### Problem

When you update an active account other than GL account #5, the GL report shows it as a cash account rather than an accrual. The following line changes must be made to the program "CHECKS".

### Solution

The problem is corrected by following the steps listed below.

1. Backup the diskette(s) and make the changes on the Backup copy of the program.
2. In BASIC load the program by typing LOAD"CHECKS".
3. Make the following corrections:
