Description

The Radio Shack Level I Payroll maintains employee records and calculates the required information for manually writing paychecks.

Format

The package includes two program cassettes, six blank data tapes and manual in a three-ring binder.

Minimum Hardware Required

• 4K Level I TRS-80 Computer System

Limitations

• 11 Employees in 4K TRS-80 s
• 177 Employees in 16K TRS-80 s
• Numbers larger than $9999.99 are rounded to six significant digits.

Detailed Description

You supply the computer with information on tax rates and quarter-to-date and year-to-date information as well as information about each employee. On payday simply load the PAYROLL CHECKS program. Insert the Payroll Data Tape and enter employee hours. The computer will calculate and display appropriate tax deductions including quarter and year-to-date totals. Write the Payroll check and go on to the next employee. You will be given an opportunity to add new employees, process their information and create a new data tape.
