. Operates on either monochrome or color monitor. Includes free driver software for Tandy DeskMate®, Microsoft® Windows and a File Controller.
For Tandy 1000. 90-2069 ..... 199.99
For Tandy 1200. 90-2074 ..... 199.99

Western Digital

PLUS Hard Disk Adapter. Use your Tandy 1000 EX with a hard disk. Supports use with Tandy's 10-, 20- and 35-megabyte secondary disk systems. 90-2140 ..... 229.00

FileCard 30™. An easy-to-install hard disk that mounts in an 13 inch expansion slot. Provides 30 megabytes of storage for Tandy 1200, 3000 HL and PC compatibles. 65 ms average access time. 90-2160 ..... 995.00

X-10

X-10 POWERHOUSE Computer Interface. Program the interface to control lights and appliances in your home. Transmits control signals over your home's electrical wiring to X-10 or Radio Shack Plug 'n Power™ Modules (sold separately). Up to 128 timer events and 256 icons (graphical pictures of lights and applicances) can be stored. Once interface is programmed, your computer is disconnected to be used for other applications. Battery back-up provision. 90-2087 ..... 49.95

Zoom Telephonics

Zoom/Modem PC 1200 XL. Hayes-compatible internal modem for IBM PCs and compatibles. Configurable for four COM ports, it works reliably with 80286 and 80386 based machines. 1200/300 bps upgradeable to 2400 bps. Features include touchtone decoder, E-mail buffer and clock/calendar.
90-2133 ..... 289.00

Important Express Order Hardware Notice

Products offered in the Express Order Hardware program are supported directly by the hardware manufacturer. This includes questions related to the use of the products, as well as repairs or maintenance. The manufacturer, not Radio Shack, is completely responsible for the warranty of the product.

TANDY WORKGROUP SOLUTIONS

Each workstation can run a variety of applications: write memos and letters, send messages, do spreadsheet planning and more.

A Tandy 4000 or 3000 computer with hard disk acts as the file server, providing the information for all of the workstations. Tandy 4000, 3000, 1000 and most other PC-compatibles can be used as workstations.

People and PCs Working Together™: The Tandy®/3Com® Workgroup Solution

Now you can use your PC to share information with your colleagues, update files in a common database and route messages and other mail—electronically.

That's because Radio Shack and 3Com have teamed together to provide the right workgroup solution to meet your computing and communications needs. Together, we can deliver high-speed performance, IBM® compatibility, remote connectivity, and enhanced functionality using industry standards.

Share in Proven Technology

The ease of installation and ease of use of a Radio Shack/3Com workgroup means each user can become more productive quickly, while network management is kept simple. Just connect your Tandy computers and other PC compatibles on 3Com's network.

You'll still be able to work independently, but you'll have the added advantage of working together as a group—a workgroup. You can share printers and communicate with other workgroups in your office.

And since 3Com's network software is based on IBM applications standards, you can use leading programs like WordPerfect and dBASE III Plus™.

Easy to Use

A user simply requests an application from the network server (a Tandy 4000 or Tandy 3000 with hard disk). The server passes the application to the user's workstation (a Tandy 4000, 3000, 1000 SX or PC compatible). The application is loaded into memory and ready to run.

We Offer Total Support and Service

Installation is simple and worry-free, because Radio Shack handles all the details. We'll even arrange to train your employees and provide professional service and support.

The reputation and support of Radio Shack and 3Com is unsurpassed. Together, we can provide the performance, standards and expandability that assure your initial investment will be maintained today and as your workgroup grows well into the future. Find out how your business can benefit from a Radio Shack/3Com workgroup today.

3Com/Registered TM 3Com Corporation. IBM/Registered TM International Business Machines Corp. WordPerfect/WordPerfect Corp. dBASE III Plus/TM Ashton-Tate.

3COM WORKGROUP SYSTEM

3Com Workgroups

A 3Com workgroup consists of seven major components. There are network servers, the user workstations, the interface cards, the cables, the network software for both servers and workstations, the application software, and peripherals (one of the shared resources that make networking so cost-effective).

- A server is a computer with a hard disk that is dedicated to serve a network function. The Tandy 4000 and 3000 with hard disk drives can function as servers. Tape backup is highly recommended for data and file security.
- The workstations can be a Tandy 4000, 3000 or a 1000 TX/SX. Refer to your workgroup compatibility guide for other brands and models.
- The interface card is a 3Com product. The card is the link between the workgroup PCs and the interconnecting Ethernet cable.
- The network cable can be thin or thick Ethernet cable.
- There are two kinds of software: network software and applications software. 3Com's network software falls into two categories: server and user. The base product—and a requirement for all other optional 3+ software—is 3+Share.
- Finally, not only do workgroups allow users to share data and communicate with each other, but a workgroup also allows users to share resources like disks and printers.

VIANET™ WORKGROUP SYSTEM

ViaNet Workgroups

- **Link Multiple MS-DOS Tandy 1000, 1200, 2000, 3000 and 4000 Computers, As Well As IBM PC and PC-Compatible Computers**
- **Design An Automated Office to Share Software and Hardware Resources**
- **Works With Existing MS-DOS 2.1, 3.0 Software**
- **Uses MS-DOS 3.x Record Locking**

With ViaNet, the workgroup solution gives your office word processing, electronic mail, spreadsheets, database and accounting solutions while sharing programs, data and such costly resources as letter-quality printers, hard disks or backup devices. The software is resident at each station, so the network operates as a global supervisor, without requiring a "master" station. Most important, ViaNet is as easy to use as a stand-alone computer. Operating system commands work precisely the same under ViaNet as in a stand-alone environment. Each computer in the system requires an Arcnet Datalink Board, and is connected to a "hub" with coaxial cable. Boards include software and user's guide. Installation recommended (not included). ViaNet requires 128K more RAM than is required for applications and MS-DOS.

MULTIUSER TANDY 6000 HD

3499.00 512K with 15-Meg. Hard Disk
Lease for Only $125 Per Month†

- **Features 512,000 Characters of Internal Memory—Expandable to 1 Megabyte**
- **XENIX Operating System (sold separately) Can Support Multiple Users**
- **One Floppy Drive and 15-Megabyte Hard Disk Built In**
- **Unique Dual-Processor Design (8-Bit and 16-Bit)**
- **Four Internal Slots for Easy User Expansion**
- **Multiuser Business Software Available**

Multiuser Tandy 6000. Now you can accomplish complex tasks with ease—the Tandy 6000 microcomputer puts superior performance in a compact desktop system! Advanced 16/32-bit technology permits the Tandy 6000 to utilize much more memory and process data at much higher speeds than 8-bit micros. The Tandy 6000 features 512K memory and easy user expansion. The optional XENIX operating system lets you turn the Tandy 6000 into a three to six-workstation office system for accounting, spreadsheets, word processing, database needs and more.

16/32-Bit Technology. The Tandy 6000 is designed around the Motorola 68000 microprocessor that accepts 16-bit data and processes it internally as 32-bit "words". A second microprocessor—the Z-80A—handles input/output and a variety of other "housekeeping" chores.

Expandable. Two RS-232C serial interfaces and a parallel printer interface allow easy expansion. Add additional memory and options via the user-accessible card cage.

Deluxe Features. The Tandy 6000 includes a high-resolution 12″ green video display (80 x 24) and a detachable typewriter-style keyboard with numeric keypad and 8 function keys.

Tandy 6000 HD. 26-6022 . . . . . 3499.00

COMMITMENT TO EDUCATION

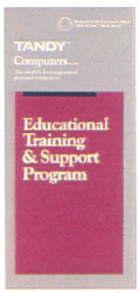
We Understand Educational Needs

Our Education Division is dedicated to education. Since 1979, we have devoted a full-time effort to support Tandy/Radio Shack computers in the classroom. We offer one of the most comprehensive libraries of educational software available. Our professional Educational Marketing organization of Regional Educational Coordinators and company-certified Educational Specialists are specially trained to meet the instructional and administrative objectives of educators.

Meeting of the Minds

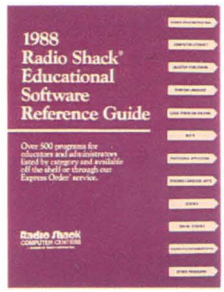
For the past four years, Radio Shack has co-sponsored the International Conference on Education and Technology with distinguished universities. This conference brings outstanding worldwide leaders in Educational Technology together to further explore—with educational decision-makers—the applications of computer technology as well as the potential benefits and problems of computer usage in education.

Educational Training and Support



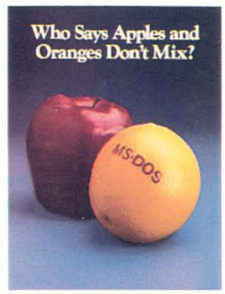
Radio Shack is committed to helping educational customers maximize the return on their investment by realizing their instructional and administrative goals. We offer customized training and installation services, telephone support services, support at your site, System Administrator services, and custom database design. And our new Educational Support Specialist, along with the Regional Educational Coordinator, stands ready to provide the specialized training and support services that you need. Our commitment to education is the same as yours . . . it's our #1 job!

Educational Software Guide



The RSC-19E helps educators select the software they need to support and enrich their curricular and administrative objectives. More than 475 programs published by the Radio Shack Education Division and noted educational publishers are described in this guide, and available through our Express Order service. The RSC-19E index is arranged both alphabetically by software title and by computer model. The software descriptions, organized by grade level, include: Business Education/ Vocational, Computer Literacy, Desktop Publishing, Reading/Language Arts, Foreign Language, Logic/Problem Solving, Math, Professional Applications, Science, Social Studies, and Teacher Utilities/Administrative.

Step Up to the Industry Standard

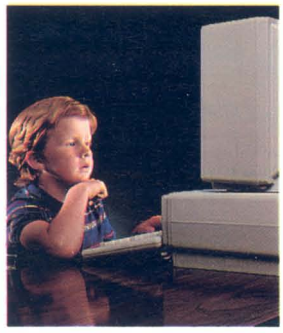


Now you can expand with MS-DOS technology using the Tandy 1000, and still use any existing Apple software your school may have. The TRACKSTAR 128 board (see page 15) lets you use industry-standard MS-DOS software, as well as educational software designed for the Apple II, II+, IIc and the IIe computers. TRACKSTAR supports Apple text and graphics modes, Apple joystick and connector devices, and for even more fun in learning, it supports music and sound, as well. MS-DOS skills will be a valuable tool in your students' future—now you can provide these features without losing any previous software investment.

MS-DOS/Registered TM Microsoft Corp. Apple/Registered TM Apple Computers, Inc. TRACKSTAR/TM Diamond Computer Systems, Inc.

SHARED LEARNING SYSTEMS

Tandy and Education Systems Form An Integrated Reading and Math Learning System



Tandy Corporation and Education Systems Corporation have teamed up to offer elementary schools the finest reading and mathematics curriculum available. The rapid advancement in microcomputer technology has brought us to the point where it is now cost effective to deliver individualized instruction that motivates students throughout an interactive curriculum.

The scope and the sequence of each program parallels the major basal textbooks, making the software compatible with ongoing instruction. The lessons are correlated with the leading standardized achievement tests, including CTBS and Iowa.

The software takes advantage of state-of-the-art computer technology provided by Tandy Corporation. All lessons are in color, utilize extensive graphics, friendly characters, voice, music and animation—so students never get bored!

Research indicates that children progress by learning how to think, rather than by performing constant drills and exercises. The approach our system has taken emphasizes thinking skills, positive attitudes toward subject matter, mastery and application of a concept and positive work habits.

For more information, contact your nearest Radio Shack Computer Center for the name of your Regional Education Coordinator.

Classroom Network Systems

Turn Your Individual Computers into a Shared Learning System

- **Link Multiple Tandy 1000, Model III/4 Computers**
- **Share a Common Hard Disk System and Printer**
- **Run Existing MS-DOS and Standard TRSDOS 1.3 Applications Software**
- **Supports Programming, Business Education and Computer-Aided-Instruction (CAI) Applications**
- **One Cable Connects All Stations for Communications**
- **Master Station Serves Up to 63 Student Stations**
- **Student Stations Function Like Stand-Alone Computers With 4 Floppy Drives**

Classroom networks allow students shared access to expensive peripheral equipment, such as printers, hard disks and software. The elimination of diskettes means more time on task, therfore more time for learning.

Network 4. Incorporates some of the most advanced networking technology available to make shared computer learning possible for large groups. Using a twisted-pair cable, the Network 4 connects an entire classroom of upgraded Model III, Model 4 and Tandy 1000 computers to a master computer with a hard disk drive or drives. The student stations can then share the hard disk, each station operating virtually as a stand-alone system. Each user can quickly access programs, data files and storage areas on the hard disk as designated by the teacher. Student stations have full print capabilities at their own local printers. For remote printing, a SPOOL utility directs print output to a file. Spool files can be printed on the printer connected to the master station or other dedicated station.

System Requirements. Network 4 requires a Model 4 host (Model 4 plus Upgrade Kit); a Model 4-compatible hard disk (such as the 35-meg primary AXX26-4171 or 20-meg 25-1041 plus Model 4 Controller 26-1138); Network 4 Operating System 26-2773; and a trunk cable. A disk-equipped Model III or 4 is needed to initialize the network hard disk. An Active Junction Box (26-1225) is required to connect more than 32 stations to the trunk cable, or to extend the trunk cable beyond 1000 feet.

Tandy 1000 Station Requirements. Each Tandy 1000 computer requires at least 256K RAM and the Network 4 Interface Board. Tandy 1000 station software 26-2772 is required for each network, in addition to the Network 4 Operating System. Operating under MS-DOS 2.1, Tandy 1000 stations keep full use of local drives and gain four drives from the Network 4.

Model III/4 Station Requirements. Model III and Model 4 computers require at least 48K and the Model III/4 Upgrade Kit. At least one disk-equipped Model III or Model 4 station is required for installing application software. Model III/4 stations operate under a network version of TRSDOS 1.3, which is included with the Network 4 Operating System package.

Network 4 Operating Software. Controls network server and hard disk. Includes operating software for Model III/4 stations to share network hard disk and printer.
26-2773 ..... 230.00

Network 4 Operating Software for Tandy 1000 Stations. Enables Tandy 1000 stations to share network hard disk and printer. Requires Network 4 Operating System 26-2773.
26-2772 ..... 299.00

PLUS Network 4 Interface.
25-1019 ..... 299.95

Model III/4 Network 4 Upgrade Kit. Requires installation (not included).
26-1136 ..... 299.95

100-Foot Trunk Cable*.
26-1218 ..... 16.95

500-Foot Trunk Cable*.
26-1214 ..... 69.95

1000-Foot Trunk Cable*.
26-1215 ..... 119.95

Tap Box. (Optional.)
26-1216 ..... 9.95

Tap Cable. (Optional. For Model III/4 and PLUS Network 4 Interface only.)
26-1217 ..... 9.95

Active Junction Box.
26-1225 ..... 199.95

Network 2. I/III/4/Color Computer/Model 100. Allows easy management of student programs. You can simultaneously load a program into all 16 student systems at either 500 or 1500 baud, depending on the computers used. Use with Model I/III/4 as host and student stations, or with Color Computers as host and student stations. The Network 2 can be used to transfer ASCII files with Model 100 student stations and either a Model 100 or a Model 4 host. Controllers can be cascaded to connect more stations. Includes all cables.
26-1211 ..... 499.00

Administrative Network System

Our new Tandy/3Com Workgroup Solution can help improve communication between individual schools and your administrative office. School administrators and curriculum specialists can assemble student data and keep grade and attendance records up-to-date. District objectives can be communicated quickly, repetitive paperwork can be reduced, and administrative decisions can be based on more accurate information. Our Regional Coordinators, Educational Specialists and our new Education Support Specialist are available to discuss how your school can get People and PCs Working Together™ with the Tandy/3Com Workgroup Solution.

*Trunk cables include termination resistors.

POWERFUL COLOR COMPUTERS

Superb Graphics Resolution and Uncompromising Performance at An Incredible Price

NEW LOW PRICE! **199.95** Was $219.95 in Cat. RSC-17 Low As $15 Per Month*

Less Monitor and Monitor Stand

- **Choose From a Palette of 64 Brilliant Colors**
- **Produce Sharp, Crisp Graphs and Illustrations**
- **Display 32 x 16, 40 x 24 or 80 x 24 Text**
- **160 x 192, 320 x 192 or 640 x 192 Resolution**
- **Use With a High-Resolution Monitor or Your Own TV**
- **Expands Easily As Skills and Needs Grow**

128K Extended BASIC Color Computer 3. The Color Computer 3 can be used for programming, budgeting, word processing, database management, spreadsheet analysis and much more. To create incredibly detailed charts, graphs and engineering drawings in vivid colors, simply connect the Color Computer 3 to the CM-8 monitor (sold separately). The special higher graphics mode lets you paint 160 x 192 or 320 x 192-resolution graphics using 16 out of the 64 total colors. Or produce razor-sharp 640 x 192-resolution in 4 colors. The 21 commands featured in the Color Computer 3's Extended BASIC language allow you to switch between screens, colors and backgrounds at a higher resolution and in a greater variety of colors than any previous Color Computer. When connected to a TV, the Color Computer 3 will display text in a 32-character by 16-line format. Get a 40-character by 24-line or 80-character by 24-line display with a monitor. Best of all, the Color Computer 3 is compatible with most software and accessories designed for the Color Computer 2. Expands easily. UL listed
AC. 26-3334 ..... 199.95

Color Computer 3 512K Upgrade Kit. Installation required (not included). 26-3335 ..... 149.95

SPECIFICATIONS FOR COLOR COMPUTER 3. Microprocessor. 68B09E 8/16-bit. **Clock Speed:** 0.894 MHz or 1.788 MHz. **Keyboard:** 57 keys, including Control, Alternate, F1 and F2. **Video Display:** 16 lines of 32 characters (uppercase only) to 24 lines of 80 characters (uppercase/lowercase). Color graphics capabilities range from 64 x 32 (8 colors) to 640 x 192 (3 colors and background color) with 6 intermediate display formats. High-resolution graphics in the same range available through machine language, Extended BASIC or Program Paks. **Memory:** 128K RAM—internally expandable to 512K. Twenty-one commands in enhanced Extended BASIC. **Input/Output:** 1500-baud cassette (recorder optional). Two joystick ports. RS-232C serial port (4-pin only). Standard TV (300 ohms), composite monitor and RGB Analog Monitor outputs. **Dimensions:** 3 x 10⅜ x 14¾". **Power:** 120VAC, 60 Hz.

High-Resolution RGB Analog Color Monitor

299.95

Low As $15 Per Month*

Designed for the Color Computer 3

CM-8 RGB Analog Color Monitor. Displays up to 80 x 24 text and 640 x 192 graphics. Features a 13" diagonal screen and a built-in speaker with volume control. Includes cable. UL listed

Access National News and Information by Phone

CompuServe Information Service

Get "on line" with this exciting information service. CompuServe offers local, national and international news (read headlines before they've gone to press!), weather and sports from major newspapers like *The New York Times* and *The Washington Post*, plus the full newswire service of the Associated Press. Get historical information and updates on over 32,000 stocks, bonds and securities. There's also a home and educational reference service and computer games. Send and receive "electronic mail". All this—and much more—available at a low hourly rate (additional charges for some services).

Dow Jones News/Retrieval

A "direct line" to Wall Street. Dow Jones News/Retrieval gives you current market quotes (subject only to the mandatory 15-minute delay) on all stocks, bonds and options traded on the major exchanges—plus selected U.S. Treasury issues. Detailed financial statistics compiled by Media General Financial Services are available for all NYSE and AMEX traded companies. There are also "electronic editions" of *The Wall Street Journal*, *Barron's* and the Dow Jones "Broadtape"—as recent as 90 seconds and as far back as 90 days.

Universal Sign-Up Kit

Includes an information kit for CompuServe and Dow Jones. Requires software or terminal emulation.
26-2224 . . . . . 19.95

Videotex Plus

Videotex Plus software packages allow access to national information networks and data bases using your computer and an optional-extra modem. A powerful and sophisticated communications package, Videotex Plus lets you communicate with any computer information service, such as CompuServe and Dow Jones News/Retrieval. Simply dial a phone number (usually local), press a few keys and the desired information appears on your screen. Includes one FREE hour on both the CompuServe and Dow Jones! After that, you'll be billed at their low hourly rates.

Model I/III Package.

Discover How Tandy Desktop Publishing Can Improve Your Business or Personal Printed Communications

When Did Desktop Publishing Begin? Many believe the beginning of desktop publishing began when laser printers first appeared on the scene. The advent of the laser printer was important to the development of desktop publishing because until then there had been no printer capable of providing resolution similar to that produced by typesetting machines.

What Can Desktop Publishing Do? By incorporating the laser printer, personal computers and easy-to-use software, desktop publishing makes available publishing capabilities previously handled either manually or by expensive dedicated systems. Users, of products like the powerful PageMaker software, are now able to design, edit, and produce high-quality printed newsletters, brochures, manuals, forms, letterheads, business cards, banners, signs and much more easily and inexpensively. Applications are limited only by your creativity and imagination.

For more details, refer to the Desktop Publishing Section of the Software Reference Guide in this catalog. You'll find products that range from inexpensive packages that produce simple banners and signs, to sophisticated desktop publishers that can generate camera-ready art for brochures, newsletters or business cards.

USEFUL COMPUTER ACCESSORIES

Universal Computer Floor Stand

29.95

Holds CPU in Vertical Position

Save desk space—place our Universal Computer Floor Stand next to your workstation. Securely holds Tandy and other PCs. Width adjusts to 6". Steel construction. Non-skid rubber feet. Easy to assemble. 26-201 ..... 29.95

Universal Monitor Pedestal

16.95

- Adjusts for Better Viewing
- Works with Most Monitors

Adjustable platform rotates and tilts for best viewing angle. Holds all Tandy monitors and many others. Color and finish of platform matches Tandy monitors. Base measures: 11 x 10 1/4".
26-1369 ..... 16.95

Monitor Platform

29.95 **Perfect for Tandy 1000 EX/HX**

Designed to hold a monitor and disk drive for the Tandy 1000 EX/HX. Also suitable for the Color Computer. Steel legs, wood top. 5 3/8 x 20 3/4 x 11 7/8". Easy to assemble. 26-210 ..... 29.95

Deluxe Printer Platform

49.95 **Stack Paper Under Printer**

Saves desk space. The Deluxe Printer Platform elevates your wide-bed (132-column) printer so paper feeds from below (3" clearance). Smoked acrylic. Platform measures 3 1/2 x 22 x 16". A "must" if you want a well-organized computer work area. 26-1383 .. 49.95

Universal Printer Supports

16.95 **Ideal for Home Systems**

Elevates your printer so fanfold paper can be placed underneath to save desk space. Use with 80-column printers. Durable crystal polystyrene construction. Easy to assemble.
26-1367 ..... 16.95

Anti-Glare Mesh Screen

24.95 **Cuts Glare and Reflections**

For Tandy color monitors (CM-1, 2, 4, 5, 10, 11, and EGM 1). Also fits VM-2 monochrome monitor. Specially woven diagonal nylon mesh provides high viewing resolution. Easy to install.
26-202 ..... 24.95

Deluxe Anti-Glare Panel (not shown). For Model I/II/III/4/16 screens.
26-1457 ..... 24.95

Anti-Static Mat

89.95

Static Protection

Drains static charges that can damage your computer. Carbon fibers remove charges instantly. Clear textured vinyl. Cleats on bottom prevent slipping on carpet. With 10-ft. grounding cord. 45 x 53". 26-214 ..... 89.95

Anti-Static Spray

5.95 **Use on Equipment, Screen or Carpet**

Helps eliminate problem-causing static. Safe. 16 fl. oz.
26-515 ..... 5.95

Protective Dust Covers

B Keyboard Cover. Not for 25-4038.

COMPUTER ACCESSORIES

Standby Power System for Office and Home

NEW FOR 88

349.95

Low As $18 Per Month*

BPS 250. Guards against data loss in case of a brownout or electrical failure. Provides more than 7 minutes of full power operation (250 watts) to allow you to shut down your system safely. During normal operation, the BPS 250 also protects your equipment against harmful electrical spikes and transients. Easily handles power requirements of Tandy 3000—even when supporting extra drives. Three outlets. U.L. listed.
26-250 ..... 349.95

Power Switching System

79.95 **Adds Versatility to Any Computer System** Computer and monitor not included

Turn five individual accessories on and off from the front panel. Holds all Tandy monitors and swivels for best viewing angle. Provides full power line noise filtration, plus full common and differential mode transient protection. Features status lamp and six outlets (five are switch controlled). Rated 15A. Includes circuit breaker and 10-ft. line cord. U.L. listed.
26-203 ..... 79.95

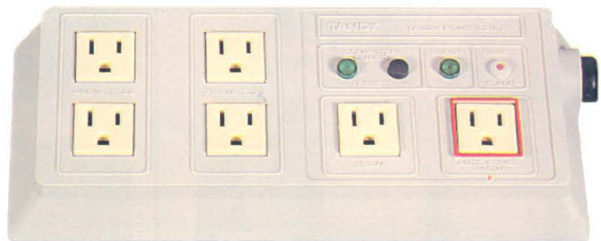
Twin Outlet Power Protector

18.95

- **Our Lowest Priced Power Protector—A "Must" for Any Home System**
- **Protects Computer and Peripheral Against Harmful Power Spikes and Line Noise**
- **Plugs Into Any 120-Volt AC Outlet**

Provides common and differential mode transient protection (50 joules per mode, 25 nanoseconds, 340-volt clamping at 50 amps), plus full power line noise filtration. Includes MOV status lamp. Rated 10A. Includes push-to-reset circuit breaker. U.L. listed. 26-1395 ..... 18.95

Deluxe Power Center



69.95 **Convenient Auto Power Switch**

Provides full common and differential mode transient protection with MOV status lamp (50 joules per mode, 25 nanoseconds, 340-volt clamping at 100 amps). Full external and internal noise filtration in four isolated segments. Auto-sense power switch with adjustable sensitivity. "Once-off, stays off" power dropout protection with indicator lamp, reset button. Rated 15A. Push-to-reset circuit breaker. 6-ft. power cord. U.L. listed. 26-1396 ..... 69.95

Computer Cassette Recorder

59.95

CCR-81 Recorder

A "Must" for Our Tape-Based Computers

CCR-81. Ideal for loading and saving your own programs and data on cassette tapes. Battery/Record LED indicator. 10½ × 5¾ × 1 13/16". Includes cable. U.L. listed AC operation or four "C" batteries (not included).

1988 Software Reference Guide

Ready to Use Programs for Tandy/Radio Shack and PC-Compatible Computers

This section of the catalog describes software available "off the shelf" from Radio Shack, as well as many other top name packages available through our exclusive Express Order Software service. This service brings you software that's performance proven, and professionally supported by each software manufacturer.

Express Order items can be ordered at any Radio Shack Computer Center, Radio Shack store or participating dealer. Orders are transmitted electronically and shipped the next business day for super-fast service.

Software descriptions are arranged by the categories described in the Handy Index. Complete listings by title can be found in either of the two main indexes. One index is organized alphabetically; the other is organized by computer model.

Get Our Special Educational Software Catalog FREE at Radio Shack Today

In addition to this catalog—the RSC-19—Radio Shack has another catalog to help make your selection of educational software easier. Our RSC-19E lists software that's available "off-the-shelf" from Radio Shack or through our exclusive Express Order service. You can pick up your free copy of the RSC-19E at any Radio Shack Computer Center or participating Radio Shack store or dealer.

Important Software Notice

Radio Shack has made reasonable effort to insure the accuracy of the information presented by each software manufacturer. The information is subject to change or amendment.

All Radio Shack computer programs are licensed on an "as is" basis, without warranty. Radio Shack shall have no liability or responsibility for any loss or damage caused or alleged to be caused directly or indirectly by computer equipment or programs sold by Radio Shack, including but not limited to any interruption of service, loss of business or anticipatory profits or consequential damages resulting from the use or operation of such computer or computer systems.

Typical Software Description:

Company logo for quick and easy identification of software manufacturer.

Software listed alphabetically by title.

The computers that can run the program. PC-Compatible includes the 1000 EX, 1000 HX, 1000 SX, 1000 TX, 1200, 3000 HL, 3000 and 4000. Color Computer includes the Color Computer, Color Computer 2 and Color Computer 3.

STAR SOFTWARE SYSTEMS

Accounting Partner I

PC-Compatible/2000

Description: The Accounting Partner is a complete accounting system designed for a small growing business. The system offers a complete General Ledger with Profit and Loss statements, Balance Sheets and Check Writing. Also includes Accounts Receiveable module with Customer Invoicing and Statements, and Accounts Payable module with Paychecks and Government Reporting. The system is upgradable to the Accounting Partner Plus (90-0215), without data loss. Customized reports can be created using DB Partner (90-0216), Star's relational database.

Hardware Requirements tell you if the software requires more than the standard computer configuration currently sold.

Hardware Requirements: Two disk drives.

Support: Provided by Star Software Systems for a nominal charge.

Indicates the company providing support for the program after purchase.

90-0112 ..... 99.00

Catalog number and price line for each computer.

©1987 Tandy Corporation, Fort Worth, Texas 76102. Prices apply at Radio Shack Computer Centers and participating Radio Shack stores and dealers. The Company cannot be liable for pictorial or typographical errors.

Handy Index

Accounting—Page 51. Includes general ledger, accounts payable, receivable, payroll and more.

Business Graphics—Page 65. Turns complicated columns of numbers into easy-to-understand graphs.

Business Management—Page 66. Includes time and appointment schedulers, project and expense managers and desktop organizers.

Communications—Page 67. A complete selection of terminal/communications packages to access mainframe computers, an information service or bulletin board.

Database—Page 70. Helps eliminate the file drawers of paper you maintain.

Desktop Publishing—Page 74. Programs for creating newsletters, forms, announcements and documents.

Education (Home)—Page 76. Software to help you and your children improve skills.

Entertainment—Page 82. Programs to keep you or your children entertained, to relax after a hectic day or to liven up a party.

Graphics/Design—Page 94. Includes everything from professional computer-aided design software to simple "painting" programs.

Industry Specific—Page 96. Software for doctors, real estate agents, home builders, lawyers, investors, farmers, retailers and others.

Integrated Products—Page 101. Programs that combine database management, word processing, graphics and more into one package.

Math/Science—Page 105. Programs for number crunching, statistical analysis or scientific projections.

Operating Systems—Page 106. The different disk operating systems featured in this section open up a new world of applications.

Personal Management—Page 107. You'll find programs to help manage your finances, investments, home inventory and much more.

