# SUPER·HOST

TRS-80[1] Model I 32K

DISK

If you need to communicate with your TRS-80 from afar, or if you want others to be able to access your system, SUPER-HOST is the answer to your problems.

SUPER FEATURES!

- SUPER-HOST runs on TRSDOS[1], NEWDOS 2.1[2], or NEWDOS-80[2]
- Fixes calendar date function on NEWDOS 2.1[2] and NEWDOS-80[2]
- Keeps track of the correct date and time even after reboot or system reset.
- Data-in and data-out translation tables.
- Masks out undesirable characters, i.e. BREAK.
- Comm-line out translation table gives the user the ability to customize his transmissions to conform to other systems' requirements.
- All user definable functions can be manipulated while the system is active.
- Limit access through password entry.
- OPTIONAL FEATURES
- Lowercase driver.
- Uppercase lock for incoming data and independent uppercase lock on outgoing data.
- Sets nulls and line feed.
- Automatic disconnect upon loss of carrier.
- System will automatically disconnect after 5 minutes without activity.
- Use your printer to maintain a record of callers.
- Price: $29.95 (disk only).
