Extended Service
Plans

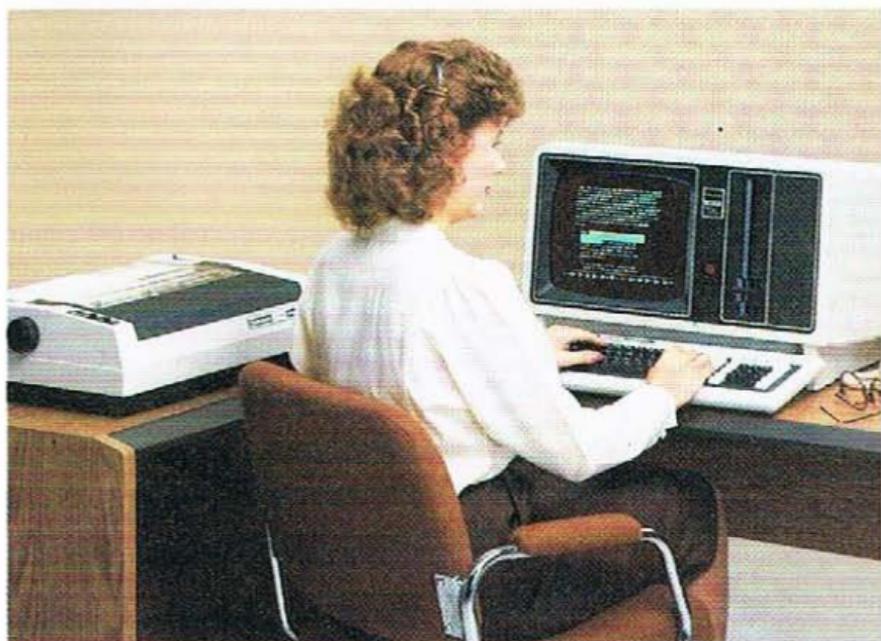

Radio Shack's Commitment

Radio Shack's ability to service what it sells distinguishes our company from others in today's microcomputer market. Because of our commitment to you, Radio Shack has developed the most advanced service network in the industry and is able to provide fast, efficient and affordable service to all owners of Tandy/Radio Shack computer systems.

The Radio Shack Nationwide Service Network

Radio Shack's service operation supports the needs of customers throughout the United States with:

- Authorized, factory-trained computer technicians in more than 300 conveniently located Radio Shack Service Centers in the contiguous United States, Hawaii and Puerto Rico.
- A national parts inventory of more than 64,000 stock items, ensuring total support for all customers.
- Our National Technical Support group, providing the most advanced training and advice to the technician servicing your valued equipment.

Service Agreement Options

An Extended Service Plan is available for every Tandy/Radio Shack system. Many owners can choose between On-Site or Carry-In plans.

ON-SITE

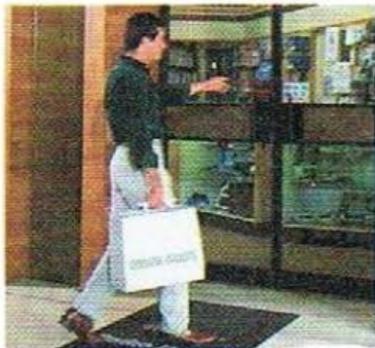

The On-Site Extended Service Plan cuts down-time with:

- Priority, On-Site Service
- Scheduled Preventive Maintenance
- Inflation Protection
- No Surprise Repair Bills
- Full Coverage for Parts, Labor and Mileage

The On-Site plan is perfect for owners who need high-priority service at their location.

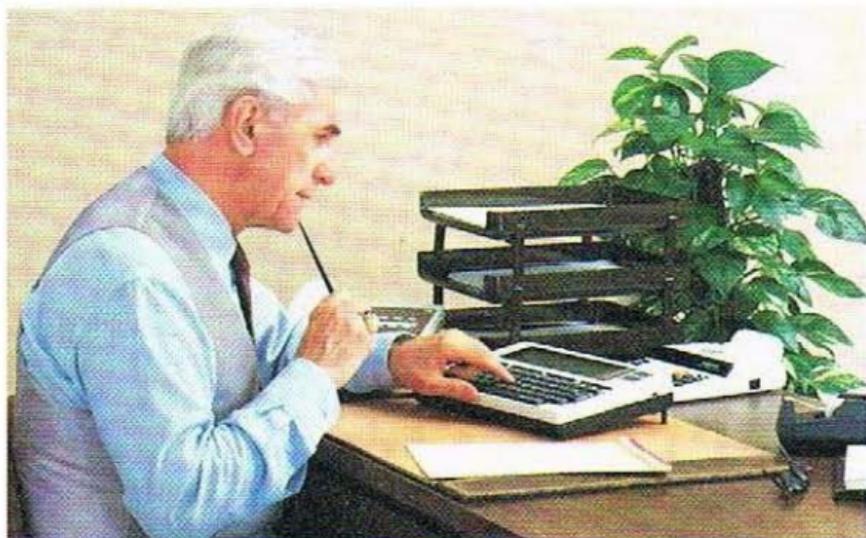

CARRY-IN

The Carry-In Extended Service Plan is our most popular and affordable service agreement. Tandy/Radio Shack equipment owners with Carry-In agreements receive unlimited remedial service by taking their equipment to any Radio Shack store and picking it up when service has been completed. The Carry-In Extended Service Plan gives Tandy/Radio Shack equipment owners these advantages:

- Priority Carry-In Repair
- Inflation Protection
- No Unexpected Repair Bills
- All Parts and Labor Covered
- Affordable Protection for All Tandy/Radio Shack Owners

Additional support for your Tandy/Radio Shack system is available when you take your equipment to our ever-increasing number of Business Products Service Centers. Now located in more than 40 major cities, these efficient service centers will help avoid transportation delays and provide the fastest service for your equipment.