Programming Tools—Page 109. Computer languages—from BASIC to C—are available.

Spreadsheets—Page 112. Electronic ledger programs for doing profit and loss projections, sales analysis, budgeting and engineering calculations.

Training—Page 114. Helps you learn how to use your computer.

Utilities—Page 115. RAM disks, conversion programs, print utilities and bar code software.

Word Processing—Page 118. Prepare correction-free letters, memos and reports.

Accounting

RealWorld Corporation

4-In-1 Basic Accounting

PC-Compatible

Description: Integrates accounts receivable, accounts payable, general ledger, payroll and special functions in one package. Accounts Receivable allows maintenance of customer data; prints lists and labels. Handles processing of regular and recurring sales, CR/DR memos, finance charges and cash receipts transactions. Prints a deposit list, invoices, statements and an Aged Accounts Receivable Summary. Accounts Payable allows maintenance of vendor data, prints lists and labels. Handles processing of regular and recurring bills payable and disbursement transactions. Prints checks and an Aged Accounts Receivable Summary. Payroll allows maintenance of employee data, prints employee lists and labels. Handles processing of payroll transactions; prints register, payroll checks, employee history report, quarterly report, non-employee compensation report and W-2 forms. General Ledger allows maintenance of chart of accounts; prints list of GL accounts. Handles processing of regular and recurring general ledger transactions. Prints Trial Balance and financial statements. Special functions include checking account transfers, checking account adjustments, checking account reconciliation and loan calculations. Prints checkbook and loan amortization schedule. Offers on-line help, automatic installation, reports print to the screen, handles three checking accounts and has simple backup procedures.
Hardware Requirements: Two disk drives.
Support: Users receive one free hour of telephone support. A support subscription plan is available from RealWorld for a fee.
90-3083 ..... 595.00

STAR SOFTWARE SYSTEMS™

Accounting Partner I

PC-Compatible/2000

Description: The Accounting Partner is a complete accounting system designed for a small growing business. The system offers a complete General Ledger with Profit and Loss statements, Balance Sheets and Check Writing. Also includes Accounts Receivable module with Customer Invoicing and Statements, and Accounts Payable module featuring Purchase Order Writing, a full Multi-State Payroll module with Paychecks and Government Reporting. The system is upgradable to the Accounting Partner Plus (90-0215), without data loss. Customized reports can be created using DB Partner (90-0216), Star's relational database.
Hardware Requirements: Two disk drives.
Support: Provided by Star Software Systems for a nominal charge.
90-0112 ..... 99.00

STAR SOFTWARE SYSTEMS™

Accounting Partner Plus

PC-Compatible/2000

Description: The Accounting Partner Plus is a 4-module fully integrated accounting system, plus Calc Partner spreadsheet and Popcorn Desktop. The accounting modules include General Ledger with Financial Statements; Accounts Receivable with Invoicing, Statements and Sales Analysis; Accounts Payable with Purchasing Analysis and checkwriting; Multi-State Payroll with Paychecks and Government Reporting. Calc Partner is a 254 row by 63 column spreadsheet that is fully integrated to the General Ledger for budgeting and "What if . . . ?" analysis. Popcorn Desktop is a RAM Resident Calculator, Notepad, ASCII Table and Calendar. The Accounting Partner Plus is designed to meet the accounting and spreadsheet needs of a fast growing business with sales up to $25 million annually. Customized reports can be created using DB Partner (90-0216), Star's relational database. An integrated Inventory Control Module (90-3057) is also available. the system runs on both ViaNet and 3-Com networks in a single-user mode.
Hardware Requirements: Two disk drives.
Support: Provided by Star Software Systems for a nominal charge.
90-0215 ..... 795.00

STAR SOFTWARE SYSTEMS™

Accounting Partner Plus Inventory

PC-Compatible/2000

Description: The Accounting Partner Plus Inventory is a complete finished goods inventory control system. The system offers an unlimited number of items; LIFO, FIFO, or Average Cost valuation methods; 12 month inventory item history; tracks transactions including shipments, receipts, returns from customers, returns to vendors and adjustments. Provides detailed reports including Inventory File, Status, Transactions, Accounting/Management, Physical Inventory and Product Labels. Its purchasing system maintains data on individual vendors, records and prints purchase orders and purchasing reports. Customized reports can be created using DB Partner (90-0216), Star's relational database. This system can stand alone or can interface with the Accounting Partner Plus (90-0215).
Hardware Requirements: Two disk drives.
Support: Provided by Star Software Systems for a nominal charge.
90-3057 ..... 195.00

STAR SOFTWARE SYSTEMS™

Accounting Partner Plus Upgrade

PC-Compatible/2000

Description: The Accounting Partner Plus Upgrade Kit allows the user of Accounting Partner I (90-0112) to move up to the sophistication and features of the Accounting Partner Plus (90-0215). This Upgrade Kit provides complete instruction manuals and conversion software, so the major rekeying of data is not necessary. The upgrade provides you with additional features like automatic integration between modules, Open Item Accounts Receivable, CalcPartner and Popcorn.
Hardware Requirements: Two disk drives.
Support: Provided by Star Software Systems for a nominal charge.
90-0273 ..... 695.00

BPI SYSTEMS™

BPI Entry One Accounting

1000/3000/4000

Description: BPI Entry One Accounting is a powerful small business accounting package that includes a general ledger, with sub-ledgers for accounts receivable, accounts payable, and payroll. Entry One is designed to provide small businesses with a straight forward, easy-to-use accounting system which produces timely financial reports and information that allow the user to manage his or her business more effectively and efficiently. BPI Entry One Accounting incorporates easy-to-use menus, and utilizes such time-saving features as automatic double entry accounting, automatic check writing, automatic posting, preassigned account prompts, and many others.
Hardware Requirements: Two disk drives.
Support: Provided by BPI Systems for a nominal charge.
90-3194 ..... 89.00

BPI Accounts Payable

PC-Compatible/2000

Description: BPI Accounts Payable maintains vendor records and prints checks. Choose the accrual or cash basis method of accounting. Maintain two consecutive open accounting periods if using the accrual method. Determine unpaid accounts according to four aging periods. Print checks automatically using up to ten checking accounts. Record regular invoices plus credit and deduction memos. Enter vouchers for occasional vendors who have not been assigned a vendor number. Interface with other BPI products: General Accounting, Inventory Control and BPI Business Builder.

Hardware Requirements: Two disk drives.

Support: Provided by BPI Systems for a nominal charge.

90-0372 ..... 295.00

BPI Accounts Receivable

PC-Compatible/2000

Description: BPI Accounts Receivable maintains the information needed to manage cash and credit accounts wisely. Choose between open-item and balance-forward accounting methods. Use four types of charge accounts, including revolving charge, repetitive charge, fixed-installment payment and regular charge. Assess up to two levels of finance charges. Divide receivables into four aging periods. Print customer statements, mailing labels and past-due notices. Interface with other BPI products: General Accounting, Inventory Control, and BPI Business Builder.

Hardware Requirements: Two disk drives.

Support: Provided by BPI Systems for a nominal charge.

90-0369 ..... 295.00

BPI General Accounting

PC-Compatible/2000

Description: BPI General Accounting provides all the features of a complete accounting system. It offers three subsidiary ledgers: Accounts Receivable, Accounts Payable and Payroll; a flexible chart of accounts; six special journals, plus a General Ledger to record each transaction; automatic posting of ledgers; automatic check writing; comprehensive financial reports; integrates with other BPI products. Other features include consolidated and departmental income statements, automatic entries from external sources into the general journal. Reports can be made available to other popular software programs through ASCII file transfer and accounting files can be written in DIF format.

Hardware Requirements: Two disk drives.

Support: Provided by BPI Systems for a nominal charge.

90-0153 ..... 295.00

BPI Inventory Control

PC-Compatible/2000

Description: BPI Inventory Control organizes inventory records and tracks sales and receipts of inventory items. Choose FIFO, LIFO or average cost accounting methods. Adjust for overages and shrinkages automatically. Track low-balance and backordered items automatically and write purchase orders for them. Print customer invoices, packing lists, credit memos and coded price labels. Print lists of inventory items sorted in 14 different ways. Interface with other BPI products: General Accounting, Accounts Receivable, Accounts Payable and BPI Business Builder.

Hardware Requirements: Two disk drives.

Support: Provided by BPI Systems for a nominal charge.

90-0371 ..... 295.00

BPI Payroll

PC-Compatible/2000

Description: BPI Payroll streamlines payday routines. Handles salaried, hourly and commissioned employees. Specify up to three hourly rates and choose from among four methods of calculating commissions. Pay employees weekly, biweekly, semimonthly or monthly. Assign up to six optional deductions (in addition to FICA, FIT and SIT, which are automatic) to each employee. Calculate withholdings automatically for 58 taxing jurisdictions. Set up employer-sponsored IRA contributions. Process pay for employees who receive tips and for those eligible for earned income credit. Print W-2 forms and paychecks. A Payroll Tax Table Update Service is available. Interfaces with other BPI products.

Hardware Requirements: Two disk drives.

Support: Provided by BPI Systems for a nominal charge.

90-0370 ..... 295.00

COBOL Query

4

Description: Query makes it possible for you to quickly retrieve information from your COBOL application data files and design your own reports. You specify the fields to be included and the selection criteria and moments later the required information is displayed on the screen or printed on the printer. The retrieved data can be SORTED on any two fields in ascending or descending order and formatted into a report. COBOL Query output can also be in SCRIPSIT—or Multiplan—readable file format, so you can select and move data from your accounting data files into your documents or spreadsheet for further analysis. Query comes with built-in data dictionaries for the following applications: General Ledger (26-1540), Accounts Receivable (26-1541), Accounts Payable (26-1542), Payroll (26-1543) and Inventory Control (26-1545).

Hardware Requirements: Two disk drives.

Support: Radio Shack.

26-2026 ..... 149.95

Dac-Easy Accounting 2.0

PC-Compatible

Description: The new 2.0 takes Dac-Easy Accounting to a new level of power and performance. There are still seven powerful accounting modules that work in perfect harmony as one system: General Ledger, Accounts Payable, Accounts Receivable, Inventory, Purchase Order, Billing, and Budgeting. 2.0 has been redesigned in C language, and the enhancements in speed, flexibility, and operation are tremendous. New enhancements include multiple company, departmentalization, help screens, pull-down menus, automatic chart of accounts set up, overviews of accounting principles, and many more.

Hardware Requirements: Two disk drives.

Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.

90-0431 ..... 69.95

Dac-Easy Accounting Tutor 2.0

PC-Compatible

Description: Just load the diskette into the computer and be guided through all aspects of Dac-Easy Accounting screen by screen. Dac-Easy Accounting Tutor is perfect for learning the basics of accounting and for mastering the powers of Dac-Easy Accounting 2.0.

Hardware Requirements: Two disk drives.

Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.

90-3165 ..... 19.95

COBOL Query/TM DCM Data Products. Dac-Easy Accounting Tutor 2.0, Dac-Easy Accounting, Dac-Easy Payroll, Dac-Easy Bonus Pack 2.0, Dac-Easy Mate 2.0, Dac-Easy Payroll Tutor 2.0, Dac-Easy Report 2.0/TM Dac Software, Inc.

Dac-Easy Bonus Pack 2.0

PC-Compatible

Description: Five great software packages in one—at one low price. Dac-Easy Bonus Pack 2.0 includes the following: Dac-Easy Accounting 2.0, Dac-Easy Payroll 2.0, Dac-Easy Accounting Tutor 2.0, and Dac-Easy Payroll Tutor 2.0. Plus the popular Pop Up Deskset, which was selected as "Editor's Choice" in a PC Magazine review on desktop programs.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.
90-3169 ..... 149.95

Dac-Easy Mate 2.0

PC-Compatible

Description: Dac-Easy Mate 2.0 has been expanded and is truly a powerful utility that enhances Dac-Easy Accounting and Payroll's performance. One feature of this program is a new ultra-fast backup utility to speed the backup process prior to posting. Another feature is the ability to review a report on the screen before, during, and after printing, then easily saving it for future application. The enhanced ability to create longer macros will save more time and effort than ever before.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.
90-3168 ..... 39.95

Dac-Easy Payroll 2.0

PC-Compatible

Description: New Dac-Easy Payroll provides complete, accurate, instant payroll related information on every employee—including earnings, benefits, raises, taxes, hire dates, deductions, and many more. Once you have entered your data on your employees, the program will automatically calculate the employee's earnings and all federal, state (all 50 states), and local taxes, as well as all government withholdings, and any additional withholdings such as insurance, and other deductions. The system can handle an unlimited number of employees and up to 1000 departments. This new version has three additional earnings codes per employee for maximum wage flexibility and a fast, easy-to-use report generator.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.
90-0150 ..... 49.95

Dac-Easy Payroll Tutor 2.0

PC-Compatible

Description: With primers, illustrations of best uses of the management reports, and step by step examples of common business applications. Dac-Easy Payroll Tutor 2.0 is perfect for learning the basics of payroll for your business and mastering Payroll 2.0.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.
90-3166 ..... 19.95

Dac-Easy Report 2.0

PC-Compatible

Description: Dac-Easy Report 2.0 will allow you to export files to a spreadsheet or database. It also has a powerful report generator that allows you to create custom reports with ease, and the ability to intermix fields from both accounting and payroll, as needed. With Dac-Easy Report 2.0 there is no limitation on the size of file that you can send.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Dac Software, Inc. for a limited time, after which a nominal fee is charged.
90-3167 ..... 39.95

Fiscal Financial

PC-Compatible/2000

Description: Integrated General Ledger, Accounts Receivable with Customer Billing and Accounts Payable system supporting 12 or 13 period accounting with open item and balance forward methods. The system can process multiple companies with up to 20 locations per company. Features include General Ledger—user-defined financial statements, comparative reports against budget and previous year and year-end adjustment capability. Accounts Receivable—user-defined debt aging, finance charge calculation set by customer, invoices, credit notes and statements. Accounts Payable—check writing and manual check entry, cash requirements forecast, bank reconciliation. All modules have password protection.
Hardware Requirements: Hard disk.
Support: Provided at no charge by Fiscal Systems, Inc. for a limited time, after which a nominal fee is charged.
90-0428 ..... 1795.00

Fiscal Inventory/POS

PC-Compatible/2000

Description: The system can process multiple companies with up to 20 locations per company and 20 stockrooms per location. Features include INVENTORY—LIFO, FIFO, Avg. or standard cost evaluation, sub-assemblies, serial number records, POS interface with bar code scanner, 16 character stock number, quantity pricing; SALES ORDER PROCESSING—quotations, acknowledgements, shipping notes and invoices, partial shipments/invoices, order status by customer and item; PURCHASE ORDER PROCESSING—purchase orders, partial receipts/vendor invoices, order status by vendor and item; ALL MODULES—password protection.
Hardware Requirements: Hard disk.
Support: Provided at no charge by Fiscal Systems, Inc. for a limited time, after which a nominal fee is charged.
90-0430 ..... 1795.00

Fiscal Payroll

PC-Compatible/2000

Description: A multi-state system for hourly, salary, piecework, commission and tipped payroll. The system can process multiple companies with up to 20 locations per company. Features include vacation and sick leave accrual, distribution of payroll expenses against cost centers, checkwriting and pay slips for cash or bank transfer payment, manual checks and adjustments entry, "tips deemed wages" and tip credit calculation. Computation of employers' tax/benefit contributions, up to 99 deductions/benefits per employee, user-defined overtime and premium pay, bank reconciliation, federal and state tax preparation reports, online inquiry, password protection, detailed and summary reports.
Hardware Requirements: Hard disk.
Support: Provided at no charge by Fiscal Systems, Inc. for a limited time, after which a nominal fee is charged.
90-0429 ..... 595.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Accounts Payable

PC-Compatible

Description: Prints current list of accounts payable due at any time and customized aging reports. Automatically calculates payment discounts and discount dates. Allows partial or deferred payments on any invoice. On-screen vendor inquiry shows the transaction story for each vendor and retains total amount billed, number of invoices received, discounts taken or lost, finance charges. Provides vendor list and mailing labels. Handles up to 3000 vendors.
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-0171 ..... 695.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Accounts Receivable

PC-Compatible

Description: Examines profitability by customer type, salesperson, and state. Provides customer credit limits, flexible aging periods, calculates finance charges, automatically bills recurring transactions, handles commissions, and prints customer statements. Can also apply customer's payment to specific or all invoices, support both open-item and balance-forward customers simultaneously, handle cash and partial payments, allow prepayments to future invoices. Prints a customer list and mailing labels.
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-0170 ..... 695.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains General Ledger

PC-Compatible

Description: You can customize financial statements to your current format and print them any time during the month or year. Analyzes current, YTD, last year, and budgeted performance. The system verifies input data and account numbers, and maintains a comprehensive audit trail. Capabilities: flexible formats for financial statements; profit centers for each company/department, password protection, and recurring journal entry function to save time. Capacities: allows 4, 7, or 10 digit account numbers, can define 999 centers and handles up to 2000 accounts.
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-0169 ..... 695.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Inventory Management

PC-Compatible

Description: Efficient inventory management is necessary to improve profits. Great Plains Inventory module helps you streamline inventory record-keeping so it takes less time to manage and control inventory costs. It provides critical management reports that will show you exactly what merchandise is in stock, the quantities on-hand, its actual cost, and what items are out of stock or on order.
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-3118 ..... 695.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Network Manager

3000/4000

Description: Great Plains Network Manager enables a business to use the Great Plains Accounting Series on more than one workstation while protecting the integrity of the accounting information. The Network Manager was designed with simplicity and flexibility in mind. A business using Great Plains as a single-user can move up to a LAN (local area network) at any time by adding the Network Manager. There is no need to convert existing single-user data and no need to buy and learn a complete new set of accounting software. The Network Manager documentation walks a business-user through the installation, configuration and use of the LAN system. The flexibility of the Network Manager is tremendous. It supports the use of multiple file servers and also allows data for a single company to be spread across several drives and/or file servers. Great Plains Network Manager supports 3Com 3+ Version 1.01 or greater.
Hardware Requirements: 512K RAM per workstation, 640K server RAM, and one hard disk drive with at least 10 Mb storage for the server. Requires one or more Great Plains Accounting Series modules, Version 4.0 or greater. Dedicated file server required; multiple file servers may be used. One workstation with one floppy disk drive required. Recommended network interface cards and cables.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-3117 ..... 395.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Order Entry with Point of Sale

PC-Compatible

Description: The Order Entry module handles customer orders with flexibility in the type of order and the type of payment. An efficient, flexible order entry system is vital to meeting customer needs while controlling the selling process. Once a customer has decided to purchase, he/she wants the sale to proceed quickly. Order Entry can access product prices and pricing levels, product availability, and customer credit; handle cash/credit/account sales, returns and exchanges; print invoices and sales slips; and sell non-inventoried items. Industries that require the capabilities of order entry and point of sale are wholesale/distribution, retail, manufacturing, and business and professional services (e.g., janitorial, lawn services, etc.).
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-3119 ..... 695.00

GREAT PLAINS SMALL BUSINESS SOFTWARE

Great Plains Payroll

PC-Compatible

Description: Eight different pay periods can be supported concurrently. Prepares SUTA, FUTA, and 941 Preparation reports. Employee checks, W-2 and W-2p statements are printed automatically for single and multistate payrolls. Payroll computes commissions automatically when integrated with Inventory and Accounts Receivable. It prints checks on blank or customized/printed forms. Tax tables for all 50 states are built in and are updated if the tax table update service is used.
Hardware Requirements: 384K and hard disk.
Support: Provided at no charge by Great Plains Software for a limited time, after which a nominal fee is charged.
90-0172 ..... 695.00

Great Plains Network Manager, Great Plains Accounts Payable, Great Plains Accounts Receivable, Great Plains General Ledger, Great Plains Inventory Management, Great Plains Payroll, Great Plains Order Entry with Point of Sale/TM Great Plains Software.

OPEN SYSTEMS

Harmony Accounts Payable

PC-Compatible/2000

Description: Harmony Accounts Payable can dramatically improve your cash-flow management. A Cash Requirement Report, for example, can eliminate panic borrowing by giving you a clear picture of how much you owe, who you owe it to, and when it is due. With the flexible payment structure, you can make payments on account, partial payments, and payments with discounts—all without losing track of remaining balances and when the next payment is due. Check printing automatically records check numbers—a real audit trail lifesaver. Future due invoicing accommodates special deferred payment terms. You can enter vendor invoices as you receive them, but the balances will not appear as payments due until the future dates you specify. Hold/Release Invoices can withhold specified invoices which may be in dispute or deferred from your automatic payment cycle until you choose to release them (and they won't get lost in the meantime). You can print 1099 forms, simplifying the task of meeting government reporting requirements. With the General Leger interface, you'll reduce entry time and have fewer errors, because you won't have to make duplicate journal entries. Disbursement information is automatically posted directly into General Ledger's Bank Reconciliation file.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1205 ..... 599.00

OPEN SYSTEMS

Harmony Accounts Receivable

PC-Compatible/2000

Description: Harmony Accounts Receivable is a powerful specialized accounting solution that can improve your cash-flow management dramatically. With open item or balance forward statements, you can control the amount of detail you show on the statement. Finance charges can be added automatically to overdue balances. Cash inflow reports help you manage your cash balance by projecting sales receipts. You will also have detailed customer histories, including customer invoices, receipts and credits. Future due invoicing accommodates special deferred terms you may want to offer: you can invoice your customers immediately, but the balances will not appear as payments due until the future dates you specify. Harmony's professional statement printing saves you countless hours of drudgery and polishes your organization's image. With payment performance tracking, you can tell who is taking cash discounts and who is not paying on time. And with the General Ledger interface, sales are recorded automatically so that you won't have to rekey journal entries.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1204 ..... 599.00

OPEN SYSTEMS

Harmony Client Accounting

PC-Compatible/2000

Description: Harmony's Client Accounting is designed for CPA's, public accountants, bookkeepers or other users who need a sophisticated accounting program to maintain their own or clients' books. Client Accounting includes all the features of Harmony's General Ledger application, plus some powerful new features that increase your productivity, and give your clients more services when they automate with Harmony. With Harmony's disbursement flexibility, you can enter general, vendor, and employee disbursements on the same screen. With powerful financial reporting capabilities, you can produce user-defined and preformatted financial reports, including comparatives. You'll also be able to customize financial reports to meet your client's special needs. Statement of Change gives detailed or summary information about sources and uses of working capital by period and year-to-date. Ratio analyses of common ratios, like current ratio, quick ratio, liquidity test, or turnover ratio, as well as user-defined ratios, are calculated year-to-date for actual, last year, budget, and rolling fiscal year amounts. W-2s, 1099s and other government forms can be produced from templates you can modify. Quick client setup reduces initial costs to clients and improves accuracy and consistency. Depreciation schedules, using straight line, Sum-of-the-Years digits, declining balance, or ACRS, give you accurate financial reporting data for capital items.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

Harmony General Ledger

PC-Compatible/2000

Description: All Harmony modules work the same way, so you have to learn the fundamentals only once. Use Harmony's General Ledger to maintain your journals, log recurring entries, and generate audit trails. You'll also be able to produce reconciliation and historical reports, create professional financial statements and informative reports, and prepare balance sheets, income statements, schedules, and other financial reports that reflect your financial status as of the latest information. With multiple profit center capabilities, you can track up to 99 stores, departments, or subsidiaries automatically. Budget and last year comparisons help you identify performance trends, so that you can take advantage of them when they're healthy—and nip them in the bud when they're not. Recurring entries save you the trouble of manually re-entering things like depreciation every month. And General Ledger never forgets or transposes numbers. Check reconciliation helps you compare your books with your bank statements. Extensive journal histories provide the detailed records that auditors insist on, and keep data readily available for analysis. Bar chart graphics translate columns of numbers into a colorful format that simplifies analysis and gives reports and presentations new drama and punch.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

OPEN SYSTEMS

Harmony Information Manager

PC-Compatible/2000

Description: With Harmony's Information Manager, you can create custom files not found in off-the-shelf software. With Information Manager, you can combine information from these and other Harmony files, and put it to work in an almost unlimited variety of useful ways. For example, you can create custom reports from Harmony accounting data to show investors. Or create custom telephone lists for telemarketing campaigns. All without re-entering a single piece of information. Data entry verification protects the integrity of your records by preventing the entry of incorrect or invalid data. File look ups save you thousand of keytrokes. For example, you can enter an employee number. and your computer can automatically fill in the name, address, current sales, or whatever else you want to know from other files in the system. With user-defined formulas, you can create new fields from existing fields. And you can add, subtract, multiply, or divide fields to create totals, ratios, averages, and other meaningful management data. It's all done without re-entering a single piece of information. Records can be created using keyed or sequential files. That means you can access single records quickly, but still process large transactions. The application generator helps you create custom solutions using features of the system that don't require programming. And with the label generator, you can print mailing labels from customer, vendor, employee or other files. With the flexible report writer, you can create custom reports from virtually any file in the system.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1209 ..... 299.00

OPEN SYSTEMS — Harmony Inventory

PC-Compatible/2000

Description: With Harmony Inventory you will know what you have in stock, where it's located, and how much it's worth. You'll also have a reliable database for sound sales and purchasing decisions. And the system adapts to your needs: it can be as simple—or as complex—as your business. With multiple warehouse capabilities, you can track stock in different locations, and make sure it's available where it's needed most. True LIFO/FIFO costing eliminates guesswork. You'll know exactly what your current stock has cost you, and what your inventory is worth. With intelligent pricing, your price structure can be as simple or as complex as you like. You can even compare complex cost- and quantity-based formulas to determine your best price—and then give special breaks to your favored customers. The built-in Economic Order Quantity Calculator helps you figure out how much you should buy, so you'll have what you need in stock, but still avoid excess inventory. With alternate unit conversions, you can buy in one unit and sell in another. Purchasing and sales histories help you identify seasonal demands, fast- and slow-moving items, and your most profitable products and categories. The physical inventory subsystem simplifies the process of taking inventory. You'll quickly be able to see if what you have on the shelf tallies with what you have in your computer.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1202 ..... 799.00

OPEN SYSTEMS — Harmony Order Entry

PC-Compatible/2000

Description: With Harmony Order Entry, you'll have customer orders and billing under control. And you can process orders through picking, packing, and shipping. You'll also be able to track backorders from the time they're created to the time they're shipped, and you'll have the flexibility of changing even single items on orders. With multiple order types, such as blanket and recurring orders, drop shipments, quotations, cash, returns, and regular orders, you can save data entry time and reduce errors. With backorder tracking, you'll generate backorders automatically, and you'll know when they're scheduled to be shipped. With invoice printing, you can print invoices immediately upon shipment or in batch. You'll also be able to print picking slips, confirmations, quotations, and credit memos. Thanks to Order Entry's flexible reporting, you'll be able to create reports for your special needs—and identify potential problem areas early in the game. For example, you can print a list of items a specific customer has on order or list orders you've received on a specific date. Sales history of each invoice line item will give you valuable information for analyzing business trends and future growth areas. With the Inventory interface, you won't have to key in inventory information—the system draws data from your Inventory application. And inventory quantities are adjusted automatically whenever you record sales.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1207 ..... 799.00

OPEN SYSTEMS — Harmony Payroll

PC-Compatible/2000

Description: With Harmony Payroll, you can enter time tickets, print paychecks, keep payroll information on file for quarterly and yearly reporting purposes and print W-2 forms at year-end. With multi-state and locality, you can calculate and track state and local tax withholdings for more than one state. With flexible deductions, you can easily accommodate your own changing requirements, as well as the government's. Spreadsheet-like formulas help you calculate deductions that can differ for individual employees. Recurring entries simplify repetitive payroll tasks, especially for salaried employees. You can set up common entries only once and simply copy them after that. With check printing, you'll be able to indicate current period and year-to-date earnings and deductions. And you can also print your company's name on checks, so you won't have to buy a lot of preprinted checks. Government reporting summarizes the payroll information you need to meet government requirements, including W-2s and worksheets for 940s and 941s. Departments help you summarize gross payroll expenses for groups of employees. You can track regular, overtime, and other pay, month-, quarter-, and year-to-date earnings by department. With piece rates you can have as many rates as you need, and you'll have the option to compute minimum wage for piece workers.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1203 ..... 599.00

OPEN SYSTEMS — Harmony Purchasing

PC-Compatible/2000

Description: With Harmony Purchasing, you'll have purchasing and vendor payments under control. And you can track purchases through ordering, receipt, and invoicing. You'll also be able to track backorders from the time they're created to the time they're shipped to you. With purchase requisition management, you can control and manage your order and approval process. The system prepares purchase requisitions, and converts them to purchase orders at your request. With multiple order types, such as blanket and recurring purchases, cash, returns, and regular purchases, you can save data entry time and reduce errors. With backorder tracking, backorders from your vendors will be automatically tracked, and you'll know when they're scheduled to be shipped. With invoice entry, you can enter invoices immediately upon receipt of the goods or the invoice. Thanks to Purchasing's flexible reporting, you'll be able to create reports for special needs—and identify potential problem areas early in the game. For example, you can print a list of critical items that are holding up customer orders or list items that are scheduled to be shipped to you on a specific date. Sales history of each invoice item will give you valuable information for analyzing purchasing requirements and identifying backorder patterns. For example, you can find out exactly which products a particular vendor has backordered or which vendors are offering the best price. With the Inventory interface, you won't have to rekey information. The system draws data from your Inventory application. And the inventory quantity is adjusted automatically whenever you record a purchase.

Hardware Requirements: 512K and hard disk.

Support: Provided by Open Systems for a nominal charge.

25-1208 (Avail. 10/31/87) 799.00

OPEN SYSTEMS — Harmony Spreadsheet

PC-Compatible/2000

Description: Harmony Spreadsheet is a powerful solution for business planning and analysis. Do rising costs justify increasing the price of your product? By how much? Spreadsheet lets you figure these and other "what if?" scenarios quickly and accurately. Flexible formatting gives you control over column widths, decimals, line and column labels, and title locations, so that you can produce presentation-quality reports. Financial functions turn your computer into a financial calculator with which you can analyze the impact of time and interest variables on your business. With the versatile function library, you can perform mathematical, statistical, logical, and financial functions. You can duplicate or replicate cells, plus move, copy, or erase cell ranges. And you'll be able to create calculation templates to save you time in entering formulas. Visual verification provides reassurance when you're building spreadsheets by highlighting the blocks of cell ranges you're about to move, copy, or erase. You'll be able to access Harmony files too, which means you can pull data from the Information Manager and accounting files into the Spreadsheet. With Spreadsheet's print capabilities, you can print cell values or formulas, specify page sizes and margins, print all or part of a spreadsheet, or save the Spreadsheet data as a Word Processing file to include in reports or other documents. Bar chart graphics from Spreadsheet data make comparisons of "what

if?" scenarios fast and easy to understand.
Hardware Requirements: 512K and hard disk.
Support: Provided by Open Systems for a nominal charge.

OPEN SYSTEMS

Harmony System Manager

PC-Compatible/2000

Description: With Harmony's System Manager, you can bid farewell to complicated installation. No more difficult manual steps. No intricate operating system commands. System Manager ensures that your system will be up and running quickly. Plus it keeps your everyday operations going smoothly. Software installation is fast and easy. Following step-by-step instructions, you'll simply select your options from a menu screen. Then sit back, and follow the prompts. When you need to update your software, install upgrades, adapt to a multi-user environment, or manage file conversions, you'll follow a similar process. With application links, you can control the information flow between applications—you'll never have to enter information more than once. For example, if you link General Ledger and Accounts Receivable, sales entered through Accounts Receivable will automatically appear in both places after you post. Thanks to the many configuration options, like calculator or adding machine-style numeric data entry, number of fiscal periods, or American or European decimal display, the system easily adapts to your way of doing business. You can backup and restore entire data paths, ensuring continued integrity of critical information. And you'll have other convenient maintenance utilities for changing companies or clients, designating screen colors, and rebuilding files. You'll have print flexibility as well. You can define up to three printers. Plus you can have separate report and form printers so that you won't have to switch between stock paper and forms and back again. You'll have password security for each important function of every application so that you can control access to sensitive or classified information.
Hardware Requirements: 512K and hard disk.
Support: Provided by Open Systems for a nominal charge.

Harmony Word Processor

PC-Compatible/2000

Description: Harmony's Word Processor is a powerful business solution that can significantly increase your productivity overnight. And it can help you create professional-quality correspondence and reports. See-what-you-print screen format makes learning Word Processor especially easy and intuitive. And while you're entering information, you'll know what your document status is, including tabs, margins, cursor position, editing mode, and how much workspace you have left. Visual verification confirms what you're doing. You'll see underlining, boldface, page breaks, headers, and footers. And text to be moved or deleted is highlighted to prevent surprises. With flexible formatting, you can change margins, tabs, line spacing, and justification of your documents. The text is adjusted automatically to fit each new format. You can add headers or footers while you're creating or editing a document. So you can easily keep track of pages, and identify chapters and sections. Spell checker catches spelling errors or typos that might otherwise slip by. Think of it as insurance for your professional image. Dictionary look-up locates words when you're unsure of the spelling. Simply enter the first (or last) few characters, and your options will appear alphabetically in a pop-up window—without interrupting your work-in-progress. With file merge, you can personalize form letters by inserting names and addresses from your mailing list. Names can be selected on the basis of your own selection criteria ranging from account status to ZIP code. You can merge charts and reports, and then add additional text and reorganize the information to meet your specific presentation needs.
Hardware Requirements: 512K and hard disk.
Support: Provided by Open Systems for a nominal charge.

MAI.

MAI Accounts Payable

PC-Compatible/2000

Description: Effectively manages outgoing cash flow requirements. By properly forecasting payment requirements, the system helps take advantage of available cash discounts and facilitates optimum cash management. Invoices can be selected for payment automatically based on invoice due date, discount due date or user-specified pay cycle. Complete information on each vendor is maintained including name, address, phone number, current balance, year-to-date purchase and return history. On-line inquiry with open invoice detail is available. Accounts Payable creates checks and registers and reconciles bank balances, including interest, service charges or other adjustments.
Hardware Requirements: Two disk drives.
Support: Provided by Promark, Ltd. for a nominal fee.
PC-Compatible. 90-0396 ..... 189.00
Tandy 2000. 26-5212 ..... 189.00

MAI.

MAI Accounts Receivable

PC-Compatible/2000

Description: Allows maintenance and inquiry into customer and accounts receivable information including detailed open item display. Accounts Receivable ages invoices, applies finance charges and processes cash receipts. Credit limits can easily be checked and maintained. Overdue accounts are tracked with user-defined late charge application. Customer statements are produced automatically at the end of a period or on demand. The Sales Tax Report, Cash Receipts Journal and Aged Open Invoice Report provide valuable management information. User parameters support balance-forward or open-item accounting methods. Payments can be automatically applied to the oldest invoices or optionally to user-specified invoices.
Hardware Requirements: Two disk drives.
Support: Provided by Promark, Ltd. for a nominal fee.

Tandy 2000. 26-5213 ..... 189.00

MAI.

MAI Financial Statements

PC-Compatible/2000

Description: Works with and enhances MAI General Ledger (90-0395, 26-5210) by providing user-defined flexibility in financial reporting. Functions allow definition of report titles, column headings, reporting period, utilized accounts, computations and report line descriptions with selection of actual, budget or variance year-to-date or period-to-date figures. It allows creation of divisional or consolidated statements, month-to-month comparisons and reports such as net change in financial condition, source of funds, asset summaries, or expense analysis based on the user's General Ledger data base. Stores up to 99 user-defined reports and outputs them automatically in a single step.
Hardware Requirements: Two disk drives and General Ledger.
Support: Provided by Promark, Ltd. for a nominal fee.
90-0402 ..... 169.00

MAI.

MAI Fixed Assets

PC-Compatible/2000

Description: Provides stand-alone or integrated tracking of asset value, depreciation and investment tax credits. It simplifies tax preparation by automatically printing all the data necessary to complete federal tax form 4562. Features include choice of seven different depreciation methods, and automatic selection of the most advantageous depreciation method. It maintains independent tracking of actual, book and tax values and provides automatic posting to MAI General Ledger.
Hardware Requirements: Two disk drives.
Support: Provided by Promark, Ltd. for a nominal fee.
90-0403 ..... 169.00

MAI General Ledger

PC-Compatible/2000

Description: Provides the nucleus of the accounting process. By keeping track of all business transactions, General Ledger provides up-to-the-minute financial statements, including comparative balance sheets and income statements with budget and prior year information. It is a double-entry accounting system conforming to accepted accounting principles. The system supports user-tailored account number formats and accounting periods. Automatic allocating and reversing functions enhance operations and data entry. General Ledger processing is date driven on a multi-period basis allowing posting to a prior or future month.

Hardware Requirements: Two disk drives.

Support: Provided by Promark, Ltd. for a nominal fee.

PC-Compatible. 90-0395 ..... 189.00

Tandy 2000. 26-5210 ..... 189.00

MAI Inventory Control

PC-Compatible/2000

Description: Provides sophisticated tracking of all items in a user's inventory, helping to reduce instances of over and understocking. Under parameter control, the system offers LIFO, FIFO or average costing methods. Inventory Control supports user-tailored inventory item numbering. Inventory transactions can be easily entered or automatically posted through integration with Order Entry and Purchase Orders. Up-to-the-minute information includes stock on hand, unit cost, economic order quantity and usage history. The Inventory Reorder Report shows reorder points, quantities on hand, suggested order quantity and the last purchase cost. It also generates physical count sheets and provides simplified counting and adjustment procedures.

Hardware Requirements: Two disk drives.

Support: Provided by Promark, Ltd. for a nominal fee.

PC-Compatible. 90-0398 ..... 189.00

Tandy 2000. 26-5214 ..... 189.00

MAI Multi-Company Upgrade

PC-Compatible/2000

Description: The MAI Multi-Company upgrade allows you to upgrade the MAI accounting programs to function in multi-company mode. The number of companies is limited only by available disk space. Each company has a separate data directory making it possible for you to work independently with each company.

Hardware Requirements: Hard disk.

Support: Provided by Promark, Ltd. for a nominal fee.

90-0509 ..... 169.00

MAI Order Entry

PC-Compatible/2000

Description: Provides a "single-entry" update of MAI Inventory, Accounts Receivable and Sales Analysis data bases. Output includes orders, picking sheets, shipping labels, packing slips and invoices with user-created messages. User-controlled pricing, payment terms, discounts and sales commission rates are all standard features. In addition, it tracks committed inventory and customer backorders. Requires Inventory Control (90-0398 or 26-5214).

Hardware Requirements: Hard disk.

Support: Provided by Promark, Ltd. for a nominal fee.

90-0400 ..... 169.00

MAI Payroll

PC-Compatible/2000

Description: Meets the most demanding user provisions for multiple pay schedules, flexible automated and manual entry deductions, multi-state tax reporting, workers' compensation and multiple union reporting. It allows definition of earnings and deductions. User-defined vacation and sick leave policies are automatically maintained by the system and voluntary deductions can be automatically withheld and applied toward specified goals or limits. Check, 941-A and W-2 printing are provided.

Hardware Requirements: Hard disk.

Support: Provided by Promark, Ltd. for a nominal fee.

90-0399 ..... 189.00

MAI Purchase Orders

PC-Compatible/2000

Description: Provides the necessary capabilities to enter, print and maintain user purchase orders. Checks current pricing against previous pricing history when integrated with MAI Inventory Control. Maintains user-requested payment terms and other specified messages and instructions. All open purchase orders are system maintained. Provisions for partial completions allow individual items to be held on backorder or cancelled. Complete status reporting is available on demand.

Hardware Requirements: Two disk drives.

Support: Provided by Promark Ltd. for a nominal fee.

90-0401 ..... 169.00

MAI Report Writer

PC-Compatible/2000

Description: Allows creation of reports and video queries from MAI Integrated Accounting data files. Data can be transferred in ASCII, DIF or Comma Separated (CS) formats to most spreadsheets, word processors, data bases or graphics products. Includes a tutorial and documentation for a user to produce custom reports. User may specify data selection criteria and sort sequences. It has the ability to integrate with applications such as Lotus 1-2-3, Symphony, Framework, WordPerfect, WordStar, dBASE II and III, SuperCalc, Multiplan, Chart Master, and MultiMate.

Hardware Requirements: Two disk drives.

Support: Provided by Promark Ltd. for a nominal fee.

90-0406 ..... 189.00

MAI Sales Analysis

PC-Compatible/2000

Description: Provides analytical reports based on actual data allowing a user to make informed pricing and purchasing decisions. With Sales Analysis, a user can determine cost and profit margins, profitable items, best customers and most productive sales people. Data is transferred automatically from MAI Order Entry. Provides multiple report formats, computes profit margins and stores' required period-to-date comparative figures automatically based on user-specified parameters. Requires Order Entry (90-0400) and Inventory Control (90-0398 or 26-5214).

Hardware Requirements: Hard disk.

Support: Provided by Promark, Ltd. for a nominal fee.

90-0404 ..... 169.00

MICA ACCOUNTING SERIES

MICA Accounts Payable

PC-Compatible

Description: Retains and tracks records of pre-paid invoices, credit memos, returns and adjustments for a complete audit trail. Allows for recurring entries to streamline billing. Supports user-defined payment terms for each vendor. Invoices may be authorized for full payment, partial payment, or placed on hold. Cash requirements analysis allows you to analyze invoices that may be due soon, or those for which discounts may be lost. Routines are provided for manual and automatic check (user-formatted) writing from up to 8 checking accounts. Prints 1099s for contract services in accordance with IRS regulations.

Hardware Requirements: Two floppy drives (hard disk recommended).

Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.

90-3111 ..... 495.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Accounts Receivable

PC-Compatible

Description: Special set-up features allow users to configure the program to meet their needs including applicable sales taxes, payment terms, and finance charges. Customers may be specified individually as either balance forward or open item. Auto-billing supports recurring billing on various user-defined cycles. Provides customer credit limits, handles commissions, includes open credit reconciliation, allows for partial payments, and prints monthly customer statements. Performs sales analysis based on customer trends, salesperson, credit limit, business type, geographic location, and aging periods. Prints a customer list and mailing labels.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3110 ..... 495.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Applications Manager

PC-Compatible

Description: Designed for hard disk users, the system provides a master menu for quickly accessing all MICA applications on the hard disk. Establishes password security and access levels for each user. Allows users to maintain books for one or multiple sets of companies on the same hard disk. An easy-to-use backup and restore routine will help insure data integrity and safeguard valuable accounting information.
Hardware Requirements: Hard disk.
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3114 ..... 295.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA General Ledger

PC-Compatible

Description: Ideally suited for any small to medium-sized business, the system provides for multiple departments as well as multi-company operations. All entries are checked for account integrity and balance-verified before recording to permanent files. Special management reports include account deviations, budget reports, and comparative trends against last year. Handles recurring entries as well as prior period adjustments with full audit trail provided. Supports either 12 or 13 fiscal periods each year and retains all transactions for the current year.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3109 ..... 495.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Inventory Control

PC-Compatible

Description: Inventory movement is tracked through the entry of sales, committed sales, receipts, backorders, assemblies, returns, write-downs, and physical adjustments. Extensive data is maintained for each item including location, minimum/maximum levels, re-order level and quantity, quantity on hand, unit cost, and four levels of pricing. Costing methods include LIFO, FIFO, weighted average, average, and specific cost. Supports up to 32,000 items with a 19-character alphanumeric stock number format. Handles serialized and parts explosion (assembly) inventory. Calculates and tracks daily sales, average lead time, shelf life, annualized turns, profit margin, and recommended re-order amounts for each item.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3077 ..... 595.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Job Cost

PC-Compatible

Description: Designed for maximum flexibility for small to medium-sized businesses, this system will track expenditures of both units and cost for project-oriented operations. Prints detailed job estimates and project schedules to facilitate the preparation of proposals and bids. Provides for automatic calculation of labor burden. Includes provisions for duplicating jobs and/or retrieval of entries from a standard table for creating new jobs. Prints either detailed or summarized invoices according to user-defined billing characteristics. Handles up to 2000 jobs simultaneously. Job analysis enables quick review of job progress, comparisons to estimate, projected cost to complete, total billing, and profitability.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3113 ..... 995.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Network Manager

PC-Compatible

Description: Enables users to operate their MICA programs on popular network systems such as 3COM 3Plus and VIANET using DOS 3.0 or later. Provides a master menu for quickly accessing all MICA applications on the hard disk. Establishes password security and access levels for each user. Allows users to maintain books for one or multiple sets of companies on the same hard disk. An easy-to-use backup and restore routine will help ensure data integrity and safeguard valuable accounting information.
Hardware Requirements: 384K per node, hard disk, and 3.x DOS.
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3078 ..... 695.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Payroll

PC-Compatible

Description: Maintains all payroll information needed for monthly, quarterly, and annual payroll reporting. Pay compensation types are user-defined to enable application of multiple pay rates, tips, sales commissions, piece work, and hourly wages. Supports all government-recognized payroll cycles simultaneously with tax calculations for FICA, FWT, FUTA, SUTA, Worker's Compensation, state and local taxes. Additional withholding schedules allow for up to 12 other deductions per employee. Repetitive payroll option permits one-step duplication of repeating or similar payrolls. Tax table updates may be directly input by the user (no fee).
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3115 ..... 495.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Productivity Interface

PC-Compatible

Description: Designed to improve productivity by expanding the reporting capabilities through exportation of MICA data files to most popular spreadsheets, data bases, and word processors. Completely menu-driven, this program allows the user to select both the MICA application and file information to be transferred. Supported formats include ASCII, DIF, SDF, plus user-definable formats.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.
90-3116 ..... 295.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

MICA Sales Invoicing

PC-Compatible

Description: Automatic retrieval of customer information from Accounts Receivable and inventory data from Inventory Control. Handles sales, returns, adjustments, and credit memos. Allows for addition of new customers and inquiry of existing customer balances and credit limits. Includes provisions for line discounts, back-orders, and combined taxable and nontaxable sales. Tendered payments may be coded and reported by category (e.g. cash, VISA, American Express). An easy-to-use invoice formatter allows users to customize invoice printing to their existing forms. Interface to cash drawer at time of sale included.
Hardware Requirements: Two floppy drives (hard disk recommended).
Support: 30 days provided by MICA at no charge. Annual maintenance agreement available at a nominal charge.

XENIX 6000. 90-0288 ..... 995.00

TANDY

Quartet

PC-Compatible/2000

Description: A complete accounting system that performs the four major accounting functions. General Ledger prints a Trial Balance, Income Statement and Balance sheet and provides for journal entries. Accounts Receivable records customer sales and credit memos, prints invoices and statements and provides for reports such as aged accounts receivable and estimated income. Accounts Payable allows entry of expenses and vendor invoices, and writes checks. It automatically calculates sales tax and discounts. It will automatically select items for payment based on due date and discount dates or allow selection of invoices individually for payment. It prints a Cash Requirements report and a Payment Register. Payroll calculates federal, state and city taxes. It tracks current, quarterly, and yearly amounts for earnings, deductions and prints payroll checks. It prints W-2s and allows changing of the W-2 format if the design changes.
Hardware Requirements: Two disk drives.
Support: Radio Shack.

Intuit

Quicken

PC-Compatible

Description: Quicken is easy-to-use checking and finance software for home and small business use. Quicken automates bill paying and eliminates rewriting recurring checks. In addition to printing checks and maintaining the check register, Quicken sorts, lists, and totals income and expenses by date, payee, and memo category. It performs all reconciliation calculations for balancing with a bank statement and helps diagnose reconciling problems. An optional Transfer to Lotus 1-2-3 Utility is available for custom-tailored reports. Supports multiple accounts; transactions per account limited only by disk space.
Support: Intuit.
90-3103 ..... 49.95

Chang Labs, Inc. Rags to Riches Ledger

PC-Compatible

Description: Ledger is a double entry General Ledger designed to address the specific bookkeeping/accounting needs of small to medium-sized businesses. There are only 5 main commands to learn and the same commands apply to all Rags to Riches products. This facilitates learning and daily operations. Rags to Riches Ledger updates your income statement and balance sheet on screen with every entry so that you do not have to wait for the reports to find out how you are doing. You know your financial status at all times; you know your bottom line with every revenue and expense entry. Ledger is very easy to learn and use. Setup time is minimal so that you spend the time using Ledger, rather than learning it. Supports up to 5,000 accounts/10,000 transactions as well as department/divisions. Ledger may be used standalone or in conjunction with other Rags to Riches modules.
Support: Provided at no charge by Chang Labs for a limited time, after which a nominal fee is charged.
90-3053 ..... 199.95

Chang Labs, Inc. Rags to Riches Payables

PC-Compatible

Description: Payables is an Accounts Payable module designed to address the specific bookkeeping/cash requirement planning of small to medium-sized businesses. There are only 5 main commands to learn and the same commands apply to all Rags to Riches products. This facilitates learning and daily operations. Payables reports cash requirements, vendor aging, invoice aging, check preview, check register, vendor list, purchase journal, transaction journal and a general ledger distribution report. Payables is a full-featured accounting system supporting up to 5,000 accounts/10,000 transactions as well as departments/divisions.
Support: Provided at no charge by Chang Labs for a limited time, after which a nominal fee is charged.

XENIX 3000. 25-4303 ..... 699.00

TANDY Tandy Sales Analysis
II/12/XENIX 3000/6000

Description: Provides the capability of examining and evaluating sales information so necessary for effective sales management. The information that is used by the system is obtained from either Accounts Receivable or Order Entry, depending upon which report is chosen. This system prints eight reports, each of which shows sales activity from a different perspective. These reports are sales analysis by customer, customer type, customer sales volume, responsible salesman, state, item, category, and sales volume. Requires Accounts Receivable and Order Entry/Inventory.
Hardware Requirements: Model II: Four disk drives. Model 12: Three disk drives.
Support: Radio Shack.
Model II/12. 26-4608 ..... 249.00
XENIX 6000. 26-6208 ..... 399.00
XENIX 3000. 25-4308 ..... 399.00

TANDY Tandy Accounts Payable
III/4

Description: Accounts Payable provides rapid and accurate monitoring of purchases and outgoing funds. Features automatic calculation of due dates, discount dates and discount amounts based on vendor payment terms; automatic selection of invoices to pay based on discount dates and due dates. You may use Accounts Payable alone or with General Ledger (26-1540). When these two packages are used together, transactions and payments occurring within the Accounts Payable system are automatically posted to the General Ledger.
Hardware Requirements: Two disk drives. Requires three disk drives to interface with General Ledger.
Support: Radio Shack.
26-1542 ..... 199.95

TANDY Tandy Accounts Receivable
III/4

Description: Give your office the advantage of processing sales and incoming funds—electronically! It will save time and money and increase the efficiency and productivity of your office staff. It is a "balance-foward" system which can be used with Invoice Writer (26-1544) for invoice printing. The program is easy to learn and simple to use. The package contains a special sample data disk and a sample session in the operating manual to help you quickly learn the system. It offers late charge processing, statement printing and mailing label printing. When used with General Ledger (26-1540), the transactions you post while running Accounts Receivable are posted automatically to General Ledger.
Hardware requirements: Two disk drives. A third disk drive is needed to interface with General Ledger.
Support: Radio Shack.
26-1541 ..... 199.95

TANDY Tandy General Ledger
III/4

Description: General Ledger makes small business accounting procedures efficient, simple and quick. It maintains accurate records of all bookkeeping transactions and gives you a balanced ledger and easy-to-read financial reports. This professional, comprehensive accounting package gives you instant access to the information you need to keep control of your business's financial picture. General Ledger lets you specify accounting periods and tailor reports specifically for your business. General Ledger prints these financial reports: Trial Balance, Income Statement with or without last year's comparatives, Posted Transaction Report and Unposted Transaction Report. Use General Ledger with Accounts Receivable (26-1541), Accounts Payable (26-1542), or Payroll (26-1543) for a complete accounting system.
Hardware Requirements: Two disk drives. A third disk drive is required to use General Ledger with other accounting packages in this series.
Support: Radio Shack.
26-1540 ..... 199.95

TANDY Tandy Inventory Control
4

Description: Designed to make inventory control easier and more accurate. Produces a reorder report showing items below designated reorder level, plus an on-hand listing of items. Prints ten major reports, plus nine custom reports designed by you. Prints purchase orders and labels. Allows physical inventory count to be taken by cycle and lets you automatically reorder stock. Use Inventory Control with Invoice Writer (26-1544) to automatically update inventory while invoicing customers.
Hardware Requirements: Three disk drives.
Support: Radio Shack.
26-1545 ..... 199.95

TANDY Tandy Invoice Writer
III/4

Description: Invoice Writer provides a rapid and accurate method of creating invoices. Its many features include automatic sales tax calculations, automatic discounts calculation and invoice printing. Use Invoice Writer with Accounts Receivable (26-1541) to transfer invoice information to your customer accounts. You may also use Invoice Writer with Inventory to update your inventory as you create invoices. If you are a service company or do not need to update on-hand quantities in Inventory, you may use the "item file" which is built into the Invoice Writer for items to appear on customer invoices. Requires the Accounts Receivable package (26-1541). The Inventory Control Program (26-1545) is optional.
Hardware Requirements: Two disk drives. Three disk drives are needed to interface with the Inventory Control System.
Support: Radio Shack.
26-1544 ..... 49.95

TANDY Tandy Payroll

III/4

Description: This is a complete payroll system for your small business. It keeps track of earnings, deductions and taxes for each of your employees, as well as all employer contributions such as FICA, FUI and SUI. You can use Payroll by itself or interface it with the General Ledger program (26-1540). When these two packages are used together, the transactions you enter while running Payroll are automatically posted to General Ledger. Payroll is easy to learn and use. The program includes complete documentation and sample data furnished on diskette. In no time at all, the Payroll program will let you easily and efficiently manage the usually tedious job of paying employees. It handles state taxes for up to three states at a time and prints payroll checks and reports to help you complete federal and state tax returns. Use Payroll with W-2 Writer (26-1539) for printing W-2s.
Hardware Requirements: Two disk drives. A third disk drive is needed to interface with General Ledger.
Support: Radio Shack.
26-1543 ..... 199.95

TANDY Tandy Remote Inventory Control

102/200/4

Description: Remote Inventory Control allows you to scan bar codes representing inventory item numbers using a bar code wand and a Model 102 or 200 portable computer, to record physical count, sales, shipping and receiving, and then to transfer this data to Inventory Control (26-1545). The program can also be used without a bar code wand by typing in the inventory item numbers. Requires Inventory Control (26-1545).
Hardware Requirements: Requires a Model 102 or 200, a Model 4, and an RS-232 cable for transferring data.
Support: Radio Shack.
26-1535 ..... 49.95

TANDY Tandy W-2 Writer

III/4

Description: W-2 Writer works with Payroll (26-1543) for printing W-2s. It allows you to design and build your own W-2 form so when the government changes the design of the W-2 form, you can change your W-2 program accordingly.
Hardware Requirements: Two disk drives.
Support: Radio Shack.
26-1539 ..... 49.95

TANDY Tandy Inventory Control

XENIX 6000

Description: The system helps you in cycle counting, ordering from vendors, receipt posting and label preparation—and it's easy to implement and use. It lets you custom design your own reports. It prints a Reorder Report, On Hand Listing, Suggested Order Report, Purchase Orders, Sales Journal, and Cycle Count Worksheet.
Support: Radio Shack.
XENIX 6000. 26-6302 ..... 399.00

TANDY Tandy Payroll

II/12

Description: Automatic calculation of federal, state and city taxes. Print checks and W2s.
Support: Radio Shack.
26-4503 ..... 399.00

TRACLINE TracLine Alternate Inventory

PC-Compatible/2000/XENIX 6000

Description: Alternate Inventory is an optional module in TracLine's Vertical Software Series. It can be added to Integrated Accounting so you can sell an inventory item in as many different units—such as box, carton, gross, bottle—as you require. The Alternate Inventory Access module suits the needs of many types of businesses—stationery stores, lumberyards, liquor and beverage stores, hardware stores, and many others. It keeps prices straight, speeds order-taking and checkout, and eliminates manual calculations and pricing errors. Once added to Integrated Accounting, it calculates all the different selling prices, and maintains correct inventory counts based on the master unit of measure you select. All you do is select a standard selling unit, enter its price, and select many of the methods of automatically calculating prices for the other units. Features unlimited number of units for each inventory item. Records separate General Ledger code for each unit. Keeps accurate quantity-on-hand figures. Enter separate list price for each unit or have module automatically calculate new price.
Hardware Requirements: Hard disk.
Support: Provided at no charge by TracLine for a limited time, after which a nominal fee is charged.
MS-DOS. 90-3170 ..... 395.00
XENIX 6000. 90-1511 ..... 495.00

TRACLINE TracLine Integrated Accounting

PC-Compatible/2000/XENIX 6000

Description: The Accounting core of the Vertical Software Series combines Accounts Receivable, Accounts Payable, General Ledger, Inventory Control, Sales Orders, Sales Analysis, Salesforce Management, Serial Number Tracking, List Management Billing, Purchasing and Self-Paced Learning. The software is interactive, providing accurate, up-to-the-minute reporting throughout the system. Each transaction automatically posts and updates the necessary areas of the system. Expands with modules from the series—Retailing and Branch Store Retailing, Point of Sale Systems, and Distributing.
Hardware Requirements: Hard disk.
Support: Provided at no charge by TracLine for a limited time, after which a nominal fee is charged.
MS-DOS. 90-0377 ..... 1695.00
XENIX 6000. 90-0373 ..... 2495.00

TRACLINE TracLine Purchase Orders

PC-Compatible/2000

Description: An optional module in Trac-Line's vertical Software Series. It can be added to Integrated Accounting to automatically print and track purchase orders, maintain and report on the status of each order, and present statistics on vendors' delivery schedules. If you use an item number that's different from that of your vendor, you can enter your number into the Purchase Order module and it automatically prints your vendor's number on the purchase order. You receive items quickly by updating existing purchase order. Releases purchase orders by date you specify. Automatically costs items by method you choose and calculates vendor's payment terms and gives valuable statistics on vendor performance.
Hardware Requirements: Hard disk.
Support: Provided at no charge by TracLine for a limited time, after which a nominal fee is charged.
90-3171 ..... 495.00

Trac Line Alternate Inventory, Trac Line Purchase Orders, Trac Line Integrated Accounting/TM TRACLINE Software, Inc.

Business Graphics

TANDY Disk Graphics
Color Computer

Description: Create and plot charts and graphs. Formats include vertical or horizontal bar charts, pie charts and line charts. You can label graph lines with a key legend and save your charts on disk.
Hardware Requirements: Disk Drive and Extended BASIC.
Support: Radio Shack.
26-3251 CMC 39.95

Digital Research DR Graph
2000

Description: Add impact to your presentations. Display line, bar, step, stick, scatter, pie and text-only charts. Print your graphs on paper or transparencies using a wide variety of devices. Simple screen instructions guide you through every stage of graph design without extensive training. You choose labels, titles, colors, legends, type styles and borders to add the final touch to your work. Add, move and modify the size of your text at will with the aid of the optional Digi-Mouse.
Support: Radio Shack.
26-5278 ..... 195.00

TANDY Graphics Pack
Color Computer

Description: Easily create and plot a variety of charts and graphs. Graphics Pack lets you display them on your screen in color, or print them using an optional graphics printer. Chart formats include vertical or horizontal bar chart, pie charts and line charts. And you can label the lines used in your graphs with a key legend. Save your charts on cassette tape.
Support: Radio Shack.
26-3157 CMC 29.95

TANDY Graphics Pak
PC-2

Description: A set of six programs designed to produce bar, pie, line and point charts. Charts are automatically scaled for best fit. The chart title is automatically centered and the graph segments may be labeled, too. Multiple colors can be used. Data can be read from a tape file or entered from the keyboard.
Hardware Requirements: Printer/Plotter.
Support: Radio Shack.
26-3715 CMC 19.95

Graphwriter Graphwriter
2000

Description: A business graphics package designed to produce formal presentation materials. The set includes 23 different chart types. Each format is pre-programmed to provide a professional-looking chart by simply entering data. Significant changes can also be made to the size, color, orientations and style of the chart. Graphwriter charts rival those produced by a graphics designer because a "built-in artist" feature individually composes each chart for the type of presentation materials needed. Automatic layout is customized for slides, paper or overheads. By using a "fill in the blank" input form, charts can even be prepared by the support staff.
Hardware Requirements: High-resolution graphics.
Support: Radio Shack.
26-5276 ..... 595.00

Software Publishing Corporation Harvard Presentation Graphics
PC-Compatible

Description: Produces professional-quality text charts, organization charts and graphs in the form of overhead transparencies, paper hardcopies, or 35mm slides. Produces pie/pie-bar charts, horizontal, vertical, clustered, overlapped and stacked bars, lines, curves, trend lines, bar/line combinations, scatter, area and hi-low-close charts. Utilizes laser, inkjet, dot matrix and thermal printers, plotters, 35mm film recorders and 35mm slide service bureaus.
Hardware Requirements: 384K RAM. Either Hercules, EGA or CGA graphics card.
Support: Software Publishing Corp.
90-3023 ..... 395.00

LATICORP High Tech Business Graphics
XENIX 6000

Description: Easy to learn and use—requires no special graphics hardware. Graphs are created on the screen as menu choices are made. You can quickly make horizontal and vertical bar graphs, line graphs, and cake graphs (rectangular pie charts). Data can come from the keyboard or Multiplan. Then presentation-quality graphics and true round pie charts can be generated on plotters. Twenty-two terminals, 20 printers, and 5 plotter types are supported. High Tech Business Graphics will also run on character-mode terminals.
Support: Provided by High Tech Marketing, Inc. for a nominal charge.
90-0417 ..... 395.00

Microsoft Microsoft Chart
PC-Compatible

Description: You can create customized boardroom-quality graphics in minutes. With Microsoft Chart you can choose from a gallery of 45 pre-designed charts, and then move, size and position elements to customize your graphics—even create overlays and place multiple charts on a single page. You can add color, patterns, borders, arrows and more, plus put titles, labels, legends, footnotes and other text anywhere, and in different fonts. Microsoft Chart is even set up so you can link Microsoft Multiplan, Lotus 1-2-3, dBASE and more and your charts will be built and updated automatically. You can put your charts in high-resolution color on the screen or paper, transparencies, or 35mm slides. Microsoft Chart supports a wide range of popular dot matrix printers, laser printers, plotters, film recorders, and others.
Hardware Requirements: 384K and two disk drives.
Support: Microsoft.
90-0475 ..... 295.00

TANDY Phantomgraph
Color Computer 3

Description: Phantomgraph is a graph/chart utility for the OS-9 Level II window environment on the Color Computer. Phantomgraph allows the user to create graphical depictions of data from either data base or user input. It's designed to create complex graphs, with a minimum amount of user effort. The user draws graphs and text on an electronic sheet of blank paper (single graphs, multiple graphs, text—or any combination of the three). To create a graph, simply select a Data Function. Phantomgraph requests the data source (either the keyboard or data file) then selects the data. The user then selects the size and location of the graph by using the Window Function. Finally, the user selects one of four graph styles: point, vector, bar or pie. Text can then be added as desired. Requires OS-9 Level II.
Support: Radio Shack.

