

MAY FLYER

269 9006 16K LII CPU
269 9202 GREEN SCREEN MONITOR

Our last shipments of these items are now in the warehouse. Do not issue any rain checks for them as when the current stock is depleted we will not be reordering.

As with all our products, service backup and software support will continue and accessories such as expansion interface, disk drives, etc will continue in our line of products to give your customer the opportunity to expand into the business configuration.

Model I has been a milestone in our growth, both as a company and in customer awareness, so get behind the May Promotion and give it a Royal send off.

Model I disk drives.
