| Model | II |
| Stock No. | 26-4531 Ver. 02.01.00 |
| Date | December 17, 1982 |
| Page 1 of | 1 |

Problem

The new DMP series of printers and the DWP-410 Daisy Wheel have necessitated a modification to SCRIPSIT 2.0 adding the drivers for the new printers.

* * THE FOLLOWING CHANGE IS REQUIRED! * *

Solution

Customer Service Bulletin 4531-14 contains patches to correct several problems. It does change the version number to 2.1. However, the drivers to the printers are not included. In order to have this, you must modify your SCRIPSIT 2.0 with the no charge upgrade, stock number 700-2036.