SOFTWARE PUBLISHING CORPORATION

pfs:graph
PC-Compatible

Description: Helps you produce colorful bar, line and pie charts that make your points stronger, your reports shorter, your presentations clearer and your meetings more effective. Whatever kind of chart you need, Graph has the right one. Graph lets you experiment with different types of graphs to find the best way to display your data. Change from a bar to a pie with just a few keystrokes. Type in your data and Graph will automatically arrange and display it, scaling your chart and selecting the patterns or colors for you. Graph also saves you time by working hand-in-hand with your other software. You can create charts instantly with data from pfs:file, pfs:plan and others. Since Graph is integrated with the other programs in the pfs family, you can add Graph charts to the documents you create with pfs:write to illustrate an important point.
Support: Radio Shack.

Description: Computes loans, annuities, bond price, yield, compound interest, depreciation and more.
Support: Radio Shack.
26-3517 CMC 19.95

Microsoft

Microsoft Project
PC-Compatible

Description: A comprehensive management and costing system that can help you keep even your biggest projects on track. It can easily be used by both the novice and the seasoned scheduler. Use it to schedule individual projects, small group projects, or department projects. You can also use it to combine separate schedules into a master schedule. When you enter information about a project, Microsoft Project does time and cost calculations, and displays a graphic schedule for the project. This schedule, sometimes called a GANTT chart, not only shows when each activity begins and ends, but which activities need the most attention to make sure the project gets done on time. You can even change information about the project and instantly see the impact to the changes. You can take advantage of the program's power to allocate resources and budget costs. You can also track budgeted versus actual costs by creating a Microsoft Multiplan worksheet from your project's data. It includes ASAP and ALAP scheduling, GANTT and PERT charts, subproject linking and tracking of plan versus actual.
Hardware Requirements: Two disk drives.
Support: Microsoft Corporation
90-0473 ..... 395.00

DCM data products

Project Scheduler
200

Description: Keep your special projects on track with Project Scheduler. This program is designed to help you maintain control of even the most complex projects. Using Project Scheduler, you divide a large project into smaller individual tasks with specific time tables and inter-dependencies. These jobs define all the activities necessary to complete a project. And Project Scheduler has enough capacity to handle complicated, long-term projects. Each project can have a maximum of 49 jobs, and every job can be as many as 99 time units in length. Each job can be defined with as many as 4 prerequisite jobs. You can make changes, additions, deletions, and insertions. The program automatically recalculates the schedule, revising the critical path and completion date accordingly. No matter what complications arise, you'll always know exactly where your project stands.
Support: Radio Shack.
26-3893 ..... 39.95

R Systems, Inc.
OFFICE AUTOMATION SOFTWARE

R Desk
XENIX 6000

Description: R Desk is a powerful desktop office management software package that replaces the card files, calendar, appointment book, calculator and message slips that clutter the tops of most desks. Supporting multiple users, the program permits password protection for each person identified in the system, while still allowing phone and interoffice messages to be recorded for each person and automatic scheduling of meetings among individuals. R Desk desktop management software includes appointment calendars, company and personal card files, phone message transfer and retrieval, calculator with a printout, a "To Do" list as well as the ability to schedule any number of users to common meetings. The program can run in the foreground as a "stand alone" program or background behind most other popular programs.
Support: Provided at no charge by R Systems, Inc. for a limited time, after which a nominal fee is charged.

TouchStone Software Corporation

PCworks

PC-Compatible

Description: PCworks allows Tandy DOS systems to connect with Tandy XENIX (or other Unix) systems such as VT100/52, ANSI or TTY Terminal Emulators. Used with the UniHost product, it offers ASCII and Binary file transfers, processing of electronic mail and data format conversion. PCworks offers remote printing of reports through its "re-assign printer" function. Other features include "See-N-Say" connection language for special networking communication needs, scripting, scrolling within main menu windows and support of X-modem protocol or ASCII non-protocol standards.
Hardware Requirements: RS-232 and modem.
Support: TouchStone Software Corp.
90-3143 ..... 195.00

SOFTRONICS

Softerm PC™

PC-Compatible/2000

Description: A communications and terminal-emulation program that accesses bulletin boards, information services, and company mainframes. Softerm PC includes emulations of 30-plus popular terminals. Both conversational and block modes are supported. Softerm PC operates stand-alone, or as an extension of the MS-DOS operating system, to allow the program to be accessed from inside other applications. Other features include keyboard macros, a built-in phone book for automatic dialing and capture to print or disk.
Hardware Requirements: Modem.
Support: Radio Shack.

Database

DATABASE

TANDY Color File

Color Computer

Description: File away your records electronically! Color File lets you quickly and easily store, retrieve and use various types of important data, such as addresses, warranties and personal records. Easily alphabetize, select, examine, print, change and save your information.
Support: Radio Shack.
26-3103 CMC 19.95

TANDY Color File II

Color Computer

Description: No more hectic searching for information. Eliminate the clutter of paperwork! Color File II has pre-defined formats for addresses, warranties, home inventory, car maintenance and others. The user can also create special files for personal use.
Hardware Requirements: 16K.
Support: Radio Shack.
26-3110 ..... 24.95

INFOCOM Cornerstone

PC-Compatible

Description: Multi-file database system designed specifically for non-programmers. Simply select menu options or complete forms to build complex databases, enter data, and produce reports. Ten tutorial lessons are included and cover all the basics. The unique HELP system supports you by automatically creating context-sensitive messages incorporating information about your database. The flexibility lets you change virtually any aspect of your database at any time. Add, delete or change files, fields, indexes, relationships or reports in seconds. Fields are variable-length, so you never need to determine field lengths in advance. The OPTIONS key shows you your possible choices for any field or command. The interactive report writer lets you search out specific data according to any criteria and create new formats in seconds. Cornerstone is compatible with many other database and spreadsheet applications for transfer of data.
Hardware Requirements: Two disk drives.
Support: Infocom.
90-3173 ..... 99.95

Dac Easy C/Accounting Dac-Easy Base

PC-Compatible

Description: A powerful relational database that is simple enough for the novice but sophisticated enough for the professional. It offers many unique features to help you organize, locate and sort all kinds of alphabetic and numeric data. Features include on-screen help, two different menu systems, ability to design professional-looking screens instantly, handy memowriter, report generation and much more. The Report Generator manipulates business information and then presents it in any combination. Home users will find Dac-Easy Base great for wedding lists, Christmas cards, recipes and a multitude of other uses.
Hardware Requirements: Two disk drives.
Support: Dac Software, Inc.
90-3172 ..... 49.95

DATAFLEX DataFlex

PC-Compatible

Description: A complete relational database management system that includes easy to use menu-driven file, menu and report generators as well as a powerful command language for sophisticated applications. Novice users will find it easy to get started and expert programmers will love it for its high-level capabilities. Allows over 16 million records/files, 255 fields/records, 250 files open, and 9 online multikey ISAM indexes/files. Included compiler and runtime system allows for secure programs that run like lightning on Tandy systems. Online HELP, easy data import and export to other systems, password security, multifile query without programming and many other features make this your last database purchase.
Hardware Requirements: 384K and two floppy drives (hard disk recommended).
Support: DataAccess Corporation.

ASHTON-TATE dBASE III Plus

PC-Compatible

Description: The number-one selling database management system for personal computers. dBASE III Plus efficiently dispatches the work of day-to-day data management tasks for people who don't want to program, or becomes a programmable tool for those who prefer to program their own system. The system satisfies the needs of beginners or more experienced users alike. With our built-in Assistant, you'll be provided with new, easy-to-use pull-down menus for creating, using and modifying multiple databases. You can even access related information in two or more files. The Advanced Query System lets you build complex query requests just by selecting from pull-down menus. Finally, there's a new Applications Generator that rapidly creates entire applications programs. People who want to program will appreciate our new Data Catalog and more than 50 new commands and functions to help streamline applications development. Other built-in tools include improved debugging aids, assembly language calls, faster sorting and indexing. dBASE III Plus has local area networking capabilities with features like password protection, field and file encryption, and record and file locking commands. Multiuser operation requires additional software.
Hardware Requirements: 384K and two disk drives. (512K required for DOS 3.2 or higher.) Hard disk is recommended.
Support: Ashton-Tate.

STAR SOFTWARE SYSTEMS™ DB Partner

PC-Compatible

Description: A menu-driven relational database system with documentation that allows the user to obtain the full benefits of the system. DB Partner allows you to quickly define data files, compile custom report definitions and create special forms—saving you a tremendous amount of time. Simple menu operations are easily mastered by even the novice user. Conversion utilities are included to create a database and then convert The Accounting Partner Plus, or Star's Property Management data files into DB Partner for customized reports. Supports up to 999 fields per record, accomodates seven different field types and supports combining up to 10 fields of different types in a single index.
Hardware Requirements: Two disk drives.
Support: Star Software Systems.
90-0216 ..... 195.00

Elite Software

ELITE*FILE

Color Computer

Description: A complete database manager. ELITE*FILE has editing and report formatting features that are typically found on much larger computer systems. The program allows the user to create very extensive file systems with no knowledge of programming. In addition, ELITE*FILE also accepts information from ELITE*CALC/3.0 (90-0188) and ELITE*WORD (90-0184).
Hardware Requirements: 32K and one disk drive.
Support: Elite Software.
90-0189 ..... 74.50

The **Small** Computer Company, Inc.

filePro 16

PC-Compatible/2000

Description: An electronic filing system, data base manager and applications developer. It has all the capacity (16 million records, 4,608 characters per record) and customization features (error-checking dictionaries, conditional operations, user-definable menus) needed for large projects, while still being easy to use and to change. filePro 16 files can be transferred easily between XENIX and MS-DOS with fpTransfer.
Hardware Requirements: 384K and a hard disk drive.
Support: Provided at no charge by Small Computer Company for a limited time, after which a nominal fee is charged.
PC-Compatible. 90-0248 ..... 495.00
Tandy 2000. 90-0120 ..... 495.00

Network Profile

PC-Compatible

Description: An electronic filing system and applications generator that operates under ViaNet. You can change or expand a system at any time without having to re-enter data, and create your own menus. Interacts easily with word processors. Includes a data processing language module that eliminates the need for BASIC, COBOL, C and other interfaces.
Hardware Requirements: 512K and ViaNet.
Support: Radio Shack.
25-3201 ..... 999.00

TANDY

OS-9 Profile

Color Computer

Description: End those frustrating searches through mounds of paper with your own personalized electronic filing system. This package makes it easy to create and update files for warranties, insurance, taxes, receipts, banking transactions, or any household records you want to track. Store and recall information in seconds by defining up to four primary and four secondary search keys. Create up to 256 data fields. Includes convenient reallocate facility for easy insertion of new data.
Hardware Requirements: 64K, disk drive and OS-9.
Support: Radio Shack.
26-3274 CMC 49.95

Ansa®

Paradox

PC-Compatible

Description: A relational database management system that allows novices to select, combine, analyze, summarize and report on data—with no programming. Advanced users can develop sophisticated applications with PAL (Paradox Application Language), a full-featured programming language and development environment. Paradox installs easily, and provides a Lotus-like menu to provide easy access to its powerful menu. Paradox displays your information in tables, using spreadsheet-like rows and columns, or in forms which show one record at a time. Paradox also features a query capability—a combination of an intuitive "query by example" interface and new technology. Simply give an example of the results you'd like to see and Paradox employs "machine reasoning" to deliver the answer.
Hardware Requirements: 640K, MS-DOS 3.X. Hard disk is recommended.
Support: Ansa Software.
Paradox. 90-3178 ..... 495.00
Paradox 2.0. 25-1187 ..... 699.00
Paradox 2.0 Network Pack. Allows up to six users in your workgroup environment. Does not require purchase of 25-1187. Requires 640K per workstation. 90-3237 .. 995.00

TANDY

Personafile

Color Computer

Description: No more hectic searching for needed information. Here's a handy filing program that gives you fast access to household records and other personal data. Allows up to 540 records, with up to 250 different subjects.
Hardware Requirements: 32K, one disk drive.
Support: Radio Shack.

SOFTWARE PUBLISHING CORPORATION

pfs:file

2000

Description: An easy-to-use computerized filing system that lets you record, retrieve, update and print information in a fraction of the time it takes with a manual filing system. File gives you complete control over your information because you organize it in "forms" that you design on the screen. Enter data by simply filling in the blanks on your form. Forms can be as long or short, complex or simple, as you need. And you can change your mind about the design, even after information has been entered. Finding exactly the information you need is just as easy. You can automatically select, sort and print the information you need for mailing labels, invoices and more.
Support: Radio Shack.
26-5305 ..... 140.00

SOFTWARE PUBLISHING CORPORATION

pfs:Professional File

PC-Compatible

Description: A complete file management and reporting program providing the full range of features needed to quickly organize, update, retrieve, analyze and report information with professional results. It's perfect for busy managers or professionals who need to maximize information management efficiency. Because Professional File takes advantage of all your computer's memory, data retrieval is very fast. Features include user interface for direct access to applications, ability to work with other software and hardware in the office, pull-down menus and more. With the addition of the pfs:Network Manager, local area network support is available for up to five users.
Hardware Requirements: Two disk drives.
Support: Software Publishing Corp.
25-1171 ..... 199.00

SOFTWARE PUBLISHING CORPORATION

pfs:report

III/4/PC-Compatible/2000

Description: Helps you get the most from the information you have stored in pfs:file. Report summarizes File data into concise, meaningful tables that would take hours to produce manually. Simply tell Report what information you want to tally from your File forms and Report does the rest. It can automatically sort and sub-total your information alphabetically or numerically, with totals, averages and counts. It can also format your report with centered titles, correct decimal point alignment, column width adjustments, column headings and page numbers. Performs complex calculations based on formulas you create so you get the figures you need fast.
Support: Radio Shack.

POWER●BASE SYSTEMS, INC.

PowerBase

PC-Compatible/2000

Description: Allows you to set up the program and define complete applications. PowerBase's DataZoom feature links up to 10 files. Its PowerLinks feature lets users transfer data to and from popular software programs, including Lotus 1-2-3 and MultiMate, and downloaded mainframe data files automatically, without any re-keying. PowerBase also has multi-file reporting and customized mailing labels.
Hardware Requirements: 384K and two disk drives.
Support: Powerbase Systems Inc.
90-0341 ..... 349.00

The **Small** Computer Company, Inc.

Profile Plus

II/12

Description: A powerful program that lets you design your own database and search through your records to find just the information you want in seconds. Keep track of names and addresses, bills owed and paid, personnel and customer records and much more. You can specify the way your files are set up and how information appears on the screen and in printed reports. Built-in math functions do extensions, calculate taxes and totals between numeric fields automatically. "Associated" fields can be searched for similar data. An indexing system automatically organizes files in logical order for high-speed access. Selectable record lengths.
Support: Radio Shack.
26-4515 ..... 299.00

The **Small** Computer Company, Inc.

Profile Plus Upgrade

II/12

Description: Upgrades the Profile II program with the added features of Profile Plus.
Support: Radio Shack.
26-4517 ..... 120.00

The **Small** Computer Company, Inc.

Profile Archive

II/12

Description: This utility for Profile Plus purges inactive records and lists them on a printer and/or merges them into a history file. Also used to simply copy files, to rewrite files in sorted order, and to eliminate blocks of deleted records. Requires Profile Plus (26-4515).
Support: Radio Shack.
26-4557 ..... 49.00

The **Small** Computer Company, Inc.

Profile Forms

II/12

Description: This utility for Profile Plus fills pre-printed forms, such as invoices, insurance claims and loan applications, with any number of items from individual records. Also lets you use special printer codes. Requires Profile Plus (26-4515).
Support: Radio Shack.
26-4556 ..... 125.00

The **Small** Computer Company, Inc.

Profile Lookup

II/12

Description: This utility for Profile Plus cross-references information for up to five separate files, and copies data either permanently or temporarily into the current record. Lets you be frugal with your disk space, since information is saved in only one file, while still accessible by all records. Requires Profile Plus (26-4515).
Support: Radio Shack.
26-4559 ..... 199.00

The **Small** Computer Company, Inc.

Profile ProSort

II/12

Description: This utility for Profile Plus builds high-speed indexes on either primary or secondary keys for both inquiry and output. Lets you build indexes from indexes. Requires Profile Plus (26-4515).
Support: Radio Shack.
26-4558 ..... 149.00

The **Small** Computer Company, Inc.

Profile Training

II/12

Description: Learn how to put Profile to work for you quickly and easily. Includes four audio cassettes, 96 page manual, and diskette with sample files. Requires Profile Plus (26-4515).
Support: Radio Shack.
26-4516 ..... 69.00

pfs:/TM Software Publishing. PowerBase/TM PowerBase Systems. Profile/Reg. TM Tandy Corp.

The **Small** Computer Company, Inc.

Profile III Plus

III

Description: Store almost any type of information, then retrieve it at the touch of a key. Design your own file layout, input screens and reports. Supports multiple screen designs for different views of the data. Stores up to 700 records of 255 characters in length on a 2-disk system. Allows up to 99 fields per record. Sort and search by user-supplied criteria. Math functions between fields are supported. Comes with easy-to-understand tutorial manual.
Hardware Requirements: 48K and two disk drives.
Support: Radio Shack.
26-1592 ..... 199.00

The **Small** Computer Company, Inc.

Profile III Plus Hard Disk

III

Description: Includes all the features of Profile III Plus and allows much larger files (up to 65,535 records). Faster searches due to increased access speed of hard disk.
Hardware Requirements: 48K and hard disk drive.
Support: Radio Shack.
26-1593 ..... 299.00

The **Small** Computer Company, Inc.

Profile 4 Plus

4

Description: Turns your Model 4 into a well-organized filing system, letting you store almost any kind of information and retrieve it at the touch of a key. You can revise your system at any time without losing data. Automatically created screen and report formats let you start using your database right away. Divide reports into as many as five sub-total sections and print grand totals. Math functions and user-menu creation are included. Select data to merge with SuperSCRIPSIT word processing documents.
Support: Radio Shack.
26-1635 ..... 249.95

The **Small** Computer Company, Inc.

Profile 16

XENIX 6000

Description: An electronic filing system and applications generator based on the popular Profile Plus data base manager, written to take full advantage of the Tandy 6000. Both programmers and novices will appreciate how easy and quick it is to design a Profile system. You can change or expand a system at any time without having to re-enter data. Using Profile's menu-driven setup procedure, you can create your own menus. It can perform minimums, maximums, averages, totals and accepts all standard math functions. Interacts easily with word processors and spreadsheets. All prompts are in plain English. Includes a data processing language module that eliminates the need for BASIC, COBOL, C and other interfaces.
Support: Radio Shack.
26-6412 ..... 499.00

The **Small** Computer Company, Inc.

Profile 286

XENIX 3000

Description: An electronic filing system and applications generator based on the popular Profile 16 database manager. You can change or expand a system at any time without having to re-enter data. Using Profile's menu-driven setup procedure, you can create your own menus. Interacts easily with word processors. Includes a data processing language module that eliminates the need for BASIC, COBOL, C and other interfaces.
Hardware Requirements: 1 MB memory.
Support: Radio Shack.
25-4212 ..... 799.00

MICRORIM™

R:BASE 5000

PC-Compatible

Description: A relational database management system. Included in R:BASE are application generation capabilities, database query, database modifications, advanced report writing, flexible database modification and data entry. R:BASE 5000 also contains Application Express, a unique menu-driven system for creating complex applications with ease, and a compiler for locking down the source code in applications.
Hardware Requirements: 384K and two disk drives.
Support: Provided at no charge by Microrim for a limited time, after which a nominal fee is charged.
90-0328 ..... 495.00

MICRORIM™

R:BASE System V

PC-Compatible

Description: A fully-featured relational database management system which has been specifically designed to automate your data management tasks. Whether you need to develop a single mailing list or a complex inventory control system, R:BASE System V is the answer. R:BASE System V comes complete with a visual define module to create the database structure, forms and reports modules to generate simple to complex forms/reports, an easy-to-use query system called Prompt by Example, as well as a screen editor, a utility to protect application codes and FileGateway to import and export an ASCII, DIF, SYLK, dBASE, and Lotus file structure. R:BASE System V can be used in either a single user or a LAN multiuser environment with no additional purchase required.
Hardware Requirements: 512K for single-user, 640K multi-user.
Support: Provided at no charge by Microrim for a limited time, after which a nominal fee is charged.
90-3107 ..... 700.00

RAF SOFTWARE INC.

Rank and File I

PC-Compatible

Description: Speed and ease of use are the key advantages of the Rank and File I data management program. The package includes both file management and report generating functions. No previous computer experience is required, because it's menu-driven with help screens. Use Rank and File I to maintain and analyze information on clients, customers, employees, inventory, billing, mailing lists, personal finances and more. Design a file cabinet to fit almost any need that you may have. Other features include flexible file handling functions and a powerful report generator.
Support: RAF Software Inc.
90-0332 ..... 160.00

BORLAND INTERNATIONAL

Reflex

PC-Compatible

Description: Reflex shows you patterns, relationships, and inter-relationships you didn't know were there, because they were hidden in data and numbers. After uncovering these relationships, Reflex then reveals them to you in various graphic forms, such as scatter, line, bar, stacked bar and pie charts. Reflex uses advanced windowing techniques, you can see several views on the screen at the same time—you get the entire picture—all at once, without having to switch back and forth.
Support: Borland International.
90-3014 ..... 149.95

Profile 286/TM Tandy Corporation. R:BASE 5000/TM Microrim. R:BASE System V/TM Microrim. Rank and File/TM RAF Software. Reflex/TM Borland International.

SCO THE SANTA CRUZ OPERATION

SCO FoxBase

XENIX 3000

Description: Provides an easy migration for single-user dBASE II application users to move into a multiuser environment. Programs and macros written in dBASE II will run without modification under SCO Foxbase on a XENIX machine. It offers enhancements for users familiar with dBASE II, including faster performance of operations, 50% more fields per record, automatic 80287 coprocessor support and 14-digit precision in performing numeric computations. It also includes a HELP facility and automatic record locking for data security.
Hardware Requirements: 1 MB RAM and 80287 Math Co-Processor.
Support: Provided at no charge by Santa Cruz for a limited time, after which a nominal fee is charged.
90-1505 ..... 795.00

UNIFY CORPORATION

UNIFY 3.2

XENIX 6000

Description: A fully relational database manager designed to run and develop sophisticated business applications which handle large amounts of data. Included features are single-step database creation, interactive data entry and manipulation, a visual screen design utility (PAINT), interactive report generation (RPT), detailed menu handling, a multilevel security system, default field value assignments, domain checking during data entry, transaction logging, multikey indexing, international date formats, and error logging. Interface to the user is menu- and screen-oriented which allows even a novice to start immediate use of the system. A Data Manipulation Language (DML) allows the user to add, display, delete, and modify data. UNIFY queries may also be interfaced to RPT for easy report generation. Interface modules for C and RM-COBOL languages are provided. A tutorial and an on-line HELP facility are also included.
Support: Radio Shack.
26-6416 ..... 999.00

VIP TECHNOLOGIES

VIP Database

Color Computer

Description: A sophisticated database program modeled after pfs:file. VIP Database allows you to see up to 85 characters per line, and it includes a math package for reports. It may be used with VIP Writer (90-0141) to merge forms and letters for mass mailings.
Hardware Requirements: 32K and one disk drive.
Support: SD Enterprises.
90-0140 ..... 59.95

PALANTIR SOFTWARE

Windows Filer

PC-Compatible

Description: A data management system designed for use with Microsoft Windows. Window Filer directly reads and writes dBASE II and III files, and allows you to use graphics as well as text. It lets you design your data entry forms and custom reports as easily as laying out a sample in Filer's built-in editor. Window Filer allows up to 300 fields per data form, including text, numbers, calculated fields, protected data, invisible fields and pictures. It automatically updates calculated fields from your formulas to show extended invoice prices, sales discounts, metric/U.S. standards and more. You can also sort your file on any combination up to nine at a time. Create custom invoices that calculate on the screen so you can see the results before you print the report. Requires Microsoft Windows.
Hardware Requirements: 512K and a hard disk.
Support: Palantir Software.
90-3087 ..... 195.00

Desktop Publishing

HI TECH EXPRESSIONS

CardWare

PC-Compatible

Description: Complete with a selection of graphics and special letters, it is easy to design and print your own greeting cards. Print out a full-page graphic and personalize it with your own message. Or create a page to be folded, with a graphic on the front and your own personalized greeting on the inside. You can also create an animated birthday greeting disk that actually joins in your birthday celebration with a story that unfolds on the screen. Your graphics come alive with computer animation and music too!
Hardware Requirements: Color graphics adapter.
Support: Hi Tech Expressions, Inc.

SOFTWARE PUBLISHING CORPORATION

Harvard Professional Publisher

3000/4000

Description: Harvard Professional Publisher is a full-powered page composition program that gives you the superior typographic quality needed to produce the most professional-looking documents possible. Professional Publisher's superior typographic controls deliver optimal word and letter spacing, automatic kerning and tracking, horizontal and vertical justification, ragged right, left, centered or fully-justified margins, and widow and orphan control. Format changes can also be done quickly and easily. You can change the type size, type face, spacing above your headlines, spacing between paragraphs, leading, and many other formats throughout your document in one step. Simply make a change to your style sheet, and see that change immediately reflected on every page of your document. Integrate text, graphics and scanned images or any other business document ranging from one page to hundreds of pages.
Hardware Requirements: 640K memory, hard disk, monochrome monitor with Hercules-compatible graphics adapter or EGA monitor with EGA card. Postscript-compatible printer recommended or dot-matrix printer for draft mode only. Mouse recommended.
Support: Software Publishing Corp.
90-3197 ..... 695.00

TANDY

Home Publisher

Color Computer 3

Description: A versatile personal publishing package. Create professional quality newsletters and flyers for your home, office or school. Select from over 30 detailed graphic images, and eight fonts, or use the convenient image editor to create your own picture. Features easy-to-use menus and pull-down windows. Includes pre-designed forms for certificates, flyers, newsletters, memos and signs.
Hardware Requirements: Disk Drive.
Support: Radio Shack.
26-3273 ..... 39.95

UNISON WORLD INC.

NewsMaster

PC-Compatible

Description: Create a variety of publications without complication or expense. You can be the publisher of attractive and functional newsletters, bulletins, announcements, brochures, ads, rosters, schedules, menus—just about any printed piece imaginable! Edit text and integrate graphics with multiple columns per page and multiple pages per document. Includes over 30 different fonts, more than 250 pieces of artwork, automatic text "wrapping" of graphics, 20 fill patterns, vertical/horizontal lines and boxes, and much, much more!
Hardware Requirements: Color graphics adapter or Hercules-compatible card.
Support: Brown-Wagh Publishing.
90-3164 ..... 99.95

PageMaker

3000/4000

Description: Helps to eliminate the typically expensive and time-consuming chore of designing, laying out and producing publications. Create text and graphics on your personal computer, then you can do the cutting and pasting electronically! In a few easy steps, you can produce virtually any publication imaginable—from flyers and sales catalogs to annual reports. First, write your copy using a standard word processing program. Then, using PageMaker, lay out the columns and add rules, borders or boxes. Next, incorporate the text and graphics onto the page—this is made easier because PageMaker allows graphics to be scaled to any size to fit the space provided. Typefaces can range in size from 4 to 127 points and copy can appear in bold, italic, shadowed or reverse styles. Once the pages appear as you would like, you're ready to print. When you see the results, you'll agree—PageMaker produces finished work that is much easier than it looks!
Hardware Requirements: Hard disk, EGA or Hercules-compatible graphics adapter and Windows-compatible mouse.
Support: Provided at no charge by Aldus Corp. for a limited time, after which a nominal fee is charged.
25-4110 ..... 699.95

HI TECH EXPRESSIONS

PartyWare

PC-Compatible

Description: Create a party from start to finish. Using your computer and a dot-matrix printer, you can produce all of your party supplies. Beginning with invitations, of course, you can utilize a database of all your friends and their addresses. Create a theme and produce banners, placemats, place cards, party hats, games, prizes and thank you notes.
Hardware Requirements: Color graphics adapter.
Support: Hi Tech Expressions, Inc.

Unison World Inc.

