A Division of Tandy Corporation

1600 ONE TANDY CENTER, FORT WORTH, TEXAS 76102

December 15, 1980

TO: All Franchise and ASC Stores

FROM: R. R. Lynch

SUBJECT: IMPORTANT RECALL NOTICE

The letter on the reverse side is being sent to all known owners of the QUME 26-1157A Daisy Wheel Printer.

If you have sold a QUME to a customer, or if you know that one of your customers is using a QUME, contact that customer immediately. Request that the customer pull the plug on the printer and get service as soon as possible.

If our records show that you have been shipped a 26-1157A, and we do not have a record of the customer to whom the printer was sold, we will send YOU a letter requesting information on the location of the printer.

If you have one or more QUME printers in stock, UNPLUG them, take them off the display floor, and get the units modified as soon as possible.

This recall is very important and your fullest and prompt cooperation is needed.

If a customer brings in a QUME printer to your store send it to your Service Center, which will perform the needed modification without charge.