PrintMaster Plus

PC-Compatible

Description: Turns your personal computer into a print shop. You can create and print your own greeting cards, letterheads, calendars, signs and banners—all with your computer and dot-matrix printer. PrintMaster brings out the graphic artist in you, with easy-to-use menus that let you choose from a variety of type styles, graphics, border designs and layout patterns. Choose ready-made graphics from PrintMaster's art gallery of 120 pictures and symbols, or design your own and add them to your collection.
Hardware Requirements: Color graphics adapter, Hercules-compatible graphics adapter, or EGA adapter.
Support: Brown-Wagh Publishing.
90-3071 ..... 59.95

Broderbund Software®

The Print Shop

PC-Compatible

Description: Design and print signs, announcements and flyers with a variety of borders, graphics and background patterns. Or spruce up your newsletter with a new masthead and cover. Design and create your own personalized letterhead, complete with original logo. Choose from dozens of pictures, symbols, borders and backgrounds, plus a variety of type fonts and sizes. Put your personal stamp on invitations, note cards and greetings. The Print Shop includes 140 graphic symbols and patterns for every occasion. You can design and print banners of any length, featuring jumbo graphics and extra-large text. The Graphic Editor lets you draw original pictures or modify the predesigned graphics included in the program. There are no complicated commands to learn and you don't need any artistic ability. Turn your personal computer into a print shop. It's easy and fun!
Hardware Requirements: Color graphics card or Hercules-compatible monochrome graphics card.
Support: Broderbund Software.
25-1304 ..... 59.95

Broderbund Software®

The Print Shop Graphics Library Holiday Edition

PC-Compatible

Description: Produce your own custom greeting cards. You'll find beautiful, ready-to-use graphics for Easter, Christmas, Hanukkah, New Year's—26 holidays in all. Included are custom borders, type fonts, and dramatic full-panel designs. Requires The Print Shop program (25-1304).
Hardware Requirements: Color graphics card or Hercules-compatible monochrome graphics card.
Support: Broderbund Software.
90-3195 ..... 34.95

Education (Home)

Scholastic Software

Agent USA

PC-Compatible

Description: This exciting simulation encourages students to apply math and geography skills. Students travel around the country with Agent USA, who is on a mission to find and disarm the FuzzBomb before it fuzzes all of America. Improves map reading and interpretive skills. For ages 8-up.
Support: Scholastic Software.
90-3202 ..... 29.95

Compu-Teach™

ArithMATIC:Addition

PC-Compatible

Description: Amusing and varied graphic effects, accompanied by sound, make a game of solving simple addition problems. Responses are monitored, success is rewarded with lively graphics, and errors result in a simple demonstration of correct procedure. For ages 4-7.
Support: Compu-Teach, Inc.
90-3027 ..... 34.95

Compu-Teach™

ArithMATIC:Counting

PC-Compatible

Description: ArithMATIC:Counting has two games to play: "Introduction to Numbers" and "Counting". Both are designed to introduce concepts essential to later development of mathematical thinking. While the child controls the program, responses are monitored. Success is rewarded with lively graphics, and errors result in a simple demonstration of correct procedure. For ages 4-7.
Support: Compu-Teach, Inc.
90-3028 ..... 34.95

Compu-Teach™

ArithMATIC:Subtraction

PC-Compatible

Description: Amusing and varied graphic effects, accompanied by sound, make a game out of solving simple subtraction problems. ArithMATIC:Subtraction also includes a number of "parameter settings" which allow the program to display different levels of challenge according to each child's ability and learning needs. For ages 4-7.
Support: Compu-Teach, Inc.

TANDY Big Bird's Special Delivery

Color Computer

Description: This program is a Basic Skills Game for children between the ages of three and six. Big Bird's Special Delivery provides a playful setting in which children can practice an important skill: classification. In order to help Big Bird deliver packages to the right stores, a child must consider and compare objects according to the attributes of form, class, and (on the highest level) function.
Hardware Requirements: Extended BASIC and joysticks.
Support: Radio Shack.
26-2525 CMC 19.95

TANDY Bingo Math

Color Computer

Description: Children improve their basic math skills with stimulating exercises in addition, subtraction, multiplication, division and number recognition.
Hardware Requirements: Joysticks.
Support: Radio Shack.
26-3150 CMC 19.95

TANDY Biosphere

Color Computer

Description: An ecological simulation game that teaches children to create a workable ecology. Kids learn to balance many variables, such as what gasses do plants and animals breathe and expel, what foods they eat, and what temperatures and humidities they need to survive.
Hardware Requirements: 64K and one disk drive.
Support: Radio Shack.
26-3280 CMC 29.95

The Learning Company™ Bumble Games™

Color Computer

Description: Bumble™, the imaginary creature, will help children learn how to identify places on arrays and grids. These skills are useful in finding streets on maps, building charts and graphs, and designing computer graphics. For ages 4-10.
Hardware Requirements: 32K and one disk drive.
Support: The Learning Company.
90-0461 ..... 39.95

The Learning Company™ Bumble Plot™

Color Computer

Description: Learn and practice the essentials of graphing both positive and negative numbers. Bumble, the imaginary creature from the planet Furrin, leads children through five intriguing programs. These programs help make learning about number-pair plotting fun. For ages 8 to 13.
Hardware Requirements: 32K and one disk drive.
Support: The Learning Company.
90-0462 ..... 39.95

TANDY Color Computer Learning Lab

Color Computer

Description: The best hands-on, self-teaching programming course we've ever seen. Contains a 200-page manual and 8 cassette tapes with 30 lessons.
Support: Radio Shack.
26-3153 CMC 49.95

TANDY Color Math

Color Computer

Description: This program teaches math skills. It consists of four topics: addition, subtraction, multiplication, and division, and offers placement, skill-building lessons, and testing options in each. Students can be placed by the computer at their appropriate skill levels, take lessons at those levels, receive performance reports, and take a test on any lesson. Lesson summaries are provided in the user's manual. Within each lesson, problems are randomly generated according to specific guidelines. For ages 6-14.
Support: Radio Shack.
26-3201 ..... 19.95

TANDY Color Robot Battle

Color Computer

Description: Players program two robots for battle while learning about computer programming. Tell them how and where to move, how to react to situations around them, when to fire lasers and missiles, when to stay and fight and when to run! You can even program them to dance! Players are encouraged to challenge others to determine their programming skills.
Support: Radio Shack.
26-3070 CMC 24.95

TANDY Cookie Monster's Letter Crunch

Color Computer

Description: It's cookie time and Cookie Monster is hungry. He's ready to bake cookies—but first children must match letters and words as fast as they can. There are six different levels to choose from. Children learn to match letters, words, practice letter recognition and letter sequencing skills. For ages 3-6.
Hardware Requirements: Extended BASIC and joysticks.
Support: Radio Shack.
26-2526 CMC 19.95

Walt Disney Personal Computer Software Donald Duck's Playground

PC-Compatible/Color Computer

Description: Donald's mischievous nephews, Huey, Dewey and Louie, would love to have a playground of their own. You can help Uncle Donald build them one. Compelling and challenging activities motivate your child to grasp the concepts involved. Your child will enjoy working at four different, entertaining jobs along with Donald, earning the money needed to buy playground equipment. Whether working at the produce stand, stocking toy store shelves, or sorting cargo at McDuck Airlines, your child will be challenged to recognize shapes, colors and letters. With each purchase, your child will develop a better understanding of money. For ages 7-11.
Hardware Requirements: Color Computer—64K and disk drive.
Support: Radio Shack.
PC-Compatible. 25-1131 ..... 39.95
Color Computer. 26-3245 ..... 34.95

TANDY Ernie's Magic Shapes

Color Computer

Description: Children learn to sort out the things they see by matching shapes and recognizing similarities and differences. For ages 3-6.
Hardware Requirements: Extended BASIC.
Support: Radio Shack.
26-2524 CMC 19.95

TANDY Flip Side

Color Computer

Description: A Creative Exploration Game. Players learn to think and plan ahead by changing as much of the board as they can to their color. For ages 10 and up.
Hardware Requirements: Extended BASIC and joysticks.
Support: Radio Shack.
26-2529 CMC 19.95

TANDY Fun With Reading

Color Computer

Overview: Each package includes an illustrated reader, a read-along cassette tape, and a computer tape with spelling and vocabulary exercises with immediate feedback. For grades 4-6.
Support: Radio Shack.
Dracula. 26-2550 CMC 19.95
The Hound of the Baskervilles. 26-2551 CMC 19.95
Moby Dick. 26-2552 CMC 19.95
20,000 Leagues Under the Sea. 26-2553 CMC 19.95

Davidson. Grammar Gremlins

PC-Compatible

Description: A comprehensive grammar program offering effective practice with skill-building activities and a fun-filled game. Grammar Gremlins covers over 60 rules using 600 practice sentences. More practice sentences can be added with the easy-to-use editor. For grades 3-6.
Support: Davidson Associates.
90-3148 ..... 49.95

TANDY Grobot

Color Computer

Description: A Creative Exploration Game. Challenging action in which players plant, protect and harvest an outer space "astrogarden." For ages 10 and up.
Hardware Requirements: Extended BASIC and joysticks.
Support: Radio Shack.
26-2527 CMC 19.95

TANDY Grover's Number Rover

Color Computer

Description: Children choose from six different games, including one they create themselves. Children learn number identification, counting, addition and subtraction. For ages 3-6.
Hardware Requirements: Extended BASIC.
Support: Radio Shack.
26-2522 CMC 19.95

SPINNAKER Homework Helper Math

PC-Compatible

Description: Students can sharpen their math skills with this interactive, two-part program designed to help them understand and solve word problems. For grades 7-12.
Support: Spinnaker Software.
90-3130 ..... 49.95

The Learning Company™ Juggle's Rainbow™

Color Computer

Description: Juggles™, the friendly clown, helps develop reading and math readiness skills using delightful graphics and simple instructions. For ages 3-6.
Hardware Requirements: 32K and one disk drive.
Support: The Learning Company.
90-0465 ..... 29.95

TANDY Klendathu

Color Computer

Description: Based on Robert A. Heinlein's "Starship Trooper." The planet Klendathu is crawling with giant bugs. Use Cooperative Strategy to destroy the deadly insects.
Hardware Requirements: Extended BASIC and joysticks.
Support: Radio Shack.
26-2567 CMC 14.95

Simon&Schuster COMPUTER SOFTWARE Lovejoy's Preparation for the GMAT

PC-Compatible

Description: Prepare now for the Graduate Management Admissions Test (GMAT). Includes two sample GMAT exams, 25 practice modules, help screens, a pop-up scratch pad and four-function calculator and more. Bar graphs summarize scores and progress as well as project actual GMAT scores.
Support: Simon & Schuster
90-3097 ..... 79.95

Simon&Schuster COMPUTER SOFTWARE Lovejoy's Preparation for the SAT

PC-Compatible

Description: Get ready now for the Scholastic Aptitude Test (SAT). Includes two practice exams, 25 separate practice modules, extensive help screens, scratchpad and four-function calculator. A utility program both calculates projected SAT scores and creates bar-graphs of scores and progress.
Support: Simon & Schuster
90-3096 ..... 59.95

The Learning Company™ Magic Spells

Color Computer

Description: An exciting journey through the magical kingdom sharpens basic spelling, visual and mental skills. Adjustable timer and unlimited personal word lists enhance the game. For ages 6-12.
Hardware Requirements: 32K and one disk drive.
Support: The Learning Company.
90-0460 ..... 34.95

Grammar Gremlins/TM Davidson Associates. Homework Helper/TM Spinnaker. Juggle's Rainbow/TM The Learning Company. Lovejoy's GMAT and Lovejoy's SAT/TM Simon & Schuster.

Mastering the ECAT: English Composition III

Description: Comprehensive, self-paced test preparation and review of the fundamentals of Standard Written English as presented in the College Board Achievement Tests.
Support: Radio Shack.
26-1970 ..... 99.95

Mastering the SAT III

Description: A comprehensive, self-paced preparation course for the Scholastic Aptitude Test. Covers all areas of SAT: Verbal, Math, and Standard Written English.
Support: Radio Shack.
26-1975 ..... 99.95

Math Blaster
PC-Compatible

Description: Award-winning Math Blaster helps students master basic math facts as they add, subtract, multiply, divide and learn fractions, decimals and percents using 600 problems. This easy, fun, and effective program includes animation, color and sound and an arcade-style game provides a fun and challenging format for students. For grades 1-6.
Support: Radio Shack.
90-3068 ..... 49.95

Math Drill
PC-1/PC-3

Description: Teaches basic math skills to children in the primary grades.
Support: Radio Shack.
26-3514 CMC 14.95

Math Shop
PC-Compatible

Description: Defend your castle from the giant fireball, using Merlin's magical pikes.
Hardware Requirements: Joysticks.
Support: Radio Shack.
26-3079 CMC 24.95

TANDY

Cave Walker

Color Computer

Description: Enter the legendary Cave of the Mystics. Within the underground Palace, magical spells and treasures abound. Overcome the rushing jets of steam and the Great White Bat and you might find the Treasure of the Ancients. No two games are alike.
Hardware Requirements: 64K, disk drive and joystick.
Support: Radio Shack.
26-3246 ..... 24.95

ACTIVISION.

Championship Baseball

PC-Compatible

Description: This game offers more features than any other baseball program, from split screen graphics to player substitutions. Players compete in a 24-team league, through the playoffs to the championship series.
Support: Activision.
90-3187 ..... 39.95

ACTIVISION.

Championship Basketball

PC-Compatible

Description: Let's play a little two-on-two. A four division, 23-team league gives you the chance to reach the playoffs and go for the GBA Championship.
Support: Activision.
90-3186 ..... 39.95

SIERRA

Championship Boxing

PC-Compatible

Description: Act as a manager or trainer to the heavyweights. You can control every move of the past World Heavyweight Champ of your choice, or create a "superfighter" of your own. A "featherweight" bout might be arranged with cartoon characters or a boxing kangaroo.
Support: Sierra On-Line.
90-3090 ..... 34.95

ACTIVISION.

Championship Football

PC-Compatible

Description: With the "in-the-helmet" perspective, no longer are you up in the stands, watching "the fleas on the left play the fleas on the right". You're actually on the field, taking the hits and making the plays.
Support: Activision.
90-3188 ..... 39.95

ACTIVISION.

Championship Golf

PC-Compatible

Description: Every aspect of the Pebble Beach golf course is authentically recreated. Through multiple screen perspectives, you can view the action of the club, the ball when it is in flight and the slope of the putting green.
Support: Activision.

Autodesk

AutoCAD Standard

1200/2000/3000/4000

Description: A computer-aided drafting and design system that brings the benefits of a high-performance CAD facility within the range of even the smallest drawing office. AutoCAD requires no prior computer knowledge and is easy to tailor to user-specified requirements. AutoCAD Standard is equipped with all of the features necessary to complete a drawing. Any drawing created with AutoCAD Standard is compatible with any other level of AutoCAD, allowing you to easily upgrade to a higher level. AutoCAD acts as a word-processor for drawings, allowing the user to interactively create and edit drawings of any size and to any desired scale. It uses as components both previously-created drawings and basic elements such as lines, circles, arcs and solid-filled areas. Drawings are stored on disk, and can be output on a plotter at any point during the drawing process. They can be annotated with text of any size and inserted at any position and orientation. Some features of AutoCAD include Lines; Arcs; Text with multiple fonts; Move objects; Delete; Fill Solid Objects, Traces; Grids; and a Zoom capability.
Hardware Requirements: 384K, color graphics option, two floppy disk drives (hard disk drive recommended).
Support: Autodesk.

HALO™

Dr. HALO II

PC-Compatible

Description: An icon-driven paint program and picture editor. Functions include grids, circles, ellipses and boxes, as well as paint can, pencil and scissors. Lets users draw, paint, move, cut and paste, and rubberstamp images. Choose among colors, patterns, symbols, line widths, type faces, and airbrush densities. Advanced features encompass virtual page, undo, scaling, curve fitting, menu switching, symbol creation, image rotation and overlay, and snap grid. Lets the user import word processing text or ASCII files for merging with graphics for attractive reports, presentations, flow charts, manuals, newsletters, etc.
Hardware Requirements: Two disk drives, graphics card, and a pointing device.
Support: Media Cybernetics.
90-3163 ..... 139.95

Digital Research

GEM Draw

PC-Compatible/2000

Description: An element-oriented graphics editor that can produce charts, diagrams, logos and drawings. The graphics library includes straight lines, rectangles, circles, polygons and arcs. Elements are easily moved on the screen, sized or duplicated by a simple "point and click" of the mouse. Additional features include a sketch option which permits freehand design, text (in 6 point sizes) that can be bold or italicized, 39 fill patterns, and a pre-programmed picture library. The GEM Draw package also includes the GEM Desktop release 1.2.
Hardware Requirements: PC-Compatible—384K and graphics card. Tandy 2000—384K and high-resolution graphics.
Support: Digital Research.
90-0343 ..... 249.00

TIME ARTS
COMPUTER TOOLS FOR ARTISTS

Lumena 2000

2000

Description: An advanced creative tool for graphics artists and professional designers. Lumena is easy to use, with a simple menu-driven design. Using the Radio Shack GT-2000 Graphics Tablet or DIGI-Mouse, you can select colors, shapes, letters, fonts, or draw free-hand. The images can be duplicated, moved, changed in size, rotated and more. Objects can be filled with solid, banded, or graduated colors. Lumena 2000 combines the two intensities of the Tandy 2000's eight basic colors into 28 additional "dithers" or blends. Lumena also provides cycling and animation functions for impressive graphics. Output is on CGP-220 Ink-Jet Printer. Some of the professional quality graphics features include multiple pen and brush sizes for freehand drawing; 8 solid colors and 28 dithers (user-definable); two screen buffers with overlay ability; circles, boxes, polygons and curves; rotate and zoom capabilities; move, copy and duplicate; scale portions of pictures, shadows, outlines and 8 fonts.
Hardware Requirements: 256K (384K required for advanced features), GT-2000 Digitizer or DIGI-Mouse, and high-resolution graphics.
Support: Radio Shack.
26-5281 ..... 299.95

MGI MICROCOMPUTER GRAPHICS, INC.

MGI/CADD

PC-Compatible/2000

Description: Combines the MGI/Schematic Drafter, MGI/Mechanical Drafter and the MGI/Symbol & Template Editor into a single very powerful, extremely versatile and affordable CAD program. It allows you to draw schematics, create symbols and design 2D mechanical and architectural drawings. Includes symbol templates for electronic circuits, space planning, pneumatic and hydraulic diagrams, flowcharts, digital logic, electrical diagrams, P&IDs and project schedules, or you can create your own. MGI/Schematic Drafter is the easiest of all CAD programs and has a learning curve of less than one hour. Features include mouse support; zoom-in, zoom-out, zoom-all; scroll infinitely—up, down, left, right; create, save, copy, vertical and rotated text placed anywhere on the drawing; insert and delete drawing on sheet, print and/or plot drawings—sizes A to E; and symbol creation in a minute or two. MGI/Mechanical Drafter is easy and straightforward. Features include Auto-Scroll & Auto-Zoom capability; rescale and change units at will—English, metric, angular or time; snap to lines, circles and arcs; change line style with a keystroke; draw fillets and tangents to curves; inserts and deletes parts; and auto-dimensions them again.
Hardware Requirements: PC-Compatible—Graphics adapter card and two disk drives. Tandy 2000—High-resolution graphics.
Support: Provided by Microcomputer Graphics for a nominal charge.
90-0156 ..... 1495.00

ISLAND GRAPHICS CORPORATION

Micro Illustrator

Color Computer

Description: Draw beautiful pictures and designs on your computer. No programming experience needed. Choose shapes, colors, patterns, special effects and brushes. Save your pictures on disk and create your own picture show.
Hardware Requirements: 64K and one disk drive, joystick or color mouse.
Support: Radio Shack.
26-3278 CMC 29.95

Z-SOFT

PC Paintbrush

PC-Compatible

Description: PC Paintbrush gives you graphics for business or pleasure: diagrams, headings, patterns and charts. Use your mouse or digitizer to select easy-to-use pull-down menus, tools and color palettes. Change colors, patterns and line widths; add a heading; rotate; zoom; tilt; shrink; expand; flip; invert; save to disk; print; or make a slide show with optional PC Presentation.
Hardware Requirements: 384K, graphics display and mouse, tablet or other drawing device.
Support: ZSoft Corp.
90-0421 ..... 95.00

Z-SOFT

PC Paintbrush +

PC-Compatible

Description: PC Paintbrush + offers several new advantages, including support for Laser printers, scanners and 24-pin printers. It also supports more than 75 printers, 70 graphics adapters, and 20 input devices to offer a very extensive list of hardware support. PC Paintbrush + is supported by most of the new desktop publishing packages that are currently on the market. The editing of pictures in the Zoom-out mode gives PC Paintbrush + a big advantage for the user interested in desktop publishing. PC Paintbrush + is easy to use, yet very powerful. PC Paintbrush + can even capture other graphic images. Create pictures for use in presentations, desktop publishing, and other business uses needing freehand design.
Hardware Requirements: 384K, graphics display and mouse, tablet or other drawing device.
Support: ZSoft Corporation.
90-3086 ..... 149.00

MICRODEX **T.CAD Professional**

III/4

Description: A general-purpose, two-dimensional CAD package. It allows production of exact, scaled technical drawings up to 24×36″ on supported pen plotters. Ideal for smaller architectural, engineering or manufacturing businesses. An excellent education resource for schools, too. Features all essential CAD functions, such as overlay drafting, cursor grid snap, numerical input, decimal and customary scaling, zoom up to 1/100 inch drafting accuracy, pan, copy, enlarge, reduce, rotate, horizontal and vertical mirror, clip, merge, text labels in upper and lower case and more. Full-feature output to pen plotter, screen output to graphic printer.
Hardware Requirements: 64K, two disk drives and High Resolution Graphics board.
Support: Microdex.
Model 4. 90-0193 ..... 245.00
Model III. 90-0192 ..... 245.00

VERSACAD CORPORATION **VersaCAD 5.1**

PC-Compatible/2000

Description: VersaCAD 5.1 is a fully programmable, interactive computer-aided design and drafting package for microcomputers. Offering all the features of VersaCAD Advanced 4.0, this new version introduces CPL, a programming language used to easily customize VersaCAD, producing user-defined tablet overlays, custom menus, and macro commands. Other advances include double line draw with automatic corner and intersection cleanup for fast construction of walls, isometric projection, fast detail creation, spline curves, advanced filleting between circles, intersection snap and automatic trim during symbol insertion. With this impressive list of features, VersaCAD is ideal for mechanical part design, architecture, HVAC layout, landscape architecture, land planning, mapping, electrical schematics, circuit board design and education.
Hardware Requirements: 640K, hard disk and graphics adapter.
Support: Provided by VersaCAD Corp. for a nominal charge.
PC-Compatible. 90-3072 ..... 2495.00
Tandy 2000. 90-0800 ..... 2495.00

VERSACAD CORPORATION **VersaCAD Advanced**

PC-Compatible/2000

Description: A general-purpose design and drafting program that is powerful, yet easy to use. Productivity features include ten built-in primitive objects, ability to group objects by any attribute for group manipulation, interactive editing, total flexibility of object attributes (color, line style, etc.) on any drawing level, easy creation and visual retrieval of commonly used symbols from user libraries, auto-dimensioning, hatching, geometric calculations (such as center of gravity and area/perimeter totals), snap to object, grid or user-defined increments, etc. It includes help screens, tutorials and automatic drawing recovery from error or power failure.
Hardware Requirements: Two disk drives and graphics adapter.
Support: Provided by VersaCAD Corp. for a nominal charge.
PC-Compatible. 90-0412 ..... 1995.00
Tandy 2000. 90-0325 ..... 1995.00

VERSACAD CORPORATION **VersaCAD Entry-Level**

PC-Compatible/2000

Description: A general-purpose design and drafting program that contains much of the power found in software five times the cost. Menu-driven operation and plain-English prompts guide you through the program as you work. Productivity features include 10 built-in primitive objects; ability to quickly group objects for collective manipulation; interactive editing (the object being worked on blinks on the screen and visually changes); total flexibility of object attributes (color, linestyle, etc.) on any drawing level (attributes may be changed at any time with a function key); unlimited zoom; auto-dimensioning; inquiry about object locations, area/perimeter totals, etc.; drawing aids, such as center marker and template lines; snap at any time to an object; grid intersection or user-defined spacing increments; output to pen plotter or graphics printer with user-defined plot specifications; and automatic drawing recovery from error or power failure. Includes written tutorial and introductory audio tape.
Hardware Requirements: Two disk drives, graphics adapter and Tandy GT-2000 digitizer.
Support: Radio Shack.

BIS

BISINESS Construction Accounting System *PC-Compatible/2000*

Description: This system includes four integrated modules: Job Cost, Accounting, General Ledger, Payroll with Labor Distribution, and Accounts Payable. Integrates with other "BISINESS" accounting systems for additional accounting functions. Features an unlimited number of projects; labor cost and job cost reporting by project, phase, expense type; controls for retainage, burdens and overhead factors; income statements by project and entire business; automatic ledger posting; unlimited expense allocations; prior period postings; multiple pay structures; tax routines for all fifty states; unlimited labor distribution for each employee; reporting for workmen's compensation, multiple unions, certified payroll and manpower utilization. Cash flow and aged payables analysis; accrual, direct payment, or cash accrued accounting.
Hardware Requirements: 320K and hard disk.
Support: Provided at no charge by Bristol Information Systems, Inc. for a limited time, after which a nominal fee is charged.
90-0335 ..... 4200.00

BIS

BISINESS Construction Estimating System *PC-Compatible/2000*

Description: Maintains on-line files of products, labor rates, and estimates. Interfaces with BISINESS Construction Accounting for posting of estimated costs as budgeted costs for each phase and project. Automatic line item compilations. Allowance for items and labor rates not on file. Bid summaries with subtotals by category and phase with optional page breaks. Revisions for additional phases, revised prices and rates, etc. 10-level Accessories List File for automatic access to an item's required components. Options for MCA standard labor hours or user-defined hours/rates.
Hardware Requirements: 320K and hard disk.
Support: Provided at no charge by Bristol Information System, Inc. for a limited time, after which a nominal fee is charged.
90-0336 ..... 800.00

ARMOR SYSTEMS INCORPORATED

Bravo! General Accounting System *PC-Compatible*

Description: Bravo! General Acounting System is an affordable, yet comprehensive solution to the small business' general ledger, accounts payable and payroll needs. This multiuser system can be integrated with Bravo! Retail Management System to provide retailers with a complete "front counter to back room" business management system. Use the system to stay informed of bottom line profits, track profit and cost trends, identify overdue invoices and cash needed to meet upcoming bills, and handle over 1200 departments and subaccounts. You'll know your costs immediately without taking inventory each month and receive separate aged analyses for "must pay" and "almost must pay" vendors. Calculates all taxes and lets you pay employees on virtually any basis. Multiple user capabilities require Concurrent PC-DOS available from Digital Research.
Hardware Requirements: Hard disk drive.
Support: Provided at no charge by Armor Systems, Inc. for a limited time, after which a nominal fee is charged.
90-3192 ..... 695.00

ARMOR SYSTEMS INCORPORATED

Bravo! Retail Management System

PC-Compatible

Description: Perfect for small, growing product or service-oriented retail businesses. Includes point of sale, accounts receivable, billing and inventory control. Multiuser system is compatible with cash drawers and interactive cash and credit registers. Accepts multiple tendering, supports bar code systems, balances cash drawer, updates customer accounts and calculates sales commissions. Offers automatic price computation from cost, by markup/markdown, or by profit percent, rank item inventory tracking and reporting, and custom report formatting. Analyzes sales, margins, aging, and costs and simplifies selling while improving productivity, purchasing and cash flow. May be integrated with optional accounts payable, general ledger and payroll system. (Bravo! General Accounting, 90-3192). Multiple user capabilities require Concurrent PC-DOS available from Digital Research.
Hardware Requirements: Hard disk.
Support: Provided at no charge by Armor Systems, Inc. for a limited time, after which a nominal fee is charged.
90-3076 ..... 695.00

MICA ACCOUNTING SERIES
PROVIDING NETWORK SOLUTIONS

C³ Complete Cost Control

PC-Compatible

Description: Designed with contractors, consulting engineers and construction companies in mind. C³ provides all the accounting and management reports necessary for project oriented operations. Built around one of the most comprehensive Job Cost systems available, this system allows for completely integrated expense and revenue tracking for each project. The accounting modules include Job Cost (with billing), Certified Payroll, Accounts Payable, and General Ledger. The Network Manager is included to provide system security and maintenance, along with Productivity Interface for exportation to spread sheets, data bases, and word processors. Optional modules which may be purchased separately include Accounts Receivable and Inventory Control. The system tracks dollar costs, units, and time, with forecasting as well as comparisons against estimate.
Hardware Requirements: 384K for network use and a hard disk.
Support: Provided at no charge by MICA for a limited time, after which a nominal fee is charged.
90-3191 ..... 2995.00

ims INTERNATIONAL MICRO SYSTEMS

Church Management

PC-Compatible

Description: Get powerful organizing and accounting functions at an affordable price. Maintains a comprehensive profile on each member including personal background, committee memberships, talents, significant events, and more. Prints directories and mailing labels based on your criteria. It also interfaces with popular word processors and mail merge programs allowing you to print "personalized" letters to select groups of members. The system also tracks pledges & contributions for each member and prints acknowledgement letters in a variety of formats. Professional Fund Accounting and Accounts Payable with check writing functions handle the remainder of your church's financial needs.
Hardware Requirements: Hard disk.
Support: Provided at no charge by International Micro Systems, Inc. for a limited time, after which a nominal fee is charged.

MDX-6000

CALYX

XENIX 6000

Description: MDX-6000 is a medical data-management software designed specifically for medical practices, yet flexes to fit any size office or any specialty (including chiropractic, anesthesiology, podiatry, etc.). Users select needed modules now and can add others at any time. Financial module organizes bookkeeping, A/R, patient data, insurance information, posts charges and payments with a couple of keystrokes, produces claim forms and patient statements, compiles concise reports, more. Electronic claims, 3 billing options, appointments, user-designed medical records, word processing, demand printing, custom report writer also available.

Support: Provided at no charge by Calyx Corp. for a limited time, after which a nominal fee is charged.

90-0359 ..... 2995.00

Medical Office System

The **Small** Computer Company, Inc.

12/PC-Compatible/2000/XENIX 6000

Description: The Medical Office System lets you access all patient and transaction information at the touch of a fingertip. You can use an account number, patient name, or some other description to find a particular record. Access time for an individual patient either by last name or account number takes only a few seconds, even for systems for large amounts of data. All data entry is done using a single daily input function. From daily input, you can view, add, or modify patient charges, payments, diagnoses, procedures, physicians, locations, insurance companies, and most other Medical Office System information. Comprehensive routing slips, invoices and/or insurance forms can be printed or reprinted at the time patients are seen. Professional-looking insurance forms and monthly statements are prepared automatically and accurately. Statements can be generated monthly, bimonthly, weekly, or twice weekly. In the case of invoices on assignment (where the insurance company is being billed instead of the patient), insurance forms are resubmitted automatically if payments are not received within 60 days of their original submissions. The Medical Office System also lets you define or modify insurance forms, invoices and patient letters. Monthly statements can be produced on either standard statement or on self-mailer forms.

Hardware Requirements: Model 12, Tandy 2000 and PC Compatibles require two disk drives.

Support: Radio Shack—26-4508. The Small Computer Company—90-0492 and 90-0493.

Menu Manager

SONA

PC-Compatible

Description: In most food service operations, labor and overhead are fixed costs. If you want to increase the profit of your business, you must find a way to better control your food costs. To help you gain that control, SONA has created the Menu Manager. The Menu Manager handles menu costing, sales analysis and inventory control for both food and liquor. It is designed to be easy and simple to install and use. No prior computer knowledge is assumed and there is no computer syntax or jargon to learn. The manual is written using language familiar to people in the food and beverage processing industry. Current installations include many types of restaurants, caterers, bars, hotels and delicatessens.

Hardware Requirements: 512K and a hard disk.

Support: Provided by SONA Systems Corp. at no charge for a limited time, after which a nominal fee is charged.

THE PRECEDENT™

The Precedent Legal Accounting System

II/12/2000/PC-Compatible/XENIX 6000

Description: The Precedent Legal Accounting System is a comprehensive time and billing system designed especially for law firms. The system consists of three modules: Time and Billing, General Ledger and Cash Disbursements. While the time and billing module may be used independently of the other modules, the General Ledger and Cash Disbursements modules are designed for use with the time and billing module. The total package constitutes an integrated software package that enables the law firm to perform all legal accounting tasks quickly and efficiently including trust accounting. The Precedent enables the law firm to keep accurate, up-to-date records of both chargeable and non-chargeable time and expenses and to process invoices in a timely manner.
Hardware Requirements: Hard disk drive.
Support: Radio Shack—26-4620. Legal Data Services—90-0265 and 90-0240.

TRAC LINE Trac Line Branch Store Retailing

PC-Compatible/2000/XENIX 6000

Description: A point-of-sale recording system for small chains. Operating computer terminals and electronic cash drawers as cash registers, it runs as many "registers" as the hardware system permits. It also prints barcode labels and runs barcode readers. It gathers information to be fed into the main accounting system—INTEGRATED ACCOUNTING—and master Point-of-Sale software running at the chain's main location. Update via media or over phone modems can be done at will. It handles all payments—cash, check, charge, gift certificate, coupons and layaways. Special pricing routines give the retailer total flexibility to change prices and run special sales, while maintaining accurate inventory counts, sales statistics and controlling cash.
Hardware Requirements: Hard disk.
Support: Provided by Trac Line for a nominal charge.
PC-Compatible/2000. 90-0379 . . . . . 595.00
XENIX 6000. 90-0375 . . . . . 695.00

TRAC LINE Trac Line Distributing

PC-Compatible/2000/XENIX 6000

Description: Offers the ability to run more than one company on the same accounting software, tracking and maintaining inventory at more than one warehouse or internal location and variable pricing to automatically assign customer pricing through 250 different pricing routines. Distributing also includes all distribution management activities special to the wholesaler. Distributing requires the base package Integrated Accounting (90-0373, 90-0377).
Hardware Requirements: Hard disk.
Support: Provided by Trac Line for a nominal charge.

Color Computer 3

Description: An enhanced version of DeskMate for the Color Computer 3. Color Computer DeskMate 3 is an integrated package of seven commonly used personal productivity applications on one disk: Text, Ledger, Index Cards, Paint, Telcom, Calendar and Calculator. Text, Ledger and Telcom permit the use of either 40 or 80 columns. DeskMate lets you easily select an application (identified by name and icon) with your mouse, joystick or keyboard arrow keys.
Hardware Requirements: One disk drive.
Support: Radio Shack.
26-3262 ..... 99.95

TANDY Framework

2000

Description: Framework is the best productivity software available for people who need word processing, spreadsheets, database management, outlining, business graphics, and communications. Framework's outlining function provides powerful and unified management of text, spreadsheets, graphs, data bases, and ideas. Commands are consistent across all applications. Context-sensitive help is available on-line, and a powerful "undo" command allows effective error correction. Integrate text material and graphics. Framework has powerful macro capabilities, with keystroke recording. Framework provides a close coupling with dBase II® and dBase III™, as well as the capability to use files from Lotus 1-2-3™, WordStar®, and other standard formats.
Hardware Requirements: 384K.
Support: Radio Shack.
26-5320 ..... 695.00

ASHTON-TATE® Framework II

3000/4000

Description: Same as Framework with the addition of an 80,000-word spelling dictionary.
Support: Provided at no charge by Ashton-Tate for a limited time, after which a nominal fee is charged.
25-3192 ..... 725.00

Digital Research GEM Collection

PC-Compatible/2000

Description: With GEM Desktop™ software you can control your computer simply by pointing with a cursor and pressing a button. The computer's screen is arranged just like a desktop, with pictures like file folders, disk drives, or a calculator. GEM Write™ lets you write and edit, move and copy, search and replace or erase and print without learning complex commands. Or use GEM Paint™ to create virtually any kind of graphic, then integrate your graphics into reports with just a push of a button.
Hardware Requirements: Two disk drives. Graphic requirements: color graphics card, graphics card and a pointer. Color available only on 2000.
Support: Digital Research Inc.
90-0502 ..... 199.00

DCM data products Interactive Solutions

102

Description: The Interactive Solutions ROM module provides the user with three integrated programs: Data Manager, Data Calc, and Word Processor. Information stored in Data Manager can be utilized by the spreadsheet and word processor. Data Manager forms can have up to 20 fields per record. You may perform addition or subtraction on numeric fields and sort information in ascending or descending order. Data Calc, the spreadsheet, offers standard math functions plus averages, square roots, sines, cosines, and the constant pi. The worksheet can be a maximum of 99 rows long and 99 columns wide. The word processor uses the functions of TEXT and adds more printing parameters such as Page length; Page width; Top, Bottom, Right, Left margins; Justification; Line Spacing; and Headers and Footers can be specified before printing. The date and page number can be automatically printed. Uses optional ROM socket so that it does not occupy RAM.
Support: Radio Shack.
26-3844 ..... 149.95

Microsoft Microsoft Works

PC-Compatible

Description: An easy-to-learn, all-in-one program which combines word processing, spreadsheet, database and communications software. MS Works has macros, a spelling checker, graphics and reporting capabilities: all the tools you'll need for writing, organizing and reporting information, analyzing numbers, charting your results and communicating with other computers. These tools share the same easy-to-use commands and include on-disk training. And since all the parts are integrated, you can quickly switch between them and move information from one tool to the next effortlessly.
Hardware Requirements: 512K and two disk drives.
Support: Microsoft Corp.
25-1184 (Avail. 10/30/87) 195.00

DCM data products Multi-Solutions

200

Description: Multi-Solutions software fits in the optional ROM socket of the Tandy 200 and uses minimal RAM memory. It can be run from any of the 200's banks of memory. The program contains three applications: a word processor which allows formatting of any text file; Time Minder, which is a calendar program that lets you keep track of appointments, things to do, tasks, etc. and even allows tracking of expenses; and Data Manager, which can be used as a database manager, for dates and addresses, inventories, etc. It also contains a mail merge function.
Support: Radio Shack.

EMERGING TECHNOLOGY — Offix

PC-Compatible/2000

Description: Offix is an easy-to-use software package that integrates filing, forms design, word processing, mail merge, and report generation. Offix is designed for the user who wants a basic, multi-function office package. The information necessary to learn Offix is included in a short pamphlet, as well as on-screen help, menus, tutorials, and descriptive information. Offix uses familiar office terminology and procedures rather than computer procedures and computer jargon. Offix even looks like an office with filing cabinets, file drawers and file folders. Offix can handle routine correspondence, memos, form letters, and documents up to 100 pages. Forms can be created for every aspect of an office information system—from sales orders to invoices to inventory records.

Hardware Requirements: Two disk drives.

Support: Radio Shack.

Business Statistics

PC-1/PC-3

Description: Ideal for marketing and sales decisions, forecasting and more. Computes loans, annuities, bond price, yield, compound interest and depreciation.
Support: Radio Shack.
26-3516 CMC 19.95

Calculator

102

Description: Powerful math "scratchpad" for finance and regular math functions.
Hardware Requirements: 16K.
Support: Radio Shack.
26-3827 ..... 19.95

Chemistry Math

PC-1/PC-3

Description: Performs calculations and conversions commonly used in chemistry.
Support: Radio Shack
26-3708 CMC 14.95

Color Stat

Color Computer

Description: A general-purpose data analysis program that can maintain your data files, calculate a wide variety of statistics on your data, display the results on your screen and list the results on your printer. Color Stat can perform descriptive statistics, frequency distribution, graphic histogram, correlation statistics, linear regression equation, least squares prediction, matched-pairs T-test, scattergram with regression line, multiple regression with two predictors and analysis of variance for up to five groups.
Hardware Requirements: 16K.
Support: Radio Shack.
26-3107 CMC 24.95

Electrical Engineering I

PC-1/PC-3

Description: Low and high-pass, active and passive filter design, complex impedance calculator for passive circuit analysis, low-frequency transistor amplifier design, RF coil design, current or resistance to wire size, and more.
Support: Radio Shack.
26-3520 CMC 24.95

Math Pak I

PC-2

Description: Solves advanced math functions, polynomial math, calculus, 3-D vectors, complex numbers and triangles.
Support: Radio Shack.
26-3709 CMC 14.95

Math Pak II

PC-2

Description: Consists of four programs. Linear simultaneous equations solves systems of up to seven linear simultaneous equations for all unknowns. It can also be used to complete a Gaussian reduction of matrices from 2×2 to 7×7.
Support: Radio Shack.
26-3710 CMC 14.95

Math Design

MC-10

Description: Consists of two main programs: "MiniCalc" and "Spirals." MiniCalc functions like a hand-held calculator. Spirals lets you design and plot a large variety of polygonal spirals in four colors.
Hardware Requirements: Optional color graphic printer.
Support: Radio Shack.
26-3362 CMC 9.95

Statistical Analysis

PC-1/PC-3

Description: Includes descriptive statistics, correlation and regression, ANOVA, Chi-square, distributions (normal, t, F, X2) and multiple linear regression.
Support: Radio Shack.
26-3522 CMC 24.95

Statistical Analysis

PC-2

Description: Fifteen statistical modules, including descriptive statistics, histogram, frequency distribution, correlation and regression, matched pairs T-Test, time series, analysis of variance, multiple regression, chi square analysis, random sample and direct probability estimates.
Hardware Requirements: 4K RAM Module.
Support: Radio Shack.
26-3704 CMC 29.95

Trajectories

PC-Compatible/2000

Description: A comprehensive statistical analysis package designed for professional and research use. It performs sophisticated statistical analysis, correlations, variances and plots with output to screen or printer.
Hardware Requirements: Two disk drives.
Support: DBI.
90-0126 ..... 395.00

Prices Apply at Radio Shack Computer Centers and Participating Radio Shack Stores and Dealers. ABstat/TM Anderson Bell. Trajectories/TM DBI Software. WordPerfect Library/TM WordPerfect Corp.

Operating Systems

Digital Research — **GEM Desktop 1.2**

PC-Compatible

Description: This program is an operating system interface. It changes the computer screen into a graphic representation of a desk's surface. Just "point and click" your mouse and the Desktop does the rest. Familiar icons of disks and a wastebasket appear on the screen, while file folders and documents appear in user-controlled windows. By using drop-menus, you can open or delete a file, run a program or perform other basic operating system functions.
Hardware Requirements: 384K.
Support: Digital Research, Inc.
90-0342 ..... 49.95

Microsoft — **MS-DOS®/BASIC**

1200

Description: MS-DOS allows you to create and organize files, run and link programs, and access peripheral devices (such as disk drives and printers) that are attached to your computer. Microsoft BASIC is a full-featured BASIC that has become the standard to which other BASIC implementations are compared. Tandy 1200 MS-DOS is version 2.11.
Support: Radio Shack.
25-3130 ..... 89.95

Microsoft — **MS-DOS®/BASIC/ DeskMate II**

3000/4000

Description: Tandy 3000/4000 MS-DOS is version 3.20, containing record-locking support for multiuser networking environments. Tandy 3000/4000 GW-BASIC is Microsoft version 3.20 BASIC which provides record locking support and is upward-compatible with Tandy 1000/1200 GW-BASIC. DeskMate II is a Radio Shack integrated software package that allows you to perform many functions of computing, including word processing, spreadsheet, database, communications, calendar and mail.
Support: Radio Shack.
25-4103 ..... 99.95

MICRO-SYSTEMS SOFTWARE, INC. — **OS-9**

Color Computer

Description: A real-time operating system that accesses the entire memory of the 64K Extended BASIC color computer. OS-9 includes a powerful editor/assembler, plus functions for disk and terminal I/O, software memory management and multitasking. Includes complete documentation, reference manuals and diskette.
Hardware Requirements: 64K RAM and disk drive.
Support: Radio Shack.
26-3030 ..... 69.95

OS-9 LEVEL TWO for the Color Computer 3. Includes BASIC-09 and RUNB, plus standard I/O drivers, software memory management, multitasking, support for up to 512K RAM, 2 MHz clock speed and multiple windows. With complete documentation, reference manuals and diskette.
Hardware Requirements: 128K and disk drive.
Support: Radio Shack.
26-3031 ..... 79.95

SCO THE SANTA CRUZ OPERATION — **SCO XENIX Complete**

3000/4000/AT-Compatible

Description: Includes the SCO XENIX Operating System. Features a Development System with Source Code Control System, Interactive Debugger, C Program Checker, Maintenance Tool, Lexical Analyzer Tool and Compiler. The Text Processing System includes a Document Formatter, Typesetting Formatter, Math Typesetter, Table Formatter, Spelling Checker and Writing Analyzer.
Hardware Requirements: 1 MB RAM and hard disk.
Support: The Santa Cruz Operation.
90-1500 ..... 1295.00

SCO THE SANTA CRUZ OPERATION — **SCO XENIX Operating System**

3000/4000/AT-Compatible

Description: The SCO XENIX Operating System is an extensive set of programs, utilities and subroutine libraries designed to facilitate "C" language software development. The SCO version includes Shell (Command Handler), Advanced Shell, Visual Shell, Dial-up Network, Direct Network and Full Screen Editor.
Hardware Requirements: 1 MB RAM and hard disk.
Support: The Santa Cruz Operation.
90-1501 ..... 595.00

TANDY — **TRSDOS**

I/II/III

Description: An operating system with all the functions necessary to operate the TRS-80 disk system.
Hardware Requirements: Model I/III: 32K and one disk drive.
Support: Radio Shack.
Model I. Version 2.3b. 26-0310 ..... 14.95
Model II. 26-4910 ..... 24.95
Model III. Version 1.3. 26-0312 ..... 14.95

TANDY — **TRSDOS 6**

4

Description: An enhanced version of the TRSDOS operating system, TRSDOS 6 includes a MemDisk feature that turns your Model 4's extra memory into a super-fast disk drive, Job Control Language, host/terminal package for easy communication and utilities for routing, linking and filtering.
Hardware Requirements: One disk drive.
Support: Radio Shack.
26-0316 ..... 39.95

TRAVELING SOFTWARE™ — **TS-DOS**

102/200

Description: A complete operating system for the Tandy portable disk drives. Install TS-DOS in your laptop computer, and you can list files both on disk and in RAM, kill, and rename files simply by selecting a file with the bar cursor and pressing a function key. A small portion of TS-DOS can be made RAM-resident, allowing you to save and load TEXT files to and from disk directly from TEXT and write BASIC programs that directly access disk files. It also lets you format disks, preview a file directly from disk, append files on disk to create a single file of up to 64K—even back up the entire contents of a RAM bank at once. The Tagging feature lets you load, save or kill several files at once—at a substantial savings in time.
Hardware Requirements: Portable drive (26-3808/3814).
Support: Traveling Software.
For Model 100/102. 90-702 ..... 69.95
For Tandy 200. 90-703 ..... 69.95

GEM Desktop 1.2/TM GEM Digital Research. MS-DOS/TM Microsoft. OS-9/TM Microware and Motorola.

VenturCom VENIX 86 System 5

PC-Compatible/2000

Description: The VENIX Operating System is derived from UNIX® System 5, Release 2, and includes utilities from the Berkley 4.2 UNIX System. Venturcom has developed extensions for real-time data acquisition and communication environments. Features interrupt-driven response, asynchronous I/O, inter-process communication and shared data segments, process timing and pre-emptive priority and code mapping. Programming language support includes C, FORTRAN 77, BASIC and assembler.
Hardware Requirements: Hard disk.
Support: VenturCom.
Tandy 1200. 90-0306 ..... 1195.00
Tandy 2000. 90-0307 ..... 1195.00
Tandy 3000/4000. 90-0223 ..... 1195.00

Microsoft WINDOWS

PC-Compatible/2000

Description: Windows is an extension of the MS-DOS operating system and extends the 640K limit of a Personal Computer. The Windows package includes MS-DOS Executive to provide basic DOS-related functions, Appointment Calendar to keep your schedule and signal with an audible alarm, Card File to keep names and addresses, Notepad to keep time-related notes, Calculator for quick arithmetic functions, as well as Terminal—a simple telecommunications program. As an introductory offer, Windows will include the Write word processing program as well as Paint—a creative graphics program. Tandy 2000 requires 700-2611.
Hardware Requirements: Two disk drives.
Support: Microsoft
90-0476 ..... 95.00

TANDY XENIX Development System and Text Processing System

3000/4000/6000

Description: The XENIX Development system is an extensive set of programs, utilities, and subroutine libraries designed to facilitate "C" language software development. Included with the package are line-, screen-, and file-oriented text editors. The screen-oriented editor can be customized to fit individual programming formats and styles. A source code control system keeps track of multiple versions of software, subroutines used in each version, and all subroutines that will be affected by a coding change. There are utilities that allow you to do extensive screening of input to eliminate keyboarding errors in the applications you design. The XENIX Development system also includes an assembler, debugger, electronic mail, a spelling dictionary, and uucp (a program that allows communication with other computers).
Hardware Requirements: Hard disk.
Support: Radio Shack.
XENIX 6000 Development and Text Processing Systems.
26-6402 ..... 750.00
XENIX 3000/4000 Development. 25-4202 ..... 595.00
XENIX 3000/4000 Text Processing. 25-4203 ..... 175.00

TANDY XENIX System V/286 Operating System

3000/4000

Description: XENIX System V/286 turns your Tandy 3000/4000 into a multiuser computer with up to 6 workstations. It is based on UNIX System V, the standard of the UNIX world. Extras include "C-shell" programming environment, menu-driven help system, and support for Tandy hardware peripherals such as tape and cartridge backup devices.
Hardware Requirements: 1 megabyte RAM and hard disk.
Support: Radio Shack.
25-4201 ..... 595.00

Personal Management

CLR MICRO-TAX COMPUTER LANGUAGE RESEARCH 1040 Federal Bronze

PC-Compatible

Description: The Micro-Tax 1040 Federal Bronze Tax Processing Software provides the user with the capability for data entry, computation and printing of a completed personal tax return. The user can select from the following forms: 1040, 1040A, 1040ES, 2106, 2441, 5665, A, B, C, D, E, F, G, SE, and W. The Micro-Tax Software can print directly onto IRS forms or computer-generated IRS substitute forms. Micro-Tax automatically chooses the method of computation—tax tables, tax rate schedules, or income averaging—that results in the lowest possible tax liability.
Hardware Requirements: Two disk drives.
Support: Micro-Tax
90-0517 ..... 295.00

TANDY Calendars

PC-1/PC-3

Description: Solves date-related problems.
Support: Radio Shack.
26-3529 CMC 19.95

TANDY Cash Budget Management

Color Computer

Description: Turns your Color Computer into a sophisticated personal bookkeeping and budgeting system. By entering your income and expense amounts regularly into the built-in petty cash, checking and savings accounts, you can keep track of exactly where you spend your money for up to 12 months. You may choose up to 10 income, 86 expense and 3 cash accounts provided by the program, or you may define your own budget categories.
Hardware Requirements: Disk drive.
Support: Radio Shack.
26-3261 CMC 49.95

TANDY Cookbook

Color Computer

Description: Two programs in one! An all-purpose menu planner suggests complete meal menus which are tasty, culinarily correct and dietarily balanced. A recipe index file allows you to enter and store your own favorite recipes.
Hardware Requirements: 64K Extended Color BASIC and one disk drive.
Support: Radio Shack.
26-3257 CMC 39.95

MONOGRAM Dollars and $ense

PC-Compatible

Description: Bring your personal and small business finances into focus quickly—with an investment in time of only a few minutes a week. Dollars and $ense helps you establish a budget and stay with it. Monthly, annual, fixed or variable—Dollars and $ense lets you set up budgets along any lines you like—monthly or annually, fixed or variable. Using your Dollars and $ense data, FORECAST lets you estimate your federal income taxes and plan your strategies for up to five years in the future. Or look at this year's liability and compare up to five separate "What if . . . ?" scenarios at a time. The portfolio manager tracks stocks and bonds, calls and puts, currencies, commodities, and any kind of capital gain (or loss). Dollars and $ense provides a full range of reports and full-color graphs that appear on-screen or print out on paper.
Support: Monogram
90-3018 ..... 179.95

DowJones™ Software

Dow Jones Market Analyzer PLUS

PC-Compatible

Description: Combines technical analysis, technical screening, portfolio management, and communications through Dow Jones News/Retrieval® to produce a complete investment package for personal investors, professional stock chartists, and investment advisors. Charting capabilities include individual price and volume bar charts, point and figure charts, relative strength charts and comparison charts. To further extend the analysis, there are numerous market indicators available through moving averages, straight-line constructions, volume indicators, and user-defined charts. The program can manage 45 portfolios with 1500 transactions, and provides eight portfolio reports such as return on investment, commission and tax. Technical screening reports display volatility, relative strength, trend direction and trend strength to help choose issues with the greatest profit potential. These reports include ranking and filtering options. Price below does not include subscription to Dow Jones News/Retrieval®.

Hardware Requirements: Color graphics adapter and modem.

Support: Dow Jones.

25-1147 ..... 449.00

TANDY

Handyman Program Pak

Color Computer

Description: Embarking on do-it-yourself home improvements? Lawn projects? Just feed in the measurements and Handyman will tell you how much lumber, paint, insulation, fertilizer, sand, gravel, etc. you'll need. Helps you to compare prices, too.

Support: Radio Shack.

26-3154 CMC 19.95

TANDY

Investment Analysis

PC-2

Description: Calculates prices, yields and interest rates of various interest bearing securities, including municipal and corporate bonds and notes and discount securities, such as Treasury Bills.

Support: Radio Shack.

26-3712 CMC 49.95

imsi™ SOFTWARE PUBLISHERS

Investment Manager

PC-Compatible/2000

Description: A portfolio management package that measures and reports investment performance for individual securities and portfolios as a whole. Beta and beta-adjusted returns are used to quantify risk and further measure the relative effect of one security on the portfolio as a whole, plus essentially all the data your broker would provide. A comprehensive tax report is included. Further analysis can be custom-designed by downloading your portfolio data to a DIF spreadsheet or to BASIC. Investment Manager can automatically access Dow Jones News/Retrieval, Warner Financial Database and Interactive Data Corporation.

Hardware Requirements: 384K and modem.

Support: International Microcomputer Software.

90-0355 ..... 195.00

TANDY

Investograph

Color Computer

Description: A disk-based investment analysis tool for gathering and analyzing financial data (high, low, and closing prices and trading volume) for stocks, bonds, listed puts and calls, stock indices, stock futures, mutual funds, and commodities. Input data manually or do it automatically from either CompuServe® or Dow Jones News/Retrieval® (requires modem). The batch mode relieves the tedium of repetitive tasks and virtually eliminates typing errors.

Hardware Requirements: Disk drive.

Support: Radio Shack.

26-3258 ..... 49.95

meca®

James F. Fixx: The Running Program

PC-Compatible

Description: Designed by Jim Fixx to help athletes of any ability improve their fitness regimen. The program is simple to use and provides a detailed "how to" for new runners, proper warming up, preventing typical runner's injuries, and correct pace. You can set personal training goals for overall fitness, weight goals, weight loss, increased distance, and improved 10K or marathon times. In addition, you can record over thirty different types of exercises and keep track of your diet by calories, carbohydrates, proteins, and fats, using a 400-item calorie counter.

Support: MECA.

90-0212 ..... 29.95

meca®

Managing Your Money

PC-Compatible

Description: Andrew Tobias' Managing Your Money is seven programs in one integrated, personal financial management package. Managing your Money serves as a reminder pad and a complete budget and checkbook program. It helps with tax estimation and can even print out your Schedule D. The program evaluates your family's present life insurance needs and suggests how you can improve your coverage. It is a financial calculator which can perform rental property analysis, loan analysis, investment analysis and financial planning. The sophisticated portfolio manager handles as many real or hypothetical stocks, bonds and options as you like, and can also manage collections such as wines, coins or paintings. And it's easy to use. Wherever you are in the program, just press the ESCape key and you get a HELP message from best-selling financial author, Andrew Tobias. The HELP messages tell you how to work with the program and, where appropriate, also provides financial guidance. The different chapters of the program work together, so you don't have to buy or learn 7 separate programs or re-enter the same information several times. Links with Chase Spectrum banking and contains new tax law.

Support: Provided by MECA for a nominal charge.

25-1159 ..... 199.95

BLUE CHIP SOFTWARE™

Managing for Success

PC-Compatible

Description: A business management simulator that lets you be the C.E.O. of a $100,000,000 business. It develops your managerial instincts. As the leader of a competitive business team you must be able to make independent decisions. Decisions based upon business capabilities, market climate, competition, company goals, and staff input. Learn to master the complexities of day-to-day management. It's modifiable! You can customize the simulation to meet your business needs.

Support: Blue Chip/Britannica Software.

90-3082 ..... 59.95

BPI SYSTEMS™

Personal Accounting

PC-Compatible

Description: BPI Personal Accounting can be tailored to fit your household accounting needs. You can categorize your income and expense accounts according to taxable entries for easy preparation of tax returns. You may designate payees and payors, and associate account numbers with them. Then, when you type the entries, the name and account numbers automatically appear. Bank reconciliation goes more

Dow Jones and Market Analyzer PLUS/TM Dow Jones and Company, Inc. Dow Jones News/Retrieval/Reg. TM Dow Jones and Company, Inc. Investment Manager/TM International Microcomputer Software. James F. Fixx: The Running Program, Managing Your Money, and MECA/TM Micro Education Corporation of America. Managing for Success/TM Blue Chip Software.

smoothly. The system automatically tracks checks and deposits that have cleared, for up to 10 different checking accounts. You may plan and maintain a budget. You may choose to automatically print checks. You can print a variety of reports, including statements of net worth (by cost and by market value), individual and consolidated profit and loss statements, and lists of payees and payors. An amortization schedule automatically calculates loan payments, separates interest from principal in each payment, and tracks unpaid principal and payments to date. The system prints detailed information for each check issued, a check register, deposit register, list of outstanding checks and deposits in transit, list of credit card charges for each account, and the general ledger, summarizing monthly accounting activity.
Support: BPI Systems.
90-0458 ..... 99.00

TANDY Personal Finance
PC-1/PC-3

Description: Five programs for maintaining a budget; recording checks and deposits and balancing your checkbook; making compound interest/annuities calculations; tracking the value of your portfolio; and performing Metric to English or English to Metric conversions.
Support: Radio Shack.
26-3518 CMC 19.95

TANDY Personal Finance
PC-2

Description: A group of five programs designed to help you manage your money more efficiently. You can use Personal Finance to set up and maintain a budget, keep a checkbook, figure stock portfolio values, or find interest and annuity yields on your investments.
Support: Radio Shack.
26-3700 CMC 19.95

TANDY Personal Finance II
Color Computer

Description: Set up a personal or household budget to see where all your money is going! Personal Finance can help you see where to correct bad financial habits. This easy-to-use program features 26 major expense categories: auto, gas, clothing, food, retirement and others. You can review your expenditures on a year-to-date or category basis.
Support: Radio Shack.
26-3106 ..... 29.95

TANDY Pocket Organizer
PC-2

Description: Plan your busy daily schedule with this handy organizer. List events and the times they will occur. Store names and telephone numbers. Calculate days between dates.
Hardware Requirements: 4K RAM Module.
Support: Radio Shack.
26-3706 CMC 19.95

Investment Technologies VESTOR
PC-Compatible/2000

Description: VESTOR is a 24-hour on-line investment advisory service. It evaluates and screens stocks, options, futures, and indexes. Calculates actual buy/sell signals. Provides over 30 programs which can predict future performance of individual stocks from a data base of 6000 stocks. VESTOR is a research tool, priced for the individual investor. Easy to use and understand; all figures are updated automatically—you never waste time inputting new data. VESTOR can identify and find those securities that meet your personal investment criteria, all in a matter of seconds. Price listed below does not include the monthly usage charge.
Hardware Requirements: Modem.
Support: Investment Technologies, Inc.
90-0520 ..... 295.00

Programming Tools

Microsoft Assembler/ Debugger
102

Description: Now you can debug, write, and assemble machine language code easily with your Tandy 102.
Hardware Requirements: 32K.
Support: Radio Shack.
26-3823 ..... 49.95

TANDY Assembly Language Development System
II/12

Description: A powerful package for the assembly language programmer. It includes a full screen Editor, an Assembler with sorted cross-reference listing, a Linker for creating an absolute file, automatic File Transfer, and Debug modules.
Hardware Requirements: Two disk drives.
Support: Radio Shack.
26-4712 ..... 249.00

Microsoft BASCOM
II/12

Description: Designed to complement Microsoft's BASIC interpreter. MS-BASIC Compiler can support programs written for a wide variety of micro-computers with little or no modification. Create programs that execute faster and require less memory than the same interpreted programs, in addition to providing source code security. Features BASRUN runtime module. BASRUN also allows you to develop a system of related programs that use the same runtime environment.
Hardware Requirements: Two disk drives.
Support: Radio Shack.
26-4725 ..... 199.00

Basmark Corporation BASIC Compiler
XENIX 3000

Description: Enhanced to take advantage of the multiuser environment. It accepts source files then produces the assembly language of the host machine to produce a secure, high-performance, extremely efficient run-time module. Thus, execution speed is four to ten times faster than a traditional interpreter, and interprogram communication is allowed between subprograms written in BASIC, C, Fortran and Assembly language. An extensive run-time library provides the arithmetic functions, file handling routines and string handling functions of BASIC. Full run-time error messages are provided to aid the user in the diagnosis and correction of programming errors.
Support: Basmark Corporation.
Version 2.0.5. 90-1523 ..... 595.00

TANDY BASIC ROM
600

Description: Microsoft BASIC for the Tandy 600 comes on a plug-in RAM chip.
Support: Radio Shack.
26-3904 ..... 129.95

Mark Williams Company

C Combo Pack

PC-Compatible/2000

Description: This two-in-one package includes Mark Williams' Let's C (90-0419) and C Source Debugger. With the debugger, you can debug in C, not assembler, looking right at your source code through the CSD window. It's so simple it makes an ideal learning tool for new C programmers. Provides separate source code on the screen while you debug and it can execute any C function in your program.
Support: Mark Williams Company.
90-3151 ..... 125.00

RYAN-McFARLAND

COBOL

I/III/4/12/PC-Compatible/ 2000/XENIX 3000

Description: The RM/COBOL compiler is ideal for developing business applications. RM/COBOL is a GSA certified error free implementation of the ANSI X3/23 74 COBOL standard. Since its introduction in 1976, RM/COBOL has been a product professionals depend on. The power and reliability of RM/COBOL applications is enhanced by more than 1500 third party applications. RM/COBOL features include full level 2 sequential, relative, and index file access methods, interactive screen handling capabilities, and interactive debugging.
Hardware Requirements: Two disk drives.
Support: Ryan McFarland—90-0470. Radio Shack—All Others.
Model I/III. 26-2203 ..... 149.00
Model 4. 26-2190 ..... 199.00
Model 12. 26-4703 ..... 299.00
Development System for XENIX 3000. Version 2.1B. 90-0470 ..... 1250.00
Runtime Disk: Allows you to execute programs developed with RM/COBOL compiler.
Model 12. 26-4704 ..... 40.00
PC-Compatible/2000. Version 2.1A. 90-0436 ..... 167.00

RYAN-McFARLAND

COBOL Generator

12

Description: You can define a complete software package and generate a COBOL source program automatically. Requires RM/COBOL (26-4703).
Support: Radio Shack.
26-4707 ..... 995.00

RYAN-McFARLAND

Compiler BASIC

12

Description: Includes compiler and runtime modules for program development and execution. Features single key ISAM files, cross reference, interactive DEBUG, easy calls to assembly, language, 14-digit floating decimal format, full error control, complete CRT control, and single-pass compiler. (Note: for program development, not for conversion of existing programs).
Support: Radio Shack.
Model 12. 26-4705 ..... 199.00
Model 12 Runtime Only. 26-4706 ..... 30.00

TANDY

Disk Editor/Assembler

Color Computer

Description: You can develop your own 6809 programs and subroutines with this program.
Hardware Requirements: Disk drive.
Support: Radio Shack.
26-3254 CMC 59.95

TANDY

Editor Assembler

12

Description: Quickly write, edit, test, assemble, and execute programs in Assembly Language. Use with Z-80 or 8080 mnemonics. Constants can be specified in octal, hexadecimal or binary. Line and character-oriented text editor.
Support: Radio Shack.
26-4702 ..... 199.00

TANDY

Editor Assembler

Color Computer

Description: Develop 6809 software programs or subroutines. You get trial assembly of object code and execution of your program in-memory before final assembly to tape, an editor that enables you to change your program and reassemble, and Z-Bug for quick and easy testing.
Hardware Requirements: 16K.
Support: Radio Shack.
26-3250 CMC 39.95

Fast COBOL™

XENIX 6000

Description: PHILON Fast/COBOL is a fully optimized true compiler. Its syntax is compatible with RM/COBOL™ and ANSI '74. Designed for 32-bit configurations, Fast COBOL provides fast execution of program code. In addition, Fast/COBOL provides programmers with the ability to link modules written in other Philon languages, such as Philon Fast/C. It contains a powerful set of runtime libraries and file handling routines, as well as supporting ISAM, sequential and random access search techniques. It also supports COMPUTATIONAL-3 and record locking.
Support: Provided by Philon, Inc. for a nominal charge.
90-0381 ..... 750.00

Microsoft

FORTRAN

III/4/12

Description: Includes editor, compiler, linking loader, subroutine library functions, and a listing utility. You can translate the FORTRAN source into a relocatable object code. Linker lets you load a relocatable object file and combine it with other programs.
Hardware Requirements: Model III—Two disk drives.
Support: Radio Shack.
Model III. 26-2200 ..... 99.95
Model 4. 26-2219 ..... 69.95
Model 12. 26-4701 ..... 299.00

Lattice

Lattice C Compiler

PC-Compatible/2000

Description: The choice of over 30,000 C programmers. The compiler accepts source code written in the C language and produces relocatable machine code. The object modules can be combined into larger programs by linkers. The Lattice C library contains many useful subroutines. Lattice C is a full implementation of the C language. The C-Food Smorgasbord, included with Lattice C, is a selection of utility functions. C-Food contains a BCD math package, I/O functions, a PC BIOS interface, a terminal independence package, plus directory, clock, and string functions.
Support: Lattice.
Version 2.14 26-5254 ..... 499.00

C Combo Pack/TM Mark Williams Company. RM/COBOL, COBOL Generator, Compiler BASIC/TM Ryan McFarland. Fast COBOL/TM Philon, Inc. Lattice C Compiler/TM Lattice, Inc.

Mark Williams Company — Let's C

PC-Compatible/2000

Description: Now the biggest name in C compilers comes in a size everyone can afford. This is no beginner's model. Let's C is a powerful programming tool, packed with all the essentials of the famous Mark Williams C Programming System; it's the one chosen by thousands of professional programmers. Some of the features include fast compact code, plus register variables, full Kernighan & Ritchie C with extensions, full UNIX™ compatibility and complete libraries, many powerful utilities including linker, egrep, assembler, archiver, one-step compiling, tail, MicroEmacs full screen editor with source, supported by dozens of third party libraries.
Support: Mark Williams Company.
Version 4. 90-0419 ..... 75.00

RYAN-McFARLAND — Macro Assembler

6000

Description: An easy to use set of assembly language mnemonics. Macros allow you to control your output and compiler. You can assemble programs which access outside data and subroutines. Requires XENIX Development System (26-6401 or 26-6402).
Support: Radio Shack.
26-6450 ..... 399.00

MAI — Business Basic/Micro

PC-Compatible/2000

Description: MAI Business Basic/Micro (BB/M) is a powerful language product optionally available as a tool to access and modify the source code, provided at no additional charge with each MAI Integrated Accounting module. BB/M also functions as a powerful stand-alone development tool. It provides the familiarity of a BASIC language coupled with extremely powerful enhancements such as database-like file structures, high precision decimal math, error trapping and handling, powerful mnemonics and re-entrant code structures.
Hardware Requirements: Two disk drives.
Support: Provided at no charge by Promark Ltd. for a limited time, after which a nominal fee is charged.
90-0405 ..... 395.00

Microsoft — MS-DOS® Programming Languages

PC-Compatible

Description: Choose from a collection of MS-DOS programming languages from Microsoft. These are the popular versions sold for PC compatibles. With support of the products coming from Microsoft you'll have quick access to the latest versions.
Support: Microsoft.
C Compiler V 4.0. A full implementation of the powerful C programming language. Produces compact code and executes fast. Contains more than 200 run-time library routines.
Hardware Requirements: Two disk drives.
90-0484 ..... 395.00
COBOL Compiler V 2.2. Supports full pathnames, automatic runtime overlay handling, network file sharing, and dynamic linking of subroutines. Includes a set of utilities designed to aid the COBOL programmer in the development, debugging, and maintenance of COBOL applications.
90-0483 ..... 700.00
Fortran V 4.0. Provides inter-language linking, multiple math libraries, as well as arrays and COMMON blocks larger than 64K.
90-0480 ..... 350.00
Macro Assembler V 4.0. Up to three times faster than IBM's Macro Assembler. With symbolic debug, cross-reference, program maintenance, and file compression utilities. Also object linker and library manager.
90-0481 ..... 150.00
Pascal V 3.32. Allows you to link together separately compiled program modules to create applications as large as one megabyte.
Hardware Requirements: Two disk drives.
90-0479 ..... 300.00
QuickBASIC Compiler V 3.0. Support for graphics, sound, and music, with execution speed three to ten times faster than BASIC interpreters.
90-0482 ..... 99.00

TANDY — OS-9 Programming Languages

Color Computer

Description: OS-9 gives you a sophisticated software development environment for your Color Computer. Whether you are just learning to program or are a real pro, you'll appreciate the full implementations and thorough documentation of the OS-9 programing languages.
Hardware Requirements: 64K OS-9.
Support: Radio Shack.
OS-9 Level I. See page 27 for details. 26-3030 ..... 69.95
OS-9 Level II. See page 27 for details. 26-3031 ..... 79.95
OS-9 Development System. See page 27 for details.
26-3032 ..... 99.95
Multi-Vue. See page 27 for details. 26-3035 ..... 49.95
BASIC-09. Includes advanced features derived from PASCAL. Produces compact object programs for high-speed execution.
26-3036 CMC 99.95
C-Compiler. Produces assembly language source code for the 6809 microprocessor. Almost any application written in C can be transported from a UNIX system to an OS-9 system, recompiled and correctly executed.
26-3038 CMC 99.95
D.L. LOGO. A programming language with such features as "MUSIC" to play songs and "SAY" for support of Speech/Sound cartridge. Joystick support for programs your children can create.
26-3033 ..... 99.95
PASCAL-09. Includes enhancements for expanded, input/output, and the OS-9 operating system.
26-3034 CMC 99.95

TANDY — Program Editor

12

Description: Use with any of our Model 12 TRSDOS languages to modify source code. Easily change, delete and insert characters or lines. The file record formats are selectable. It also features global search.
Support: Radio Shack.
26-4710 ..... 79.00

RYAN-McFARLAND — RM/FORTRAN

PC-Compatible/ XENIX 3000

Description: RM/FORTRAN is a mainframe level compiler for microcomputers. It's GSA certified at the highest possible level and RM/FORTRAN is a full implementation of the FORTRAN-77 standard that includes popular language extensions from VAX, VS, existing minicomputer and mainframe FORTRAN application. RM/FORTRAN supports programs and arrays larger than 64K and produces highly optimized code for very fast execution.
Hardware Requirements: Hard disk drive.
Support: Ryan-McFarland.
PC-Compatible. Version 2.11. 90-0466 ..... 595.00
XENIX 3000. Version 2.11. 90-0469 ..... 750.00

TANDY

Series I Editor/Assembler

12

Description: Program in machine language for faster execution. Editor features line numbering, single letter commands and global search.
Support: Radio Shack.
26-4713 ..... 49.95

TANDY

Tiny PASCAL

III

Description: This is a great introduction to the structured programming language. It includes sample programs.
Support: Radio Shack.
26-2020 ..... 19.95

BORLAND INTERNATIONAL

Turbo Pascal

PC-Compatible

Description: For the beginner or the professional programmer, Turbo Pascal includes an editor for locating errors, window procedures, sound, color and graphics. It also offers significant extensions over standard Pascal, including random access files, dynamic strings, overlays, and low-level hardware and operating system access. Uses only 39K of disk space, compared with 300K for some other Pascal compilers.
Support: Borland.
Version 3.0. 90-3043 ..... 99.95

TANDY

XENIX 6000 Programming Languages

XENIX 6000

Support: Radio Shack.
BASIC. Multiuser Microsoft BASIC for the Tandy 6000.
Version 1.3. 26-6457 ..... 299.00
BASIC Compiler. Philon Fast/BASIC-M compiler is closely compatible with Microsoft BASIC (26-6457). It features separate compilation facility and extremely fast execution of compiled code.
26-6458 ..... 349.00
COBOL. Ideal for developing business applications. Features full level 2 sequential, relative, and index file access methods, interactive screen handling capabilities, and interactive debugging.
Version 2.1. 26-6455 ..... 699.00
FORTRAN 77. RM/FORTRAN is a full implementation of the FORTRAN 77 standard, plus popular language extensions.
26-6451 ..... 699.00
PASCAL-2. A transportable multi-pass compiler that adheres to the PASCAL ISO standard. Requires the XENIX Development System (26-6401 or 26-6402).
26-6452 ..... 699.00

Microsoft

XENIX System V/286 Programming Languages

XENIX 3000/4000

Description: Your Tandy 3000 and XENIX System V/286 is an excellent software development environment regardless of the programming language you choose.
Hardware Requirements. 1 megabyte RAM.
Support: Microsoft.
BASIC. Multiuser Microsoft BASIC for the Tandy 3000.
Version 5.41. 90-1510 ..... 350.00
COBOL. Supports full pathnames, automatic runtime overlay handling, network file sharing, dynamic subroutine linking. Includes a set of utilities designed to aid the COBOL programmer in the development, debugging, and maintentance of COBOL applications.
Version 2.2. 90-0485 ..... 995.00
FORTRAN. Version 3.31. Provides inter-language linking, multiple math libraries, arrays, and common blocks larger than 64K.
90-1522 ..... 695.00
Pascal. Version 3.31. Link together separately compiled program modules to create applications as large as one megabyte.
90-1521 ..... 695.00

TANDY

XVIEW

XENIX 6000

Description: A versatile full-screen text editor for creating and editing program source code.
Support: Radio Shack.
26-6404 ..... 149.00

Spreadsheets

Dynacalc

Color Computer

Description: A powerful electronic spreadsheet. Features up to 256 columns by 256 rows of cells. Built-in numeric functions and 16-digit precision (15 for transcendentals). Reads and writes OS-9 data files. With the touch of a key, move, delete or change. Use it as a dynamic planning and forecasting tool.
Hardware Requirements: 64K, one disk drive.
Support: Radio Shack.
26-3275 ..... 99.95

Elite Software

ELITE*Calc/3.0

Color Computer

Description: A full-featured worksheet calculator. With four screen displays and 255 rows by 255 columns of grid size, this program has all the functions that you need. Worksheet information can be transferred between ELITE*Word (90-0183 or 90-0184) and ELITE*File (90-0189).
Hardware Requirements: 32K and one drive.
Support: Elite Software.
90-0188 ..... 69.95

Microsoft

Excel

PC-Compatible

Description: Microsoft Excel is a spreadsheet integrated with flexible business graphics and a fast database. It's the most powerful spreadsheet available for today's fast new computers. It includes superior analytic capabilities: you can link and display multiple worksheets, and its "smart" recalc only calculates cells that will change. It has database forms and a rich variety of auditing and noting tools. Make your work look its best with annual report quality output, including color, multiple type styles, borders, shading, and sideways printing. Superior graphics are built in—it's just one step to make a chart. Then choose from 44 pre-formatted styles or design your own. Use the macro recorder to save time, or create custom applications employing custom menus, dialog boxes and help files. Read and write Lotus 1-2-3 files (both release 1A and 2), use Lotus on-line help, even translate 1-2-3 macros. Requires Microsoft Windows 2.0.
Hardware Requirements: 640K and hard disk.
Support: Microsoft.
25-1185 (Available 10/30/87) 495.00

Prices Apply at Radio Shack Computer Centers and Participating Radio Shack Stores and Dealers. Turbo Pascal/TM Borland International, Inc. Excel and XENIX System V/286/TM Microsoft. ELITE* Calc/TM Elite Software. Dynacalc/TM Computer Systems.

Lotus 1-2-3

PC-Compatible/2000

Description: An easy way to go from spreadsheet to graphics to information management—instantly! You can change your spreadsheet data directly and then graph it in less than a second. Take data from your spreadsheet and search and sort it. Special "macro" keys let you substitute a single keystroke for a long sequence. If help is needed, just one keystroke brings you on-screen instructions. Set them up just the way you want. Enter formulas in plain English, instead of obscure symbols. Sophisticated graphing commands help you create detailed bar charts, stacked bar charts, line or symbol graphs, XY graphs or pie charts. Version 2.01 supports an 8087 or 80287 math co-processor for faster calculations.
Hardware Requirements: Two floppy disk drives. PC-Compatible—Graphics adapter. Tandy 2000—High-resolution graphics.
Support: Lotus Development Corp. Tandy 2000 version supported by Radio Shack.
PC-Compatible. Version 2.01. 25-1175 ..... 495.00
Tandy 2000. Version 1A. 26-5300 ..... 495.00

Lucid

102

Description: A ROM spreadsheet that performs on the Model 102 like Lotus 1-2-3 does on a desktop micro. Lucid has individually variable column widths, cut-and-paste and many other features that make it one of the most powerful spreadsheets on the market today.
Support: Portable Computer Support Group.
90-0236 ..... 99.95

Multiplan

102

Description: A ROM version of the popular Multiplan spreadsheet analysis program.
Support: Radio Shack.
26-3829 ..... 149.95

Multiplan

4/12/PC-Compatible/2000/XENIX 6000

Description: This popular "second-generation" spreadsheet lets you consolidate related worksheets so that information is transferred between them automatically. You can assign plain-English names to any column, cell or area, vary individual column widths, center numbers and text within a column or align decimals. Sorting can be performed in alphabetical or numerical order, Cells can be set up individually, by row, column, block—or globally. Displays up to eight windows on the screen. Includes on-line help and a tutorial manual. Multi-user version available for the Tandy 6000. Support for 3Com 3+ is available on the PC-Compatible version.
Support: 4/12/2000/XENIX 6000—Radio Shack. PC-Compatible—Microsoft.
Model 4. 26-1530 ..... 199.00
Model 12. 26-4580 ..... 249.00
XENIX 6000. 26-6480 ..... 349.00
PC-Compatible/2000. 25-1163 ..... 195.00
Multiplan Additional Workstation. Required for each additional user in the workgroup using Multiplan (25-1163).
90-1634 ..... 95.00

PFS:Professional Plan

PC-Compatible

Description: Professional Plan is an advanced spreadsheet analysis program providing the full range of features needed to quickly develop, analyze, graph and print business plans, budgets, financial statements and other planning models with professional results. It's designed for busy managers and professionals who want to enhance their efficiency in spreadsheet analysis with fast, powerful software. Professional Plan is built for speed and has the features you need to get the job done: analysis of spreadsheet data as line, bar, pie, and other charts, ability to read Lotus 1-2-3 and ASCII files, consolidation of data from several spreadsheets into one and more. Plus, Professional Plan imports and exports Professional File data and reads PFS:Plan spreadsheets directly. Network support for 3Com 3+ and ViaNet is available by adding PFS: Professional Network (90-1630). Supports an 8087 or 80287 math co-processor for faster calculations.
Hardware Requirements: 512K, two disk drives and a graphics card.
Support: Software Publishing.
25-1173 ..... 199.00

PlanPerfect

PC-Compatible

Description: PlanPerfect is a full-featured spreadsheet with integrated graphics and database capabilities. It lends both power and flexibility to data management and text graphics and is 100% compatible with its word processing forerunner, WordPerfect. PlanPerfect performs a wide body of math functions. Formulas can be added to calculate cell entries. It's easy to create, edit and manipulate the formulas needed. Import and export files involving ASCII, DIF, Lotus 1-2-3, dBASE and WordPerfect secondary image files. The spreadsheet can hold up to 8192 rows and 256 columns. Cell capacity is 255 characters (640K maximum memory). Enhanced printing capabilities include font and pitch selection, line spacing, margins, headers, footers, page numbers and borders. Text mode graphics may be created and saved for integration with WordPerfect. Supports an 8087 or 80287 math co-processor for faster calculations.
Hardware Requirements: 384K and two disk drives.
Support: WordPerfect.
90-3181 ..... 395.00

SCO Professional

XENIX 3000

Description: SCO Professional provides all the functionality of Lotus 1-2-3 and more in a multiuser XENIX environment. SCO is totally file compatible with Lotus 1-2-3 version 1A. See results quickly with programmable command execution via macros, data management tools, and SCO's unique graphics chart generator. Other features include additional query fields of database operations, full preview graphics support and sparse matrix memory management for optimum spreadsheet storage. SCO Professional provides file locking for multiple users. All menus, messages, and on-screen help prompts can be used in differing configurations as well.
Hardware Requirements: One megabyte (80287 highly recommended).
Support: Provided at no charge by Santa Cruz Operation for a limited time, after which a nominal fee is charged.
25-4214 ..... 795.00

Spectaculator

Color Computer

Description: An electronic spreadsheet for forecasting and problem-solving. Great for engineering computations, financial projections, even family budgets. Enter labels and numbers in row/column format. Up to 99 rows and columns. Change a value or formula and all affected figures are updated automatically. Run totals of each column and the grand total, then save your worksheets to tape or disk for later revision and use.
Support: Radio Shack.
26-3104 ..... 29.95
Disk. 26-3256 CMC 39.95

COMPUTER ASSOCIATES
MICRO PRODUCTS DIVISION

SuperCalc3

2000

Description: An integrated software productivity tool including spreadsheet plus, data management, text editing, presentation-quality graphics and superdata interchange used to import/export data to and from other spreadsheets, word processors and database programs. SuperCalc3 is easy to learn with an extensive on-line help, AnswerCard and 10 Minute Guide. A full 63 columns and 254 rows are available for spreadsheet entries. With the sparse memory manager, no valuable memory is wasted by keeping track of blank cells. The Execute function simplifies repetitive functions. Data management is a powerful database management module based on the spreadsheet model. SuperCalc3 fully supports calendar/date functions, plus a wide range of statistical and financial modeling functions. Also supported are split-window displays and consolidation of spreadsheets. Create line, bar and stacked bar graphs, pie and exploded pie charts, even X-Y, hi-lo and area graphs using single-keystroke commands.
Support: Radio Shack.
26-5302 ..... 395.00

COMPUTER ASSOCIATES
MICRO PRODUCTS DIVISION

SuperCalc 4

PC-Compatible

Description: The spreadsheet designed for business. Its features address real operational and economic needs of the business environment. SuperCalc 4 brings users advanced spreadsheet, presentation-quality graphics and data management capabilities—all accessible through a menu structure simple enough to learn in 10 minutes. SuperCalc 4 lets you create large spreadsheets (2,549,745 entries), utilizes expanded memory boards to access up to eight megabytes of memory, performs natural order calculations, combines different spreadsheets to create summary reports, and allows you to design the format of your spreadsheet. Supports an 8087 or 80287 math co-processor for faster calculations.
Hardware Requirements: 384K and two disk drives.
Support: Computer Associates.
90-3177 ..... 495.00

Comshare

Target PlannerCalc

4

Description: Create your own financial models by entering and processing data by column, row or individual location. Features a variety of mathematical operations, including conditional commands. Prompts are in plain English and a handy "Help" screen is available at the touch of a key.
Support: Radio Shack.
26-1512 ..... 49.95

VIP TECHNOLOGIES

VIP Calc

Color Computer

Description: A spreadsheet program modeled after VisiCalc. You get all of the features of VisiCalc, plus additional features unique to VIP Calc. This means you can exchange information with other computers and use VisiCalc templates created on another computer. VIP Calc uses high resolution to display true lowercase characters with up to 85 characters per line.
Hardware Requirements: 32K and one drive.
Support: SD Enterprises.
90-0143 ..... 69.95

TANDY

VisiCalc Enhanced

4/III/12

Description: A spreadsheet analysis program ideal for a wide variety of planning and forecasting applications in business and engineering. VisiCalc organizes your video screen into columns and rows. You simply define the formulas, enter the figures and VisiCalc performs all calculations automatically. Change any value or formula and every affected number is updated. View countless "What if . . . ?" situations in seconds. Enhancements include an entry editor for modifying formulas and labels without re-entering them, plus logical and comparison operators to perform testing and branching.
Support: Radio Shack.
Model 4. 26-1520 ..... 99.95
Model III/12. 26-4521 ..... 299.00
Model 12. VisiCalc Business Forecasting Model.
26-4526 ..... 99.00

Training

DIGITAL LEARNING SYSTEMS

The FUNdamentals

1000 EX/HX/SX/TX

Description: Experience the FUNdamentals of computer hardware, software, DOS concepts and commands, DeskMate, and much more in an interactive game environment designed specifically for the Tandy 1000 series. Features 16-color graphics, sound, and animation.
Support: Radio Shack.
Tandy 1000 EX. 25-1167 ..... 29.95

Microsoft

Learning DOS

PC-Compatible

Description: Guided practice sessions and explanations help teach essential DOS skills for managing files and running applications. Learn how to organize your hard disk and use batch files to automate and safeguard your system. When you need help throughout the lessons, simply call up the on-line DOS Quick Reference.
Support: Microsoft.
90-3226 ..... 49.95

HYPERGRAPHICS CORPORATION

OLE' BASIC

PC-Compatible

Description: The OLE' BASIC Volume (On-Line Encyclopedia) is a simple, easy-to-use reference system that lets the BASIC programmer code without constant reference to the BASIC manual. It's organized by subject for in-depth study of BASIC topics including Starting Up, Editing and Function Keys, Getting and Storing Data, Program Flow, Graphics and Music, or Keyword, which offers quick reference to a Command, Proper Syntax, or Sub-routine.
Support: Hypergraphics.
90-0334 ..... 69.95

HYPERGRAPHICS CORPORATION

OLE' DOS

PC-Compatible

Description: The OLE' DOS 2.x Volume (On-Line Encyclopedia) lets you learn DOS functions without using the manual. It can co-reside in RAM with most application software like dBase II/III, Lotus 1-2-3, so help is instantly available. Users can access and exit OLE' with a single keystroke. The OLE' DOS instructional materials are organized by subject for in-depth study of topics like Introduction to DOS, File Copying and Deleting, Directories and Paths, and Keyword.
Support: Hypergraphics.
90-0333 ..... 69.95

BORLAND INTERNATIONAL

Turbo Tutor
PC-Compatible

Description: A programmer's guide to learning Turbo Pascal. Includes 300-page tutorial providing step-by-step instruction for beginning, intermediate, and advanced Pascal programmers. Accompanying disk has commented source code for each example.
Support: Borland.
90-3047 ..... 39.95

SCO THE SANTA CRUZ OPERATION

XENIX Tutor
PC-Compatible

Description: XENIX Tutor is an interactive, DOS-based software package which provides individual, hands-on XENIX training for those people not familiar with XENIX or those wanting to "brush up." XENIX Tutor uses vivid graphics (color or monochrome) and continually asks questions and provides feedback to hold the student's interest. Animation adds clarity to discussions of difficult concepts, making learning more enjoyable, and therefore more effective. Covers Introduction to XENIX, XENIX File System, Manipulating Files and Directories, Mail Facilities, and Advanced XENIX Facilities.
Hardware Requirements: Graphics adapter.
Support: The Santa Cruz Operation.
90-3211 ..... 195.00

Utilities

POWERSOFT

BACK/REST with RESTORE
I/III/4

Description: This utility provides a fast hard-disk "image" backup and restore system. Individual files may be restored as well as an entire platter. BACK/REST automatically calculates the number of diskettes needed prior to backup to avoid wasted time. Files larger than a floppy are not a problem. BACK/REST makes backups easier and faster (example: 5 megabytes in 10-15 minutes). Only allocated cylinders are backed up for fast, efficient backups.
Hardware Requirements: Hard-disk drive. Model I/III: 48K.
Support: Powersoft.
90-0244 ..... 99.95

PCSG

Bar Code Drivers
102/200

Description: Adds additional capability to the software included with the Bar Code Wand. Allows Bar Code Wand to read Interleaved 2 of 5, Codabar and UPC-E bar codes.
Hardware Requirements: 16K and Bar Code Wand.
Support: Radio Shack.
Tandy 102. 26-3846 CMC 19.95
Tandy 200. 26-3896 ..... 19.95

PCSG

Bar Code Writer
102/200

Description: With Bar Code Writer, you can easily convert text files into bar code listings in any of the following formats: 3 of 9, Interleaved 2 of 5, Codabar, Long UPC (UPC-A), Short UPC (UPC-E), and Plessy. These bar code listings can then be read with the Bar Code Wand.
Hardware Requirements: 24K and selected dot-matrix printers.
Support: Radio Shack.
Tandy 102. 26-3845 CMC 34.95
Tandy 200. 26-3895 ..... 34.95

TANDY

Color Screen Print Utility
Color Computer

Description: Provides multi-color printouts of color graphic screens produced from any graphics program. For use with color Ink-Jet Printer (26-1268) or any dot-matrix printer with bit-image capabilities for black and white printouts.
Hardware Requirements: Extended Color BASIC.
Support: Radio Shack
26-3121 CMC 9.95

Educational Micro Systems

Conv3toPC
I/III/PC-Compatible/2000

Description: This package makes it feasible for Model I/III owners to move files and BASIC programs to a Tandy PC. The package contains two programs: HYPERCROSS quickly transfers all your Model I/III files and BASIC programs to PC diskettes and CNV3TOPC.BAS automatically converts 95% or more of each transferred Model I/III BASIC program to PC BASIC syntax—inserts spaces around keywords; replaces PRINT@'s with LOCATE's; adjusts tab addresses and USING statements, etc. And, of special assistance—anything that may need manual attention PEEK/POKE, unmatched IF/THEN and FOR/NEXT, OPEN, LOF(), etc.
Hardware Requirements: Model I—Doubler, 48K and two drives. Model III—48K and two drives. PC-Compatible—Two drives.
Support: Educational Micro Systems.
90-0345 ..... 139.95

Educational Micro Systems

Conv4toPC
4/PC-Compatible/2000

Decription: This package makes it feasible for Model 4 owners to move files and BASIC programs to a Tandy 2000 or PC compatible. The package contains two programs: HYPERCROSS quickly transfers all your Model 4 files and BASIC programs to PC diskettes and CNV4TOPC.BAS automatically converts 95% or more of each transferred Model 4 BASIC program to PC BASIC syntax—replaces both forms of PRINT@'s with LOCATE's; adjusts tab addresses; replaces ROW() with CSRLIN; and optionally flags extended variable names containing PC keywords (i.e. KEY), etc. And, of special assistance—anything that may need manual attention (the 5% or less) is flagged and thoroughly explained—PEEK/POKE, OPEN, LOF (), etc.
Hardware Requirements: Two disk drives.
Support: Educational Micro Systems.
90-3100 ..... 139.95

TANDY

Diagnostic ROM
Color Computer

Description: Make sure your Color Computer is in tip-top shape with this diagnostic program. You can test BASIC and Expansion ROM, RAM, video, RS-232, cassette and printer ports, sound and keyboard. Just for fun, the joystick lets you "paint" the screen with dual cursors in four colors. Optional equipment may be necessary.
Support: Radio Shack.
26-3019 CMC 19.95

Turbo Tutor/TM Borland. XENIX Tutor/TM The Santa Cruz Operation. BACK/REST/TM Powersoft. Conv3 to PC and Conv4 to PC/TM Educational Micro Systems, Inc.

Disk Plus

102/PC-Compatible/2000

Description: Disk Plus on snap-in ROM turns your desktop computer into a disk storage device for your Tandy 102. Text, BASIC, ".CO" and Lucid files are transferred quickly, easily and reliably. You view the disk directory just like your main menu on your Model 102 screen. You get a ROM for the Model 102 and a disk for the other computer. You just run Disk Plus on the other computer, and then all your transfers are done from the Model 102 through RS-232 cable.
Support: Portable Computer Support Group.
Model 102—PC-Compatible/2000. 90-0234 ..... 149.95

FASTBACK

PC-Compatible

Description: Allows backup of a 10 MB hard disk onto 5¼" floppy diskettes in less than 8 minutes. Features include advanced error recovery technique to recover data from damaged diskettes; incremental backup; no limitations on file size; creates catalog file to allow rapid location of selected files; works with any size hard disk; automatically formats floppy disks as it saves; and more.
Hardware Requirements: Hard disk.
Support: Fifth Generation.
90-3127 ..... 179.00

HOT

PC-Compatible

Description: Saves time by reducing your commands to one keystroke. Simply choose from HOT's customized menu choices or menus you create. Using the FileFinder function, you have a visual display of all files at any time, even while using another program. 1Word is a powerful text editor with "Cut and Paste" and search and replace features. DOS Utilities provides menus for commands like FORMAT, DISK COPY, CHECK DISK, MODE, and others. A complete, on-disk tutorial is included for instruction on how to use all the HOT features.
Support: Executive Systems.
90-3223 ..... 75.00

Intelligent Backup

PC-Compatible

Description: The most complete, comprehensive, all-in-one backup utility and hard disk management system. With as few as two keystrokes, Intelligent Backup backs up your disks quickly, simply, and inexpensively, providing insurance against data loss. You can list, rename, delete, create, and move files and directories—without having to use DOS commands.
Hardware Requirements: Hard disk.
Support: Sterling Software.
90-3099 ..... 149.95

Menu Generator

II/12

Description: Easily create fast user-menus for all your Model II/12 TRSDOS programs. Run batch files, DOS utilities, Profile, SCRIPSIT, BASIC, COBOL, and other programs with a single keystroke. If the programs you use accept parameters or key input, you can run entire operations from only one key. Any or all prompts normally seen during the operation are answered automatically. Up to 12 functions per menu. Number of menus limited only by disk space.
Support: Radio Shack.
26-4555 ..... 39.00

Note-It

PC-Compatible

Description: The original "post-it" utility for Lotus 1-2-3. Note-It attaches notes to individual cells and file names in a 1-2-3 spreadsheet. These notes can be used to describe the assumptions that were made while deriving a formula or to elaborate on a label. 500 characters can be inserted in each of these notes. They remain invisible until the user wants to view them. A note can be attached to a file name so that you never load a spreadsheet that you do not want to see. Read the note attached to the file name and know its contents before you load it. Notes can be printed, searched, and located with the touch of a key.
Hardware Requirements: Two disk drives.
Support: Turner Hall Publishing.
90-3200 ..... 79.95

OS-9 Screen Print Utility

Color Computer

Description: Print high-resolution Color Computer graphics. Requires dot-matrix printer with bit-image mode for B&W.
Hardware Requirements: 64K, Extended Color BASIC, one disk drive and OS-9 operating system.
Support: Radio Shack.
26-3221 ..... 14.95

OS-9 Utilities

Color Computer

Description: Uses your drives to the fullest so you get the most power our of your OS-9 with a multitude of functions. Contains utilities to modify drive descriptors; copy complete disks; inspect and modify disk files; link to different boot files; back up large disk media; copy multiple files; display file modules without loading them into memory; compare disk file to memory. Also includes Kshell and more.
Hardware Requirements: Two disk drives.
Support: ComputerWare.
90-0900 ..... 49.95

PRO-NTO

4

Description: This program is an integrated windowing application manager with assistance for many of the tasks commonly done every day. It provides an ADDRESS file, a BRINGUP file, a CALENDAR, a CARD filer, two calculators, a telephone list DIALER, and more. Applications can be called from most programs and provide data import and export between windows.
Support: Misosys, Inc.
90-0353 ..... 59.95

Remote Disk

102/Color Computer/ I/III/4/II/12/2000

Description: An easy-to-use file-storage program. Use Remote Disk to store files on disk and retrieve stored files from disk by connecting the Model 102 to a disk-based computer system. No conversions are necessary to transfer the files, and Remote Disk eliminates the need for the tedious, time-consuming process of saving files on cassette tape. Any type of file created on the Model 102 can be transferred and the file name and extension remain the same. Save single files or subdirectories of up to 19 files. Includes a File Transfer Utility that converts the format of disk-based text files so that files you create on the Model 102 can be used on your desktop computer and vice versa.
Hardware Requirements: Model 102—RS-232 cable.
Support: Radio Shack.
26-3839 ..... 59.95

BORLAND INTERNATIONAL

Sidekick

PC-Compatible

Description: Sidekick is instant access to six essential desktop tools. Now you can jot down thoughts or messages, make quick calculations, plan and schedule appointments, check calendar days and dates, find phone numbers, dial calls automatically and look up ASCII codes. With Sidekick, you can open interactive windows over your current application program and use any of Sidekick's tools.
Support: Borland International.
90-3016 ..... 84.95

Turner Hall Publishing

SQZ!

PC-Compatible

Description: Reduces Lotus worksheet files by 80-95% when saved to disk. That means that 10 times as many spreadsheets can be saved on one disk. SQZ! also has a communications option that saves the compressed worksheet in a format suitable for transmission. This results in a faster transmission and a reduction in phone costs. SQZ! increases your hard disk and floppy disk storage space and decreases your phone bills. SQZ! requires Lotus 1-2-3 or Symphony.
Support: Turner Hall Publishing.
90-3201 ..... 79.95

BORLAND INTERNATIONAL

Superkey

1200/3000/4000

Description: With Superkey you can quickly customize and automate your software, streamline your typing activity and protect your sensitive confidential files—even on networks or public bulletin boards. You can record any lengthy keystroke sequence and instantly replay it any time. And Superkey gives you the same data encryption used by the Pentagon—DES (Data Encryption Standard). You'll also get keyboard lock, screen privacy screen burn-in protection, and cut and paste.
Support: Borland International.
90-3017 ..... 99.95

POWERSOFT

Super Utility

PC-Compatible/2000

Description: This desk utility includes features such as file recovery, sector modification, string search, changing volume names, sub-directory names, and file names with their attributes. Other features include disk maps, FAT mapping, copying sectors to a file, and sector verification to warn you of faulty media. Works with fixed-disk or floppy systems, including devices such as the Bernoulli Box or Tandy's Disk Cartridge System.
Support: Powersoft.
90-0407 ..... 89.95

TRAVELING SOFTWARE™

T-Backup

102

Description: T-Backup saves the entire contents of RAM to cassette in minutes, eliminating the tedious and time-consuming task of backing up files individually. Stores the contents as a single file, then verifies that the backup copy is complete. Restores the backup copy as easily as it was saved. T-Backup saves all BASIC TEXT and machine code files—even "invisible" files. Prompts appear throughout to make the program easy to use. T-Backup does not conflict with any machine-language programs residing in high memory and takes up little memory space.
Support: Traveling Software.
90-0198 ..... 19.95

TRAVELING SOFTWARE™

T-View 80

102

Description: A display-enhancement program that expands the 40-column screen capacity of the Tandy 102. Displays 8 lines by 60 columns at once and scrolls up to 8 lines by 80 columns. Capital and lower case letters in this enhanced mode are easily readable. Allows the entry and editing of documents in the TEXT mode and switching between regular and enhanced display modes to check formats before printing or telecommunicating.
Support: Traveling Software.
90-0360 ..... 39.95

PCSG

Tandy Code Read/Write

102/200

Description: A unique bar-code format used to record Tandy 102 files on paper. Text, BASIC and machine-code files are all easily printed on a printer and can be reloaded through the Bar Code Wand. Tandy Code is useful for storing programs and data and provides an alternative to cassette tape storage.
Hardware Requirements: 24K, Bar Code Wand and selected dot matrix printers.
Support: Radio Shack.

Toolbelt Utilities

4

Description: This collection of software tools is designed for use with hard disks or floppy disks using the TRSDOS 6 operating system. Features include disk, file and memory examination and modification, directory check and repair, disk and file compares, maps, cleanups, sector verification and password removal. Other useful features include mass moving or deleting of files from one disk or platter to another. Each program contains a built-in "HELP" command for ease of use.
Support: Powersoft.
90-0245 ..... 49.95

TANDY

TRSCOPY

Color Computer

Description: Allows transfer of text files between "OS-9" disks and "Color Computer Disk BASIC" disks. The text files are copied without modification.
Hardware Requirements: Disk drive.
Support: Radio Shack.
26-3263 CMC 24.95

POWERSOFT

TRSCROSS

PC-Compatible

Description: TRSCROSS runs on PC compatible computers, yet reads TRS-80 diskettes, and can send data in either direction. Now you can convert TRS-80 data and BASIC programs over to MS-DOS directly on your PC compatible computer quickly and easily without cables or modems! TRSCROSS runs under MS-DOS, yet directly reads and copies files to or from your double-density TRS-80 diskettes. Features include converting BASIC programs and SCRIPSIT or Super-SCRIPSIT files "on-the-fly" while copying. No need to re-save your programs or files in ASCII first, or run a separate conversion program before transferring. TRSCROSS will even format a TRS-80 diskette right on your PC. (Does not convert PEEKs, POKEs, graphics, machine language calls or subroutines, or /CMD programs.)
Hardware Requirements: Tandy 1000 EX—384K.
Support: Powersoft.
90-3212 ..... 89.95

BORLAND INTERNATIONAL

Turbo Database Toolbox

PC-Compatible

Description: Includes three problem-solving modules for Turbo Pascal database programs. Turbo Access quickly locates, inserts, or deletes records in a database, using B+trees—the fastest method for finding and retrieving database information. Turbo Sort, using the Quicksort method, sorts data on single items or on multiple keys. Turbo Sort features virtual memory management for sorting large data files. GINST (General Installation System) generates ready-to-run installation program that frees you from the need to adapt your software to specific terminals.
Support: Borland.
90-3046 ..... 69.95

BORLAND INTERNATIONAL

Turbo Editor Toolbox

PC-Compatible

Description: Now you can integrate a fast and powerful text editor into your Turbo Pascal programs. You are given easy-to-install modules, all the editing routines are included, complete with windows, block commands, and memory-mapped screen routines. It has features that word processing programs selling for several hundred dollars can't begin to match: RAM-based editor, multiple windows, multi-tasking, memory-mapped screen routines, support of DOS functions, and on-line spelling checking.
Support: Borland.
90-3044 ..... 69.95

TELEXPRESS™

XMENU

6000

Description: A software utility under TRS-XENIX that instantly gives your system a menu-driven interface for the system administrator. XMENU makes your system so easy it requires only limited knowledge about XENIX to operate it. Menus can also be easily set up and customized for all users on the system. XMENU performs most system administration functions with just a few simple keystrokes; functions like setting and configuring the TTY ports, displaying and killing active processes, file and directory functions, backup and restoration of files and execution of XENIX shell commands from the menu. In addition, a restricted menu option is available to limit a user's access to the menu and its options only. Menus are easily created with a menu editor.
Support: Telexpress, Inc.
90-0415 ..... 150.00

TELEXPRESS™

XPD

6000

Description: A print utility for TRS-XENIX. XPD gives the user the ability to easily direct printer output from any port to any other port. The system includes a print monitor mode, allows print files to be QUEUED and printed at a later time, either selectively or batched as single or multiple copies. The monitor mode also allows full printer control at the terminal, allowing the user to pause between pages, control queue operations and even adjust forms. A terminal can be set up as a dedicated printer device, or a printer can be hooked directly to any TTY port. XPD will work with any application that can call the system spooler, SCRIPSIT-16 version 1.1 and the XENIX COBOL applications version 3.0.
Support: Telexpress, Inc.
90-0252 ..... 250.00

EXECUTIVE SYSTEMS, INC.

XTREE

PC-Compatible

Description: XTREE is a powerful graphic file and directory management program. It is designed to simplify file and directory handling by providing single keystroke commands to access, delete, rename, view, move, list, or print any and all files within any and all directories on a floppy and hard disk. With it, MS-DOS users can instantly see a complete disk directory in one single display. All of XTREE's commands are clearly shown in the on-screen menu at all times. XTREE's initial screen is organized into sections that display directories, subdirectories, files and valuable statistical information. At any time, users can see every file on a disk, regardless of the directory it's in.
Support: Telexpress, Inc.
90-0366 ..... 49.95

Word Processing

PROSOFT

Allwrite

4

Description: A full-function word processor. Commands and controls are English words and on-screen markups. It is ideal for students, teachers, attorneys and professional writers.

PC-Compatible/2000. 25-1158 ..... 24.95

Dac-Easy Word

PC-Compatible

Description: Dac-Easy Word is loaded with features that give a whole new definition to word processing with windowing, automatic hyphenation, mailmerge, word search and more. In minutes you'll be creating, editing and formatting text in ways you never imagined.
Support: Provided by DAC Software, Inc. for a nominal charge.
90-0151 ..... 49.95

CORNUCOPIA SOFTWARE Electric Webster Correction Feature

4

Description: An integrated enhancement to the Electric Webster Spelling Checker (90-0262). After the Spelling Checker identifies a list of potential errors, the Correction Feature displays each error individually and offers a menu of correction options. Integrates with SuperSCRIPSIT (26-1595), SCRIPSIT (26-1596), Allwrite (90-0242), and LeScript (90-0231).
Support: Cornucopia Software.
90-0261 ..... 59.95

CORNUCOPIA SOFTWARE Electric Webster Dictionary and Speller

PC-Compatible/2000

Description: Proofreads documents and typographical errors by comparing the text of your document to a built-in 50,000 word dictionary. Automatic Hyphenation feature determines where a word might be hyphenated. Grammar and Style Checker helps find "trouble spots" in your documents.
Support: Cornucopia Software.
90-0338 ..... 169.95

CORNUCOPIA SOFTWARE Electric Webster Spelling Checker

4

Description: Compares the words in your document to a built-in 50,000-word dictionary and displays all potential errors. Integrates with SuperSCRIPSIT (26-1595), SCRIPSIT (26-1596), Allwrite (90-0242), and LeScript (90-0231).
Support: Cornucopia Software.
90-0262 ..... 89.95

Elite Software Elite*Spel

Color Computer

Description: A super-fast dictionary program for Elite*Word (90-0184). It's compatible with standard ASCII files, too. Elite*Spel "reads" your text and checks it against a 20,000-word dictionary. The program can also learn up to 4,000 of your own words. Other features include easy-to-use menu commands, a single-pass dictionary search, and corrections to your text in a batch or interactive mode.
Hardware Requirements: 32K and one disk drive.
Support: Elite Software.
90-0185 ..... 39.95

Elite Software Elite*Word

Color Computer

Description: Offers two text entry modes (Insert and Exchange), true block text moves, a screen display with true upper/lowercase characters and "smooth scroll" for easier proofreading. There is a "View" function that gives you a high-resolution screen display (64×19) of your final text before printing. Includes right-side justification, margin changes, page numbering and page breaks.
Hardware Requirements: Disk: 32K and one disk drive. Cassette: 32K.
Support: Elite Software.
Color Computer (Disk). 90-0184 ..... 69.95
Color Computer (Cassette). 90-0183 ..... 69.95

Broderbund Software® ForComment

PC-Compatible

Description: The first personal computer software enhancement product to manage the process of document review and comment. It works with the major PC-compatible word processing programs to allow a group of people to make comments on—or suggest revisions to any prepared text. ForComment permits dialogue on issues, ideas, agendas, and policies without formal meetings.
Support: Provided for a limited time at no charge by Broderbund, after which a nominal fee is charged.

TANDY SCRIPSIT 286

XENIX 3000

Description: A multi-user program allowing several users to cooperate in the preparation of a document—one person can create, the others edit and proof. Print queuing and background printing allow all users to share a single high-quality printer. Includes all the features of a dedicated word processor, as well as multiple font styles within a document, column math and manipulation, boilerplating, and mail merge. Includes a built-in spelling verifier/corrector based on *The American Heritage Dictionary* from Houghton-Mifflin, which not only highlights misspelled words, but will provide the correct spelling.
Hardware Requirement: 640K.
Support: Radio Shack.
25-4213 ..... 499.00

TANDY SCRIPSIT Dictionary

II

Description: Check your documents against a 100,000-word list to find typos and misspellings. You can also create your own list of proper names and often-used words and abbreviations. Also performs automatic hyphenation.
Support: Radio Shack.
26-4534 ..... 199.00

TANDY SCRIPSIT Plotter Driver

II

Description: Add clarity to reports and transparencies. Print nine character sizes in six colors. Draw boxes, straight lines, underlines, sub-and superscripts. Requires SCRIPSIT (26-4531) and the Multi-Pen Plotter.
Support: Radio Shack.
26-4536 ..... 49.00

TANDY SCRIPSIT PRO

4

Description: Similar to Model 4 SuperSCRIPSIT, but with these additional features: windows for viewing two documents simultaneously, chaining of document modules, boilerplating, footnoting, manipulation of columns of text, access to DOS commands from within the program and a dictionary for finding misspelled words.
Hardware Requirements: 128K and two disk drives.
Support: Radio Shack.
26-1601 ..... 249.95

TANDY SCRIPSIT Speller

XENIX 6000

Description: A spelling system based upon *The American Heritage Dictionary* published by Houghton Mifflin Company. Contains over 74,000 words and allows the creation of up to three separate user lists. Highlights misspelled words to be edited or replaced with similar words found by the program. Will also hyphenate words within your document automatically. Requires SCRIPSIT 16.
Support: Radio Shack.
26-6434 ..... 249.00

TANDY SCRIPSIT Utilities

II/12

Description: Allows you to move columns of text and numbers, as well as get totals, subtotals and averages of numerical columns automatically. You can also copy often-used text stored in a special "boilerplate" utility without closing the document you're in. A communications utility lets you transmit and receive documents by phone (requires modem). Requires SCRIPSIT (26-4531 or 26-4845).
Hardware Requirements: Two disk drives.
Support: Radio Shack.
26-4532 ..... 129.00

Stylo-Graph

Color Computer

Description: Get very sophisticated word processing functions with less keyboard commands than other word processing systems. "Dynamic screen formatting" creates text on the screen in the same way it will appear on the printed copy. Also supports true proportional-spaced printing.
Hardware Requirements: 64K, one disk drive and OS/9.
Support: Stylo Software, Inc.
90-0195 ..... 99.95

TANDY SuperSCRIPSIT

4

Description: Offers standard editing and block manipulation options, plus many advanced features. Supports underlining, boldface, super and subscripts, and more. Allows programmable user keys, proportional spacing and justification, multicolumn printing, multiple format lines, file merging, on-screen format line, user print codes for special characters, headers and footers, and more.
Support: Radio Shack.
Model 4. 26-1595 ..... 199.00

Telewriter-64

Cognitec

Color Computer

Description: A full-featured word processor well suited for educational or home use, as well as professional applications. Features three screen displays, 51 x 24, 64 x 24 and 85 x 24; word wrap; global search and replace; block copy and delete; full margin control; and embedded codes for your printer.
Support: Cognitec.
Cassette. 90-0253 ..... 49.95
Disk. 90-0254 ..... 59.95

Text Power

TANDY

200

Description: Turns your Tandy 200 into a true word processor with far more power and features than the built-in TEXT function. Includes advanced formatting capabilities and print features.
Support: Radio Shack.
26-3881 ..... 39.95

TSEDIT

TANDY

Color Computer

Description: A full-screen text editor featuring 32 characters per line by 16 lines or 80 characters per line by 32 lines. Includes side scrolling, global editing, multiple file merging, and other special commands. Requires OS-9 operating system.
Hardware Requirements: 64K and disk drive.
Support: Radio Shack.
26-3264 ..... 34.95

TSSPELL

TANDY

Color Computer

Description: Like having a dictionary constantly at the ready! TSSPELL is a spelling checker/corrector designed to run in conjunction with TSEDIT. TSSPELL compares each word in a given text file against an on-line dictionary derived from two files—a standard dictionary as well as a file of user-specific words. Requires OS-9 operating system.
Hardware Requirements: 64K and disk drive.
Support: Radio Shack.
26-3266 ..... 39.95

TSWORD

TANDY

Color Computer

Description: A format program that forms a powerful OS-9 word processing package when combined with TSEDIT (26-3264). View the graphic layout of your document, change format standards and see effects instantly. Includes illustrated menus. Requires OS-9 operating system.
Hardware Requirements: 64K and disk drive.
Support: Radio Shack.
26-3267 ..... 34.95

Turbo Lightning

BORLAND INTERNATIONAL

PC-Compatible

Description: Turbo Lightning doesn't get in the way, but it's always there—waiting. Ready to give you instant alerts to any spelling errors. You instantly hear a "beep" to alert you to any mistake, and a window immediately displays a selection of words similar to your mistake for a quick correction.
Support: Borland International.
90-3015 ..... 99.95

Varsity SCRIPSIT

TANDY

PC-Compatible/2000

Description: An exciting word processing program that will fit your needs either at home or at the office. Suitable for almost any task from a simple book report to a complex business proposal. Includes split-screen, footnoting, macros, ability to create a table of contents, and a spelling system based on *The American Heritage Dictionary* published by Houghton-Mifflin Company.
Hardware Requirements: 384K.
Support: Provided by Radio Shack for a nominal fee.
25-1174 ..... 99.95

VIP Writer

VIP TECHNOLOGIES

Color Computer

Description: The result of two years of research, the VIP Writer is on of the most powerful, the fastest, most dependable and easy-to-use word processor available. Shows exactly how the printed page will appear, showing centered line headers, footnotes, and margins in line lengths of up to 240 characters. Edit any BASIC program or ASCII textfile. Features automatic justification, pagination, centering, flush right, underlining, and others.
Hardware Requirements: 32K and disk drive.
Support: SD Enterprises.
90-0141 ..... 69.95

VOLKSWRITER 3.0

LIFETREE SOFTWARE INC.

PC-Compatible

Description: It is the combination of being both full featured and easy to use that makes Volkswriter 3.0 unique. Includes one of the most literate spelling functions available. Not only does this powerful program check for spelling and typographical errors—it makes corrections, hyphenates and reformats your copy automatically—all in one operation. Includes sorting, TextMerge and math operations.
Hardware Requirements: 384K and two disk drives.
Support: Lifetree Software.
90-0515 ..... 295.00

Volkswriter Deluxe Plus

LIFETREE SOFTWARE INC.

PC-Compatible

Description: A word processor that concentrates on ease-of-use. It offers powerful features like a spelling checker with a dictionary of more 100,000 words that catches capitalization errors and repeated words, and lets you add 2,900 words of your own; automatic and manual reformatting; boldface, underlining, and centering shown on the screen; and simple to use formatting features that guarantee your document's best appearance every time. It also offers TextMerge™ for creating personalized form letters and mailing labels, and NotePad™ for recording notes without interrupting your work.
Hardware Requirements: 384K and two disk drives.
Support: Lifetree Software.
90-3101 ..... 99.00

Volkswriter Scientific

LIFETREE SOFTWARE INC.

PC Compatible

Description: A truly interactive scientific word processor, which allows you to compose text and complex mathematical or scientific formulas on-screen as they will appear when printed. On-screen special effects include boldface, italics, medium and large font sizes, micro-proportional spacing and microjustification. Special characters—made with a maximum of two keystrokes—include the Greek and Roman alphabets, subscript and superscript numerals, and mathematical and scientific symbols. Near typeset quality can be achieved, even when using a dot-matrix printer.
Hardware Requirements: 384K and two floppy disk drives.
Support: Lifetree Software.
90-0295 ..... 495.00

Telewriter/TM Cognitec. Turbo Lightning/TM Borland. VIP Writer/TM VIP Technologies. Webster's New World Spelling Checker, Webster's New World Thesaurus/TM Simon & Schuster. Windows Spell/TM Palantir Software. Words & Figures, Volkswriter Deluxe Plus, Volkswriter Scientific/TM Lifetree Software.

Webster's New World Spelling Checker

PC-Compatible

Description: Based on Webster's New World Dictionary, includes a database of over 114,000 words. This is more than a spelling checker; Webster's allows addition of special terminology to database of words, view of document while corrections are made, and 10 possible corrections for each misspelling.
Hardware Requirements: Two floppy drives (hard disk recommended.)
Support: Simon & Schuster Software.
90-3104 ..... 59.95

Webster's New World Thesaurus

PC-Compatible

Description: Provides the most appropriate word in a given context. It even finds synonyms for phrases and hyphenated words. With Webster's, the perfect word is now only a keystroke away.
Hardware Requirements: Two floppy drives (hard disk recommended.)
Support: Simon & Schuster Software.
90-3105 ..... 69.95

Windows Spell

PC-Compatible

Description: Lets you spell check most types of windows documents, including complex formats like Windows Write, Windows Draw, and In-a-Vision. Let Windows Spell check one document while you're editing another document or working with any other Windows application. Create your own dictionary of technical words. Requires Microsoft Windows.
Hardware Requirements: 512K and hard disk.
Support: Palantir Software.
90-3088 ..... 79.95

WordPerfect

PC-Compatible/2000

Description: A full-featured word processor. It features full merge capabilities; a phonetic spelling checker with a 120,000-word dictionary; extensive cut and paste features, including block highlight; full printer control; and a color-coded template that uses all ten function keys. The color coding corresponds to the color-coded manual. WordPerfect also features expanded footnote and endnote capabilities, date insertion, redline and strike-out printing, table of contents and index generation, and automatic outline and paragraph numbering.
Hardware Requirements: 384K and two floppy drives.
Support: WordPerfect.
PC-Compatible. 25-1176 ..... 495.00
Tandy 2000 (Version 4.1) 90-0100 ..... 445.00

WordPerfect, Junior

PC-Compatible

Description: Developed for the novice user, features can be understood and mastered by a beginner, while offering a broad range of word processing functions. The 50,000-word speller can check a single word during text entry or it can check the entire document in one pass.
Support: WordPerfect
90-3182 ..... 89.00

WordPerfect Network

PC-Compatible

Description: Utilize your local area network (LAN) by sharing the power and flexibility that the stand-alone version of WordPerfect is known for. It is fully compatible with Novell NetWare 4.6, AST-PCnet, 3Com Etherseries and the IBM PC Network. Additional workstations are required for each additional user on the network.
Hardware Requirements: 512K per workstation.
Support: WordPerfect.
Network. 90-1632 ..... 695.00
Additional Workstations. 90-1633 ..... 150.00

WordStar 2000 Plus

PC-Compatible

Description: Offers many advanced features, such as windowing, predesigned page formats, sorting, five-function math, footnote and endnote capabilities, automatic outline and paragraph numbering. In addition, WordStar 2000 Plus includes telecommunications, mailing-list database, and automated indexing/table-of-contents generation. Send documents via electronic mail or access on-line information services using telecommunications. Includes network support.
Hardware Requirements: 384K and two floppy drives (hard disk recommended.)
Support: MicroPro.
90-0511 ..... 395.00

WordStar Professional Release 4

PC-Compatible

Description: This new release includes over 125 enhancements and built in network support, yet retains the classic look and commands of the original. Release 4 is a must for those currently using earlier releases of WordStar (Release 4 converts all files created with previous versions of WordStar). It's also ideal if you own a floppy-disk system with limited memory, or if you're interested in taking advantage of the many add-on products designed to work with WordStar.
Hardware Requirements: 384K and two floppy drives.
Support: MicroPro.
90-3183 (Avail. 9/30/87) 395.00
Additional Workstation. Required for each additional user of WordStar Professional Release 4 when used in a Workgroup.
90-3184 ..... 150.00

Words & Figures

PC-Compatible

Description: This Lotus 1-2-3 (1A) compatible spreadsheet supports 8087/80287 math co-processors and allows larger spreadsheets (256 x 9999 cells) using a sparse matrix and Expanded Memory (optional). Integrated with a "hot-linked" word processor to create memos, allow incorporation of "live" worksheet data directly into a document.
Hardware Requirements: 384K and two floppy drives.
Support: Lifetree Software.
90-3176 ..... 99.00

WRITE ROM

102

Description: Based upon the popular Scripsit 100 (26-3830), and includes over 60 features: function key formatting, dot commands, search and replace, underlining, boldface and other special printer fonts. WRITE ROM's Merge, Library, Interactive Form and Pixel Mapping features give you capabilities beyond some dedicated desktop word processors.
Support: Portable Computer Support Group.
90-0414 ..... 99.95

Why Tandy Computers?

Because there is no better value.™

Quality.
Reliable performance is our design objective. Our engineering team takes pride in the exceptional quality they can produce utilizing our proprietary test equipment. The result: a 33,000-hour mean time between failure.

Compatibility.
Our MS-DOS® based computers are the best-selling PC compatibles in America. Tandy 286 and 386-based business systems are OS/2™ ready as well.

Technology.
Innovative design, custom circuitry and distinguishing features make our computers more than just clones. Plus, every Tandy desktop computer is designed and built in our own USA manufacturing plants.

Connectivity.
Tandy PC compatibles can be linked into a workgroup for communications with other PCs and mainframe computers alike.

Longevity.
Technology has been our business for sixty-seven years. In 1977, we became the first company to successfully manufacture and market a personal computer—nobody's been in the business longer.

High performance, great prices and the best service and support in the industry.

Tandy Computers:
Because there is no better value.

Radio Shack®

RSC-19

We've expanded our Tandy 1000 line to give you a better selection than ever of our most popular family of MS-DOS computers. Each model is designed, manufactured and quality tested in our own U.S. facilities. The new Tandy 1000 HX (top) features MS-DOS in ROM for ease of use. The new Tandy 1000 TX (bottom), offers high-speed "286" performance. Both systems feature a compact 3½" disk drive and complement our ever-popular Tandy 1000 SX and Tandy 1000 EX—America's best selling PC compatibles.
